

Refugees In International Politics

Gil Loescher

Refugees In International Politics:

Refugees in International Relations Alexander Betts, Gil Loescher, 2010-11-04 Refugees lie at the heart of world politics. The causes and consequences of and responses to human displacement are intertwined with many of the core concerns of International Relations. Yet scholars of International Relations have generally bypassed the study of refugees and Forced Migration Studies has generally bypassed insights from International Relations. This volume therefore represents an attempt to bridge the divide between these disciplines and to place refugees within the mainstream of International Relations. Drawing together the work and ideas of a combination of the world's leading and emerging International Relations scholars, the volume considers what ideas from International Relations can offer our understanding of the international politics of forced migration. The insights draw from across the theoretical spectrum of International Relations from realism to critical theory to feminism, covering issues including international cooperation, security and the international political economy. They engage with some of the most challenging political and practical questions in contemporary forced migration, including peacebuilding, post-conflict reconstruction and statebuilding. The result is a set of highly original chapters yielding not only new concepts of wider relevance to International Relations but also insights for academics, policy makers and practitioners working on forced migration in particular and humanitarianism in general.

Refugees in International Politics Leon Gordenker, 2023-02-01 Originally published in 1987, *Refugees in International Politics* explores the nature of forced migration. It sets out systematically the factors that set refugees in motion and explains how and why a flexible network of organizations copes with the inescapable results of their presence. It suggests measures to reduce both the human suffering involved in forced migration and the disturbing effects of international relations.

Refugees in International Relations Alexander Betts, Gil Loescher, 2011 Drawing together the work and ideas of a combination of the world's leading and emerging International Relations scholars, *Refugees in International Relations* provides a comprehensive and challenging overview of the international politics of forced migration.

REFUGEE CRISIS IN INTERNATIONAL POLICY - VOLUME IV - Refugees and International Challenges Hasret ÇOMAK, Burak Şakir ŞEKER, Mehlika Özlem ULTAN, Yaprak CİVELEK, Çağla ARSLAN BOZKUŞ, 2021-05-19 The fourth volume in this series contains insightful analyses on a variety of international problems within the context of the refugee issue. Contributions in this volume are as follows: Ahmet Sapmaz, *Refugees and Security*; Saadat Demirci, *Refugees Migration and Security Threats*; Hsien Akdeniz, *The Impact of Irregular Migration on Security in the Framework of Changing Security Context*; Mehmet Emin Erendor, *Refugees and Terrorism*; Burak Şakir ŞEKER and Hasret ÇOMAK, *Mena Versus Europe: Arising Dimensions of Mediterranean Maritime Security*; Cem Öltürk, *The Impact of Food Insecurity on Migration and Conflict in the Horn of Africa*; Burak Şakir ŞEKER and Hasret ÇOMAK, *Migration by Sea: Libyan Case and EU Approach*; Neziha Musaoğlu, *Demographic, Economic, Political and Legal Dimensions of the Russian Federation's Migration Policy*; Ainur Nogayeva, *Central Asian Fighters and their Families in Syria: Refugees or Terrorists*; Murat Pinar and Soyul Tam

The Oxford Handbook of Refugee and Forced Migration Studies Elena Fiddian-Qasmiyeh, Gil Loescher, Katy Long, Nando Sigona, 2014-06-12

Refugee and Forced Migration Studies has grown from being a concern of a relatively small number of scholars and policy researchers in the 1980s to a global field of interest with thousands of students worldwide studying displacement either from traditional disciplinary perspectives or as a core component of newer programmes across the Humanities and Social and Political Sciences Today the field encompasses both rigorous academic research which may or may not ultimately inform policy and practice as well as action research focused on advocating in favour of refugees needs and rights This authoritative Handbook critically evaluates the birth and development of Refugee and Forced Migration Studies and analyses the key contemporary and future challenges faced by academics and practitioners working with and for forcibly displaced populations around the world The 52 state of the art chapters written by leading academics practitioners and policymakers working in universities research centres think tanks NGOs and international organizations provide a comprehensive and cutting edge overview of the key intellectual political social and institutional challenges arising from mass displacement in the world today The chapters vividly illustrate the vibrant and engaging debates that characterize this rapidly expanding field of research and practice

The Refugee in International Society Emma Haddad, 2008-03-20 With the unrelenting unrest in places such as Iraq Afghanistan and the Sudan the plight of refugees has become an increasingly discussed topic in international relations Why do we have refugees When did the refugee problem emerge How can the refugee ever be reconciled with an international system that rests on sovereignty Looking at three key periods the inter war period the Cold War and the present day Emma Haddad demonstrates how a specific image has defined the refugee since the international states system arose in its modern form and that refugees have thus been qualitatively the same over the course of history This historical and normative approach suggests new ways to understand refugees and to formulate responses to them By examining the issue from an international society perspective this book highlights how refugees are an inevitable if unanticipated result of erecting political borders

