Social Reproduction Theory Tithi Bhattacharya, 2017-10-20 This groundbreaking collection explores the profound power of Social Reproduction Theory to deepen our understanding of everyday life under capitalism While many Marxists tend to focus on the productive economy this book focuses on issues such as child care health care education family life and the roles of gender race and sexuality all of which are central to understanding the relationship between economic exploitation and social oppression In this book leading writers such as Lise Vogel Nancy Fraser David McNally and Susan Ferguson reveal the ways in which daily and generational reproductive labour found in households schools hospitals and prisons also sustains the drive for accumulation Presenting a more sophisticated alternative to intersectionality these essays provide ideas which have important strategic implications for anti capitalists anti racists and feminists attempting to find a path through the seemingly ever more complex world we live in

Mainstreaming Ageing Asghar Zaidi, 2017-09-29 The Madrid International Plan of Action on Ageing MIPAA adopted at the Second World Assembly on Ageing is the first international agreement that specifically recognises the potential of older people to contribute to the development of their societies In monitoring its implementation two key approaches are evident a qualitative bottom up participatory approach and an approach that uses quantitative indicators to monitor sustainable progress and policies With the European Centre for Social Welfare Policy and Research playing a pivotal role in the monitoring of the implementation process one of its key tasks has been to develop a list of indicators of achievement This book contains extended and revised versions of policy briefs and background papers that support the implementation monitoring process The analyses included in these chapters make concrete suggestions towards quantitative indicators with the aim of assisting national governments in mainstreaming ageing in their policies The contributors provide an overview of the current situation with respect to population ageing and its consequences and also provide projections for the future The book also includes the final list of quantitative indicators that arose out of consultations with international experts related to the four main topics addressed demography income and wealth labour market participation and social protection and financial sustainability

Informality and the Challenge of Pension Adequacy: Outlook and Reform Options for Peru Christoph Freudenberg, Frederik Toscani, 2019-07-11 Past reforms have put the Peruvian pension system on a largely fiscally sustainable path but the system faces important challenges in providing adequate pension levels for a large share of the population Using administrative microdata at the affiliate level we project replacement rates in the defined benefit DB and defined contribution DC pillars over the next 30 years and simulate the impact of various reform scenarios on the average level and distribution of pensions In the DB pillar the regressive minimum contribution period should be rethought while in the DC pillar a broadening of the contribution base and or an increase in contribution rates would help increase replacement rates relative to the baseline forecast of 25 33 percent A higher net real rate of return than assumed in the baseline would also have a significant positive impact In the medium term labor market reform to tackle informality and a

broad pension reform to restructure the system and avoid competition between the DB and DC pillars should be a priority Given low pension coverage having a strong non contributory pillar will remain important for the foreseeable future

Authoritarian Modernization in Russia Vladimir Gel'man, 2016-08-12 Post Communist Russia is an instance of the phenomenon of authoritarian modernization project which is perceived as a set of policies intended to achieve a high level of economic development while political freedoms remain beyond the current modernization agenda or are postponed to a distant future Why did Russia unlike many countries of post Communist Europe pursue authoritarian modernization after the Soviet collapse What is the ideational agenda behind this project and why does it dominate Russia's post Communist political landscape What are the mechanisms of political governance which maintain this project and how have they adopted and absorbed various democratic institutions and practices Why has this project brought such diverse results in various policy arenas and why have the consequences of certain policies become so controversial Why despite so many controversies shortcomings and flaws has this project remained attractive in the eyes of a large proportion of the Russian elite and ordinary citizens This volume intended to place some of these questions on the research agenda and propose several answers encouraging further discussions about the logic and mechanisms of the authoritarian modernization project in post Communist Russia and its effects on Russia's politics economy and society

The Futures of Old Age John A Vincent, Chris Phillipson, Murna Downs, 2006-05-15 What is the future of old age How will families services and economies adapt to an older population Such questions often provoke extreme and opposing answers some see ageing populations as having the potential to undermine economic growth and prosperity others see new and exciting ways of living in old age The Futures of Old Age places these questions in the context of social and political change and assesses what the various futures of old age might be Prepared by the British Society of Gerontology The Futures of Old Age brings together a team of leading international gerontologists from the United Kingdom and United States drawing on their expertise and research The book's seven sections deal with key contemporary themes including population ageing households and families health wealth pensions migration inequalities gender and self and identity in later life

Governing for the Long Term Alan M. Jacobs, 2011-03-28 In *Governing for the Long Term* Alan M Jacobs investigates the conditions under which elected governments invest in long term social benefits at short term social cost Jacobs contends that along the path to adoption investment oriented policies must surmount three distinct hurdles to future oriented state action a problem of electoral risk rooted in the scarcity of voter attention a problem of prediction deriving from the complexity of long term policy effects and a problem of institutional capacity arising from interest groups preferences for distributive gains over intertemporal bargains Testing this argument through a four country historical analysis of pension policymaking the book illuminates crucial differences between the causal logics of distributive and intertemporal politics and makes a case for bringing trade offs over time to the center of the study of policymaking
