Oology and Ralph's Talking Eggs Carrol L. Henderson, 2009-02-17 Before modern binoculars and cameras made it possible to observe birds closely in the wild many people collected eggs as a way of learning about birds Serious collectors called their avocation oology and kept meticulous records for each set of eggs the bird's name the species reference number the quantity of eggs in the clutch the date and location where the eggs were collected and the collector's name These documented egg collections which typically date from the nineteenth and early twentieth centuries now provide

an important baseline from which to measure changes in the numbers distribution and nesting patterns of many species of birds In *Oology and Ralph s Talking Eggs* Carrol L Henderson uses the vast egg collection of Ralph Handsaker an Iowa farmer as the starting point for a fascinating account of oology and its role in the origins of modern birdwatching scientific ornithology and bird conservation in North America Henderson describes Handsaker s and other oologists collecting activities which included not only gathering bird eggs in the wild but also trading and purchasing eggs from collectors around the world Henderson then spotlights sixty of the nearly five hundred bird species represented in the Handsaker collection using them to tell the story of how birds such as the Snowy Egret Greater Prairie Chicken Atlantic Puffin and Wood Duck have fared over the past hundred years or so since their eggs were gathered Photos of the eggs and historical drawings and photos of the birds illustrate each species account Henderson also links these bird histories to major milestones in bird conservation and bird protection laws in North America from 1875 to the present

Time to Fall Austin C. Beal,2020-08-14 Charlie a young and rather unassuming hospital valet is about his work when he meets an old and enigmatic professor caught up in the affairs of other worlds Charlie befriends the old man Bruce curious about an odd object he totes about on his key ring Bruce obliges to tell his story a story of how he spent the better part of his life trying to remember where he wandered and why unraveling the meaning of the object and its significance to his remembering The story then follows Bruce on his journey to remember a journey spanning over three years and across four continents whereby we presume throughout that Bruce thinks he is no scholar at all but a soldier of sorts jumping destinations as might a mercenary All the while Bruce is pursued by a mysterious woman or women for Bruce is unsure until in an epiphany of sorts we understand how the pursuit has everything to do with the pursuer and the talisman Bruce first carries into the hands of our tale seeking valet at the story s opening lines