The Politics of Refugee Policy in the Global South Ola G. El-Taliawi, 2024-06-15 Mass refugee movements represent a complex policy problem to host governments as they challenge existing socio economic and political structures While scholarship on refugee migration tends to centre on the Global North most refugees actually reside in the Global South where the capacity to provide assistance is limited Shifting the focus from

sensationalist rhetoric about mass migration to the North The Politics of Refugee Policy in the Global South provides a comparative analysis of Lebanon's and Jordan's responses to the Syrian refugee movement one of the largest displacements in modern history Through extensive interviews and process tracing Ola El Taliawi uncovers the complex realities of refugee hosting and the hard choices governments make in light of this challenge Building on the concept of complexity El Taliawi employs a unique methodology and analytical approach painting a nuanced picture of asylum provision and identifying a spectrum of refugee hosting models More than ever we need a better understanding of the unique politics of refugee policymaking in the Global South This incisive book offers key insights for effective governance and reform of the global refugee regime

The UNHCR and World Politics Gil Loescher, 2001-05-25 Over fifty years ago governments established the Office of the United Nations High Commissioner for Refugees UNHCR to protect the world's refugees The UNHCR was created to be a human rights and advocacy organization But governments also created the agency to promote regional and international stability and to serve the interests of states Consequently the UNHCR has always trod a perilous path between its mandate to protect refugees and asylum seekers and the demands placed upon it by states to be a relevant actor in world politics This is the first independent history of the UNHCR Gil Loescher one of the world's leading experts on refugee affairs draws upon decades of personal experience and research to examine the origins and evolution of the UNHCR as well as to identify many of the major challenges facing the organization in the years ahead A key focus is to examine the extent to which the evolution of the UNHCR has been framed by the crucial events of international politics during the past half century and how in turn the actions of the eight past High Commissioners have helped shape the course of world history Each chapter tells the story of an individual High Commissioner and examines the unique contributions made to the development of the Office The history of the last fifty years shows how the UNHCR has initiated and capitalized on international political developments to progressively expand its scope and authority as an important actor in world politics The book argues that the UNHCR has overstretched itself in recent decades and has strayed from its central human rights protection role The protection of refugees remains a litmus test of the international community's commitment to defend human rights and to uphold liberal democratic values Loescher offers a series of bold policy recommendations aimed at making the agency a more effective and accountable advocate for the millions of refugees in the world today

Deconstructing International Politics Michael Dillon, 2013 Michael Dillon is internationally regarded for his contributions by political philosophers international relations scholars and security studies experts as well as by philosophers more broadly It is difficult to overrate his importance to the development of critical deconstructive approaches not only in challenging traditional scholarship and addressing contemporary politics but in articulating new approaches and new thinking This book draws together some of his key works and is framed by an introduction written specially for the volume It is the first full length work to draw on the insights and techniques of deconstruction to analyse international relations Influenced primarily by Derrida it critiques the

cornerstones of international relations such as modernity the state the subject security and ethics and justice This volume will provide an invaluable resource for teaching at undergraduate and postgraduate levels on traditional international relations courses and on the increasing number of specialised courses in critical approaches Well designed and structured it is accessible to the novice as well as challenging for the specialist **The Routledge Handbook to Rethinking Ethics in International Relations** Birgit Schippers, 2020-05-21 Discussing cutting edge debates in the field of international ethics this key volume builds on existing work in the normative study of international relations It responds to a substantial appetite for scholarship that challenges established approaches and examines new perspectives on international ethics and that appraises the ethical implications of problems occupying students and scholars of international relations in the twenty first century The contributions written by a team of international scholars provide authoritative surveys and interventions into the field of international ethics Focusing on new and emerging ethical challenges to international relations and approaching existing challenges through the lens of new theoretical and methodological frameworks the book is structured around five themes New directions in international ethics Ethical actors and practices in international relations The ethics of climate change globalization and health Technology and ethics in international relations The ethics of global security Interdisciplinary in its scope this book will be an important resource for scholars and students in the fields of politics and international relations philosophy law and sociology and a useful reference for anyone who wishes to acquire ethical competence in the area of international relations **Forced Migration and Global Politics** Alexander Betts, 2009-07-08 Using real world examples and in depth case studies Forced Migration and Global Politics systematically applies International Relations theory to explore the international politics of forced migration Provides an accessible and thought provoking introduction to the main debates and concepts in international relations and examines their relevance for understanding forced migration Utilizes a wide range of real world examples and in depth case studies including the harmonization of EU asylum and immigration policy and the securitization of asylum since 9 11 Explores the relevance of cutting edge debates in international relations to forced migration **Refugees, Migration and Global Governance** Elizabeth G. Ferris, Katharine M. Donato, 2019-07-05 As debates about migrants and refugees reverberate around the world this book offers an important first hand account of how migration is being approached at the highest levels of international governance Whereas refugees have long been protected by international law migrants have been treated differently with no international consensus definition and no one international migration system This all changed in September 2016 when the 193 members of the United Nations unanimously adopted the New York Declaration on Refugees and Migrants laying the groundwork for the creation of governance frameworks for migrants and refugees worldwide This book provides a fly on the wall analysis of the opportunities and challenges of the two new Global Compacts on Refugees and Migration as governments international NGOs multilateral institutions and other actors develop and negotiate them Looking beyond the compacts the book considers

