Regenerators Social Criticism In Late Victorian English Canada:

The Regenerators Ramsay Cook, 1987 **The Regenerators, 2nd Edition** Ramsay Cook, 2016-01-01 A crisis of faith confronted many Canadian Protestants in the late nineteenth century With their religious beliefs challenged by the new biological sciences and historical criticism of the Bible they turned from personal salvation to the dire social problems of the industrial age *The Regenerators* explores the nature of social criticism in this era and its complex ties to the religious thinking of the day showing how the path blazed by nineteenth century religious liberals led not to the Kingdom of God on earth but ironically to the secular city The winner of the Governor General's Literary Award for Non Fiction when it was first published in 1985 *The Regenerators* became an instant classic for its fascinating portraits of evolutionists rationalists spiritualists socialists and free thinkers before the turn of the century This new edition features an introduction by historian and biographer Donald Wright **The Social Dimensions of Fiction** Steven Tötösy de Zepetnek, 2013-11-11 This work is a comparative study of nineteenth century English Canadian and French Canadian novel prefaces a previously unexplored literary topic As a study in Comparative Literature with the application of a specific literary framework and methodology the study conforms to theoretical and methodological postulates formulated in and prescribed by this framework when applied This a priori postulate necessitates that the research on and the presentation of the Canadian novel preface be carried out in a specific manner as follows First the study will establish the hypothesis that the preface to nineteenth century English Canadian and French Canadian novels is a genre in its own right This hypothesis will rest on the following 1 a taxonomical survey of related terms meaning preface 2 a survey of secondary literature of works dealing with the preface 3 a discussion of the theoretical framework and methodology of the Empirical Theory of Literature and its appropriateness for the study of the preface and 4 a discussion of the process of the compilation of the corpus of nineteenth century Canadian novel prefaces Chapter one In a second step the theoretical postulate outlined in the hypothesis will be put into practice by the development and production of a preface typology Chapter two In a third step further tenets of the Empirical Theory of Literature will be tested on the corpus of the prefaces Chapter three In a fourth step the prefaces will be analysed following the tenets formulated in and prescribed by the systemic framework applied Chapter four **Race, Nation, and Reform Ideology in Winnipeg, 1880s-1920s** Kurt Korneski, 2015-06-09 During the late nineteenth and early twentieth centuries a host of journalists ministers medical doctors businessmen lawyers labor leaders politicians and others called for an assault on poverty slums disreputable boarding houses alcoholism prostitution sweatshop conditions inadequate educational facilities and other social evils Although they represented an array of political positions and advocated a range of strategies to deal with what they deemed problems historians have come to term this impulse urban reform or the urban reform movement This book considers the history of reform ideology in Canada It does so by considering four leading reformers living in what might be described as the most Canadian of Canadian cities Winnipeg Manitoba While the book engages in discussions

debates surrounding the particular individuals it considers its more general argument is that to understand the history of reform in Canada requires viewing reformers as simultaneously experiencing and responding to two basic phenomena simultaneously It requires understanding them as confronting the polarizing tendencies exploitation and sometimes grinding poverty that was central to the economic order they often unwittingly helped to impose in northern North America It also however requires seeing them as fundamentally shaped by the process and legacy of the dispossession of Aboriginal peoples and the changing nature of Aboriginal settler relations that were also central to the development of Canada

Rawlyk,1994 Five leading Canadian religious historians address the Canadian Protestant experience Each author considers a separate period taking into account the major underlying themes of the time and noting the influence exerted by key personalities As this collection shows Protestantism had its most profound effects on Canadian life in the nineteenth century As the twentieth century unfolded however Canadian Protestantism battered by demographic change profound inner doubt so called modernity and secularization was gradually pushed to the periphery of Canadian experience The contributors are Phyllis D Airhart Nancy Christie Michael Gauvreau John G Stackhouse Jr and Robert A Wright

Canadian Travellers in Europe, 1851-1900 Eva-Marie Kroller,2011-11-01 This book provides both a detailed survey of Canadian travel writing in the nineteenth century and an unusual perspective on Canadian cultural history The Canadians who wrote about their experiences abroad during the era of mass travel which followed the advent of the steamship reveal much about themselves and their own country as well Who were these travellers why did they travel and what did they expect to see In answering these questions Eva Marie Kroller draws upon a wide variety of materials novels guide books magazines newspapers photographs paintings and previously unpublished letters and diaries The self assured

progress of the privileged Canadian travellers often turned into introspective voyages of self discovery For one thing Europeans often mistook them for Americans and many had to ask themselves what it really meant to be Canadian In addition the tone of moral earnestness which pervades the early travellers tales begins to give way to a certain world weariness by the end In Canada and elsewhere the tourist was a new phenomenon at the beginning of the period but an accepted part of the modern world by the end of it Canadian Travellers in Europe will be required reading for devotees of travel writing but it is also a significant contribution to nineteenth century Canadian history
