Strategic Occidentalism Ignacio M. Sanchez Prado, 2018-08-15 Strategic Occidentalism examines the transformation in both aesthetics and infrastructure of Mexican fiction since the late 1970s During this time a framework has emerged characterized by the corporatization of publishing a frictional relationship between Mexican literature and global book markets and the desire of Mexican writers to break from dominant models of national culture In the course of this analysis Ignacio M Sanchez Prado engages with theories of world literature proposing that world literature is a construction produced at various levels including the national that must be studied from its material conditions of production in specific sites In particular he argues that Mexican writers have engaged in a strategic Occidentalism in which their idiosyncratic connections with world literature have responded to dynamics different from those identified by world systems or diffusionist theorists Strategic Occidentalism identifies three scenes in which a cosmopolitan aesthetics in Mexican world literature has been produced Sergio Pitol's translation of Eastern European and marginal British modernist literature the emergence of the Crack group as a polemic against the legacies of magical realism and the

challenges of writers like Carmen Boullosa Cristina Rivera Garza and Ana Garc a Bergua to the roles traditionally assigned to Latin American writers in world literature

Reddy,2024-05-31 In the twelfth century the Catholic Church attempted a thoroughgoing reform of marriage and sexual behavior aimed at eradicating sexual desire from Christian lives Seeking a refuge from the very serious condemnations of the Church and relying on a courtly culture that was already preoccupied with honor and secrecy European poets romance writers and lovers devised a vision of love as something quite different from desire Romantic love was thus born as a movement of covert resistance In *The Making of Romantic Love Longing and Sexuality in Europe South Asia and Japan* William M Reddy illuminates the birth of a cultural movement that managed to regulate selfish desire and render it innocent or innocent enough Reddy strikes out from this historical moment on an international exploration of love contrasting the medieval development of romantic love in Europe with contemporaneous eastern traditions in Bengal and Orissa and in Heian Japan from 900 1200 CE where one finds no trace of an opposition between love and desire In this comparative framework Reddy tells an appealing tale about the rise and fall of various practices of longing underscoring the uniqueness of the European concept of sexual desire *Love and Death of King Ananda Mahidol of Thailand* Pavin Chachavalpongpun,2021-12-01 This book examines two aspects of the abbreviated reign of King Ananda Mahidol 1935 1946 or King Rama VIII of the current Chakri dynasty of Thailand First it discusses the royal family s plot to thwart a romantic relationship between the young king Ananda and his Swiss girlfriend Marileine Ferrari a daughter of a famous pastor of Lausanne Switzerland Interracial marriage particularly with Westerners has been strictly forbidden for Thai kings or heirs apparent The restriction stems from the interwoven connection between sexual relationship and the security of the throne The second part investigates the mysterious death of King Ananda a long held taboo topic in Thailand Although the two events were not specially related both in their own way served to unavoidably shake the position of the monarchy and hence threaten its existence The palace s reactions to these events demonstrated its continuous search to maintain its power and ultimately to warrant its survival