migration governance over time and asks the bigger questions of what the international community can do on the one hand to affirm and strengthen safe orderly and regular migration to help drive economic growth and prosperity whilst on the other hand responding to the problems caused by increasing numbers of refugees and irregular migrants This highly engaging and informative account will be of interest to policy makers academics and students concerned with global migration and refugee governance

Reconceiving International Refugee Law James C. Hathaway, 2023-07-24 Violence and other human rights abuses continue to force desperate people to migrate in search of protection Yet because the political and economic reasons that induced an historical openness to the arrival of refugees have largely withered away there is no longer a guarantee that any state will be prepared to receive these involuntary migrants Governments of both North and South are withdrawing from the international legal duty to provide potentially indefinite protection to any and all refugees who arrive at their borders The challenge is to reconceive refugee protection in a way that is reconcilable with the legitimate concerns of modern states yet which does not sacrifice the critical right of at risk people to seek asylum The essays in *Reconceiving International Refugee Law* offer a response to the concerns of many states that refugee protection has become no more than a back door route to permanent immigration and that its costs are not fairly apportioned among states Drawing on the research of leading migration scholars from around the world and vetted through dialogue with senior officials and non governmental experts this volume explores the potential for a shift to a robust and empowering system of temporary asylum supported by a pragmatic system of guarantees to share both the costs and human responsibilities of refugee protection

Afghanistan and International Relations William Maley, Ali Yawar Adili, Paul Lushenko, 2025-08-19 This book explores various dimensions of recent international relations scholarship taking the case of Afghanistan as a point of departure for discussion of these different themes Contributors investigate a broad range of topics including international relations theory the nature of global order othering discourses diplomacy international law the transformation of war terrorism gender politics social media state building democratisation refugee movements globalisation and historical lessons The Afghanistan case helps illuminate the complexities of all these areas of analysis and the book takes the analysis of Afghanistan in new directions Theoretically the authors interrogate the Afghanistan case s implications for international relations and vice versa by integrating multiple and complementary global or structural state or institutional and behavioural or leader centric lenses Conceptually the chapters bridge the gap between theory and practice thus reflecting the emergence of a problem oriented approach to international relations scholarship Methodologically the research design employed by the authors is best characterised as analytical eclecticism The majority of contributors originate from Afghanistan something which again makes this book notable and all three editors have extensive experience from time spent in Afghanistan Using the Afghan case to explicate the importance of the relevance of theory and its related concepts to international relations studies this book will be of interest to researchers in the field of international relations Asian and Middle East Studies

Beyond Charity: International

Cooperation and the Global Refugee Crisis Gil Loescher, 1996-08-08 With more than 18 million refugees worldwide the refugee problem has fostered an intense debate regarding what political changes are necessary in the international system to provide effective solutions in the 1990s and beyond In the past refugees have been perceived largely as a problem of international charity but as the end of the Cold War triggers new refugee movements across the globe governments are being forced to develop a more systematic approach to the refugee problem Beyond Charity provides the first extensive overview of the world refugee crisis today asserting that refugees raise not only humanitarian concerns but also issues of international peace and security Gil Loescher argues persuasively that a central challenge in the post Cold War era is to develop a comprehensive refugee policy that preserves the right of asylum while promoting greater political and diplomatic efforts to address the causes of flight He presents the contemporary crisis in a historical framework and explores the changing role of the Office of the United Nations High Commissioner for Refugees Loescher suggests short term and long term reforms that address both the current refugee crisis and its underlying causes The book also details the ways governmental structures and international organizations could be strengthened to assume more effective assistance protection and political mediation functions Beyond Charity helps frame the debate on the global refugee crisis and offers directions for more effective approaches to refugee problems at present and in the future

