## **Reformed Worship:**

**Worship, Revised and Expanded Edition** Hughes Oliphant Old, 2002-07-30 Hughes Oliphant Old masterfully summarizes the worship of Israel and the early church and traces the development of worship through the period of the Reformation. He provides a sterling historical study that will be highly useful for pastors and church study groups as well as for scholars and students interested in Reformed worship. An extensive bibliography of resources for the study of Reformed worship adds to the value of this book.

**Christian Worship in Reformed Churches Past and Present** Lukas Vischer, 2003. Worship renewal is now on the agenda of many Reformed churches as the need for adaptation and new approaches is acutely felt all over. How can the church faithfully worship God in the midst of rapidly changing situations? How can it constructively relate to widely differing cultural contexts? What is its place in the wider ecumenical scene? In preparing a sweeping survey of Reformed worship across time and place, this volume provides some help to those engaged with vital questions like these. Written by theologians and liturgical scholars from a wide range of churches and countries, these chapters explore the history of Reformed worship on every continent from the sixteenth century to the present. Surveying the most significant developments in the growth of Reformed worship, the book identifies the major ingredients that make the Reformed worship tradition distinctive and highlights those aspects of Reformed worship that are particularly relevant to present efforts at renewal. Indeed, an important component of this book is the inclusion of *A Common Reflection on Christian Worship in Reformed Churches Today*, the result of a major consultation in January 2001 at the International Reformed Center, John Knox. Revealing the rich variety of forms and diversity of perspectives that have made and do make up Reformed worship worldwide, this volume will be a valuable resource for church and worship leaders both in and outside the Reformed family.

*The Patristic Roots of Reformed Worship* Hughes Oliphant Old, 2023-12-29. The first part of this work describes the development of Reformed Worship from 1500-1542. The story begins with liturgical reforms of the Christian Humanists in Alsace, continues through the establishment of the first Protestant worship services in the Swiss cities of Zurich and Basel, joins with the currents of French evangelical thought flowing from Meaux, and finally reaches Geneva with the publication of Calvin's first psalter. Reformed worship is presented as the fruit of an inner church liturgical renewal movement begun well before the Reformation, which was then cultivated by the Rhineland Protestant Reformers. In order that we might be clear about how patristic literature affected this process, we turn next to discover what the Reformers knew about the church fathers. We show evidence of the impressive patristic knowledge of such men as Zwingli, Bucer, Hedio, Oecolampadius, and Calvin. An extensive bibliography of patristic editions known and used by the Reformers concludes the

second part of the book Finally we analyze each element of Reformed worship to show its development and to indicate its scriptural and particularly its patristic roots The Prayer of Confession the Prayer of Intercession the Communion Invocation and the Benediction are studied to show their liturgical purpose How the Reformers understood their use of the lectionary the sermon psalmody and hymnody is presented in the light of their understanding of the practice of the ancient church

Identifying and evaluating the characteristics of the Reformed tradition in worship this book surveys the history of worship in the Reformed tradition from the sixteenth century to the present time Worship in this book indicates a focus on the regular Lord's Day worship services of preaching and Holy Communion with some reference to weekday worship The changing balance of function in public worship whether evangelistic educational or expressive is explored as well as the felt self concerns of the local congregation and the shared heritage with the church catholic The author believes that worship is but one aspect of the life of religious service and must be seen in relation to the total ministry of a religious community He attempts to interpret the Reformed tradition as expressing the prophetic personalist religion of revelation Non theological factors political sociological cultural are also viewed as essential ingredients in the equation The structure of the book is chronological beginning with the formation of the Reformation liturgies and tracing these patterns through the phases of Puritanism evangelicalism rationalism and romanticism Roman Catholicism Lutheranism and Anabaptism are compared and explored but the central theme is the worship of the Reformed churches of the Continent and the major denominations of the English speaking world seen ecumenically The author shows that through the changing forms of its corporate praise the Reformed tradition has been distinctively Biblical and personal The worship of these churches has been an expression of a highly verbal emotionally disciplined intellectually critical mentality The Reformed he claims have always laid chief weight on what is now most crucial the actualization of fully responsible personal existence before God This understanding of the history of Reformed worship points up the factors and dimensions to be considered today

Endorsements Liturgical Presbyterians No this is not an oxymoron D G Hart has written a lively polemic against the well intentioned dumbing down of worship by advocates of church growth This book is going to make some people very mad and it will make others very glad Those who have thrown away the theological substance of the great Reformed tradition of Christian worship ought to be mad Hart shames them And yet for those whose privilege it is to praise and serve God in a church that enjoys the Reformed way of worship in all its depth glory and joy this book is a great summons to faithfulness in our time WILLIAM H WILLIMON Duke Divinity School Beginning to realize just how much they have been shaped by non Reformed influences conservative Presbyterian and Reformed churches are now being forced to decide between a generic low church Protestantism a high church tradition or oddly enough a more traditional Reformed and Presbyterian approach D G Hart believes that Reformed theology provides resources not only for understanding that we are saved but also for how we worship and mature in the Christian faith There's a lot of wisdom here and whether one agrees or disagrees with Hart his well considered arguments cannot be responsibly ignored by adherents of Reformed Christianity MICHAEL HORTON Editor

Calvin in the sixteenth century for Barth in the early twentieth century for the formation of the Worshipbook and the Book of Common Worship in the late twentieth century and it remains true today Given this reality he argues we need to make conscious theological choices for the language and images that we use in worship
