Searching The Shadows:

Lightning Bug Light Show Poppy Green, 2024-06-25 Sophie Mouse helps a self conscious firefly discover the beauty of his bright glow just in time for him to perform with his Lightning Bug troupe **The Shadow Teller's Plays** Bill Reed, 2017-12-13 In a volume containing 14 original plays including three shadow play adaptations of Gogol Morton and Runyon classics the author resurrects a sadly neglected theatre genre the shadow play combining traditional shadow techniques with normal acting to create full bodied mainstream plays These plays do not use shadow puppetry type techniques that need people contorting themselves however wonderfully to form shapes but rather normal acting prowess together and usual props of mainstream theatre with the new back lighting technologies The result is plays which are realistic and yet overlain with the imaginative fantasies that figure theatre can bring in a fallow area lying between mime and conventional stage plays a rediscovered form of a modern staging that crosses between live and shadow effect whether in workshopping for all ages and group size or for professional productions Shadow plays comprise the theatre landscape for live actors re skilled to jump from behind the screen one dimensional acting to front of the screen three dimensional acting at any moment of the play They allow a new and exciting way of presenting the combination of the real and the surreal in ways that offer broadened audience and student experiences under the master of storytelling of a shadow teller together with the master of pacing of a mobile light spotter **Poetry. Gift or Curse? Explicit.** Robin Hussey, 2014-01-08 a book dedicated to my Son Leon Hussey Who died at the age of 20 Poems of grief anger laughte Deeper Into the Void Mitchell Duncan, 2011-11-16 With billions invested in the successful industrialization and militarization of Mars Badlands Defense Group has sent the first scientific team to the newly constructed glass dome at the base of Olympus Mons Months of favorable progress reports have been transmitted back yet all goes quiet on the 178th day of the 11th Martian year A single cryptic message is the only clue to their mysterious disappearance Years later the second team arrives on schedule to find everything is in its place and in good working order When they find no sign of the first team they are prompted to delve into the past They soon come to realize that no precaution can be taken against that which remains unknown and unseen When the line that separates reason from madness is blurred they will each have to find their own way to reconcile with the past and plan for the future Echoes of dreams and past horrors emerge on the surface of their reality and mingle with present fears They will be forced to venture ever deeper into the void if they wish to avoid the same fate as the first team **The Search for the Gral** Julia Bachope Goddard, 1873 **In The Shadow Of God's Love** Leelia Carolyn Cornell, 2018-03-16 Do you hunger to have a deep personal relationship with God Do you long to know more of His character Do you need to find more of His peace love and mercy Do you want more strength to face the challenges and trials of life and emerge victorious God is so awesome it is impossible to confine Him to mere words No two people relate the same way to God and God is fresh in His dealings with each individual Yet His character is constant and eternal the same yesterday today and forever We glean

foremost from His Word but also by the insights of others inspired by the Holy Spirit to discover His Workings in the lives of mankind These can be beams of light on our own pathway through life The first part of this book attempts to capture a fragment of Who God is in poetry and verse The second part is stories from the life of the author and her ancestors which proclaim God in every day living God is to be in every part and aspect of life and this book relates stories of life s joys sorrows heartrending trials triumphs and special times with God as well as the mundane and the funny happenings of living There are also poems of God s hand in nature outside the author s backdoor To proclaim God you must also live God This book presents not only His Word but also how His Word can be applied to real life situations and God s faithfulness throughout generations
