Gurtler, SJ, 2014-11-13 Focusing on Plato and Aristotle the Stoics and Epicureans and early Christian and Medieval sources Ancient and Medieval Concepts of Friendship brings together assessments of different philosophical accounts of friendship This volume sketches the evolution of the concept from ancient ideals of friendship applying strictly to relationships between men of high social position to Christian concepts that treat friendship as applicable to all but are concerned chiefly with the soul's relation to God and that ascribe a secondary status to human relationships The book concludes with two essays examining how this complex heritage was received during the Enlightenment looking in particular to Immanuel Kant and Friedrich Hölderlin

**Writing Friendship** Paloma Gay y Blasco, Liria Hernández, 2019-11-23 This book tells the remarkable story of the friendship between Liria Hernández a Roma woman from Madrid and Paloma Gay y Blasco a non Roma anthropologist In this unique reciprocal experiment the former informant returns the gaze to write about the anthropologist her life and her environment Through finely crafted and deeply moving text Hernández and Gay y Blasco suggest new ways of doing and writing anthropology The dialogue between Hernández and Gay y Blasco provides a courageous account of the entanglements and rewards of anthropological research Drawing on letters conversations and fieldnotes gathered over twenty five years each of the authors talks about herself the other and the impact of anthropology on their two lives They examine their intertwined trajectories as Spanish women and reflect on the challenges of devising their own reciprocal genre Blending ethnography life story and memoir they undermine the dichotomy between author and subject around which scholarship still revolves

**Discourses and sayings of Our Lord Jesus Christ illustrated in a series of expositions** John Brown, 1850      **Samuel Johnson and the Powers of Friendship** A. D. Cousins, Daniel Derrin, Dani Napton, 2023-11-30 This book is the first to assess Johnson's diverse insights into friendship that is to say his profound as well as widely ranging appreciation of it over the course of his long literary career It examines his engagements with ancient philosophies of friendship and with subsequent reformulations of or departures from that diverse inheritance The volume explores and illuminates Johnson's understanding of friendship in the private and public spheres in particular friendship's therapeutic amelioration of personal experience and transformative impact upon civil life Doing so it considers both his portrayals of interaction with his friends and his more overtly fictional representations of friendship across the many genres in which he wrote It presents at once an original re-assessment of Johnson's writings and new interpretations of friendship as an element of civility in mid eighteenth century British culture      *Discourses and Sayings of Our Lord Jesus*

centered notion of fraternity and the virile virtue whose authority has gone unquestioned in our culture of friendship and our models of democracy The future of the political for Derrida becomes the future of friends the invention of a radically new friendship of a deeper and more inclusive democracy This remarkable book his most profoundly important for many years offers a challenging and inspiring vision of that future
