Search For The Pink Headed Duck:

The Search for the Pink-Headed Duck Rory Nugent, 2016-05-03 Fifty two years after the pink headed duck was last seen in the wild Rory Nugent set off for India in search of this exceptionally rare bird In Calcutta he prowled the fowl market where a few of the ducks used to appear during the Raj Traveling on to Delhi he was befriended by a Cambridge educated smuggler and he learned of remote regions to the north where the duck might be found In Sikkim following the trail of a Yeti he became lost in the Valley of Bliss and nearly imprisoned inside a forest of rhododendrons each the size of a ranch house Making his way to Assam he bought a 13 foot skiff and paddled the Brahmaputra River from Burma to Bangladesh with stops on an island considered to be Kali's left breast and at a Tantrist temple where he stumbled on a grisly ritual in a graveyard In a secluded marsh along the river he may have spotted the world's rarest duck

Too Many Bird Books Geoffrey Dabb, 2023-08-01 This is a chronicle of encounters with a lot of bird books in fact a lifetime of such encounters The world of bird books is vast and varied defying coherent descriptions The author's qualification for making this attempt to describe it is that he owns several

hundred of them gathered over more than 70 years To help make sense of this obsession the description of the books is linked to life in which traditional birdwatching and book hunting went on in different places and in between other things

Traveling India in the Age of Gandhi Jeffrey N. Dupée,2008-04-15 Traveling India in the Age of Gandhi is a study of armchair travel writers who journeyed to India during what has often been termed the Age of Gandhi placed between 1914 1948 Most of the travel writers surveyed understood this era to be a unique time in world history in India and elsewhere on the globe The lingering trauma of World War I the rise of radical state ideologies in Russia Italy Japan and Germany world wide depression in the 1930s along with a host of other unsettling political cultural and technological realities revealed a world of bewildering complexity and uncertainty For many of the travel writers surveyed in this work India was the main drama in a shifting global landscape Moreover many viewed it as the ultimate travel experience a journey that tested one s capacity to fully engage the earth s most compelling forms of human diversity and suffering Although a few notable figures are included most of the authors in the study constitute a breed of largely forgotten travel writers This work is an attempt to extract the core of their observations impressions and conclusions concerning what they saw and experienced particularly concerning Indian aspirations for independence and India as the world s most exotic human landscape **Natural History** ,1922

Down at the Docks Rory Nugent,2010-02-09 In the opening pages of Moby Dick Herman Melville called New Bedford Massachusetts the dearest place to live in in all of New England But the old fishing port and manufacturing center once one of the richest cities in New England has withered in the modern economy Its once prosperous fishermen now struggle with government regulations and fished out seas while its empty factories now offer more work to the Fire Department than anyone else In Down at the Docks Rory Nugent tells the riches to rags story of this iconic American town through beautifully told and unsentimental portraits of its residents Their lives inform a eulogy to the distinctive ideas

traditions and culture that is about to disappear from the waterfront **Spell of the Tiger** Sy Montgomery, 2009-01-16

Indian Subcontinent includes Pakistan Nepal Bhutan Bangladesh Sri Lanka and the Maldives **Lost Animals** Errol Fuller, 2013-11-21 Caught on camera prior to their demise this book reveals the surprisingly rich photographic record of now extinct animals A photograph of an animal long gone evokes a feeling of loss more than a painting ever can Often tinted sepia or black and white these images were mainly taken in zoos or wildlife parks and in a handful of cases featured the last known individual of the species There are some familiar examples such as Martha the last Passenger Pigeon or the Ivory billed Woodpecker recently fledged and perching happily on the hat of one of the biologists that had just ringed it But for every Martha there are a number of less familiar extinct birds and mammals that were caught on camera The photographic record of extinction is the focus of this remarkable book written by the world's leading authority on vanished animals Errol Fuller **Lost Animals** features photographs dating from around 1870 to as recently as 2004 the year that saw the demise of the Hawaiian Pooouli From a mother Thylacine and her pups to now extinct birds such as the Heath Hen and Carolina Parakeet Fuller tells the tale of each animal why it became extinct and discusses the circumstances surrounding the photography itself in a book rich with unique images The photographs themselves are poignant and compelling They provide a tangible link to animals that have now vanished forever in a book that brings the past to life while delivering a warning for the future

portrait of the Khasi tribe who live intimately with the elephants Though it seems a world of peaceful coexistence between man and beast Hall begins to see that the elephants are suffering having lost their natural habitat to the destruction of the forests and modernization Hungry confused and with little forest left to hide in herds of elephants are slowly adapting to domestication but many are resolute and furious Often spellbinding with excitement like a page turning detective tale Publishers Weekly To the Elephant Graveyard is also intimate and moving as Hall magnificently takes us on a journey to a place whose ancient ways are fast disappearing with the ever shrinking forest Hall is to be congratulated on writing a book that promises humor and adventure and delivers both The Spectator Travel writing that wonderfully hits on all cylinders Booklist A wonderful book that should become a classic Daily Mail