World Order from the People's Perspective in the Middle East Shingo Hamanaka, Hiroyuki Aoyama, Yutaka Takaoka, 2024-11-13 The Arab Spring demonstrated the crucial importance of understanding the political awareness and behavior of the general public This book employs original survey data to examine the political attitudes perceptions of international relations and experiences and preferences related to cross border migration among ordinary people in the Middle East We have conducted a decade long study of Middle East public opinion utilizing two research concepts The first is the political cognitive map which constructs the international system i e the relations among major powers from public opinion data The second is the experience and preferences of cross border migration which enables us to analyze the problems of immigration refugees and terrorist infiltration Through these two research concepts we have attempted to understand the order and dynamics of the Middle East region This book opens new horizons for the study of Middle Eastern politics

Refugees and the Asylum Dilemma in the West Gil Loescher, 2010-11-01 Rules for the World Michael Barnett, Martha Finnemore, 2012-04-15 Rules for the World provides an innovative perspective on the behavior of international organizations and their effects on global politics Arguing against the conventional wisdom that these bodies are little more than instruments of states Michael Barnett and Martha Finnemore begin with the fundamental insight that international organizations are bureaucracies that have authority to make rules and so exercise power At the same time Barnett and Finnemore maintain such bureaucracies can become obsessed with their own rules producing unresponsive inefficient and self defeating outcomes Authority thus gives international organizations autonomy and allows them to evolve and expand in ways unintended by their creators Barnett

and Finnemore reinterpret three areas of activity that have prompted extensive policy debate the use of expertise by the IMF to expand its intrusion into national economies the redefinition of the category refugees and decision to repatriate by the United Nations High Commissioner for Refugees and the UN Secretariat's failure to recommend an intervention during the first weeks of the Rwandan genocide By providing theoretical foundations for treating these organizations as autonomous actors in their own right Rules for the World contributes greatly to our understanding of global politics and global governance The Global Politics of Human Rights Miguelángel Verde Garrido, Philani Mthembu, Adam S.

Wilkins, 2020-07-13 Now available online The Global Politics of Human Rights Bringing the Universal Declaration of Human Rights UDHR into the 21st Century 2020 a publication from the Berlin Forum on Global Politics BFGP in collaboration with the Institute for Global Dialogue and the RECLAIM Universal Human Rights Initiative The Universal Declaration of Human Rights UDHR even more than 70 years after its adoption continues to provide the foundation for national and international laws concerned with human dignity and the universal and inalienable freedoms and claims of every person A living document the core principles enshrined in the UDHR are as relevant as ever to better the human condition and societies worldwide This collected volume is an open knowledge publication freely accessible under a Creative Commons license which includes 24 articles written by numerous well informed stakeholders from across the globe who include human rights scholars and practitioners experts and activists researchers and members of civil society and non governmental organizations It addresses particular aspects of the history of the UDHR the expansion and implementation of its Articles its role in the prevention of violence and its potential to address a changing world As a whole the publication serves two goals on the one hand it clarifies why the UDHR continues to be strongly relevant to the contemporary values dynamics and conditions of human rights in the 21st century and on the other hand it illustrates how the UDHR and its Articles can be further adapted and implemented to uphold and safeguard human rights even in times when global politics often follow the siren songs of populism authoritarianism nativism and extremism

Refugee Protection in Europe Joanne van Selm-Thorburn, 2023-08-21 This book addresses the issue of refugee protection in Europe drawing on the approaches taken to the crisis in former Yugoslavia to find lessons for future comprehensive policies Suitable for academics students and policy makers this book gives a comprehensive overview of the twentieth century history of refugee protection the relationship between protection and human rights and European integration in the asylum and immigration policy area The focus of the book is the development of comprehensive approaches to forced migration and particularly the emergence of temporary protection mechanisms in the European context Four specific national measures are analyzed and a model for future EU policy is advanced This model satisfies specified practical and theoretical requirements governing the role of protection in international relations and relations between individuals and states

The Enigmatic Realm of **Refugees In International Politics**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Refugees In International Politics Introduction

In today's digital age, the availability of Refugees In International Politics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Refugees In International Politics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Refugees In International Politics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Refugees In International Politics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Refugees In International Politics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Refugees In International Politics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Refugees In International Politics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making

them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Refugees In International Politics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Refugees In International Politics books and manuals for download and embark on your journey of knowledge?

FAQs About Refugees In International Politics Books

1. Where can I buy Refugees In International Politics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Refugees In International Politics book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Refugees In International Politics books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing.

Book Swaps: Community book exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Refugees In International Politics audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Refugees In International Politics books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
