Refusal Shoes Tony Saint, 2007-07-01 Immigration a suitable case for comedy The Forum, 1900 Boot and Shoe Recorder, 1906 **Is There Truth in Art?** Herman Rapaport, 2018-09-05 The question posed by Herman Rapaport in the title of this book is intended both seriously and ironically It is not Rapaport's purpose to debate whether or not truth resides in art The title points rather to his belief that truth needs to be reconceptualized in the light of continuing efforts to deconstruct and to discredit the notion of truthfulness in art The question of art's truthfulness persists because truth in art is neither an entity or content that has been injected into the work nor a transcendental concept or ground that exists outside it Moreover when used in relation to art Rapaport says truth means something quite different from conventional definitions of the term Indeed a central question that informs the book is the return of truth at the far side of its deconstruction Is There Truth in Art includes chapters on atonal music environmental art modern German and French poetry contemporary French fiction experimental French film and a photograph taken by the National Socialists during the destruction of the Warsaw ghetto Determining how truth can be said to occur in these examples Rapaport maintains requires analysis in each instance He draws chiefly upon the thinkers who have radically reformulated questions about truth Nietzsche Heidegger Derrida and Levinas and uses their writings to explore the works under analysis Heidegger and Poetry in the Digital Age Rachel Coventry, 2023-11-30 In this original study Rachel Coventry expands Heidegger's philosophy of art to include his ontological account of poetry and technology Following Heidegger's definition of technology as preventing authentic poetic language alongside his argument that poetry can successfully confront technology Coventry considers the possibility of great poetry in the digital age This approach takes us beyond conventional literary criticism using different case studies from contemporary poetry including eco poetry digital poetry and post internet poetry Heidegger and Poetry in the Digital Age asks provocative questions to progress the philosophical study of poetry tracing new lines of thought in Heidegger studies and critical studies of contemporary poetry Does the digital thwart the aim of eco poetry Do poetic movements that use modern technology provide us with a way to overcome the negative effects of technology What are the ontological consequences of employing new formats for poetry This book examines these tensions to provide a phenomenological account of digital poetry that grounds poetic metaphor in Heidegger's metaphysics *An Analytical Digest of the Cases Published in the New Series of the Law Journal Reports*, 1877 *Benefit Series Service, Unemployment Insurance* United States.
