Search Information Gathering For The Mass Media:

Web Search Amanda Spink, Michael Zimmer, 2008-09-16 The inspiration for this book emerged from the editors participation in a panel discussion on Web search engines at an annual meeting of the Association of Internet Researchers This multidisciplinary panel of Web search researchers revealed the diversity of scholars interested in Web searching coupled with a broad range of questions attitudes and approaches It became clear that more cross fertilization was necessary between the disciplines to ensure Web search engines the entities and Web searching the user behavior received the thorough scholarly attention they deserved This book is a result of that realization and an important first step in achieving new levels of awareness and collaboration across disciplines The book represents a core theme within the intellectual pursuits of the editors The first editor Spink is an information scientist who has worked with taught and has researched the informational dimensions of Web searching since 1997 The second editor Zimmer is a scholar of culture and communication who focuses on the political and ethical dimensions of new media and information technologies and whose dissertation research focused on the value related consequences of the quest for the perfect search engine Understanding Sponsored Search Jim Jansen, 2011-07-25 This book addresses the underlying foundational elements both theoretical and methodological of sponsored search As such the contents are less affected by the ever changing implementation aspects of technology Rather than focusing on the how this book examines what causes the how Why do certain keywords work while others do not Why does that ad work well when others that are similar do not Why does a key phrase cost a given amount Why do we measure what we do in keyword advertising This book speaks to that curiosity to understand why we do what we do in sponsored search The content flows through the major components of any sponsored search effort regardless of the underlying technology or client or product The book addresses keywords ads consumers pricing competitors analytics branding marketing and advertising integrating these separate components into an incorporated whole The focus is on the critical elements with ample illustrations and with enough detail to lead the interested reader to further inquiry *The Search* Lauren Kessler, Duncan McDonald, 1992 Takes an upbeat approach to discovering the information that mass media professionals require whether in public relations advertising broadcast or news reporting It is intended to be of interest to students of journalism and mass communication newswriting and reporting **Journalism** Jo A. Cates, 2004-05-30 **Journalism** A Guide to the Reference Literature is a critically annotated bibliographic guide to print and electronic sources in print and broadcast journalism The first edition was published in 1990 the second in 1997 It has been described as one of the critical reference sources in journalism today and it is a key bibliographic guide to the literature Choice magazine called it a benchmark publication for which there are no comparable sources The format is similar to the second edition What makes this edition significantly different is the separation of Commercial Databases and Internet Resources Commercial Databases includes standard fee based resources The new chapter on Internet sources features Web based resources not included in

the commercial databases chapter as well as portals other online files listservs newsgroups and Web logs blogs All chapters have been revised and there are significant revisions in Directories Yearbooks and Collections Miscellaneous Sources Core Periodicals Societies and Associations and Research Centers and Archives The second edition has 789 entries The third edition contains almost 1 000 entries James Carey of Columbia University who provided the foreword for the first two editions has updated his foreword for this edition *The Newspapers Handbook* Richard Keeble, 2006-06-28 The Newspapers Handbook is the first comprehensive guide to the job of the newspaper reporter It offers advice on a range of different types of newspaper writing looks at how newspapers cover events and shows how reporting styles can differ in mainstream and non mainstream newspapers In this new edition Richard Keeble explores the theoretical moral and political dimensions of a journalist's job and examines changing newspaper ownership structures and recent ethical controversies
