Searching Through Yesterday Stumbling Toward Tomorrow:

Whispers from the Past Paul Bellerive, 2015-07-09 An old teacher's attempt to sound a warning or perhaps a lament that as a society we are in danger of losing touch with our history our literary traditions and our cultural heritage In this his fifth book and third poetry collection the award-winning poet Paul Bellerive attempts to rediscover and then to capture the artistic bits that combined with our personal experiences are the DNA of who and what we are **Notes on the Road to Now**

Bellerive, Paul, 2015-03-12 *Notes on the Road to Now* is composed of sixty-six related poems twenty have appeared in journals reviews and anthologies which provide a fascinating look at the progression from the cocksureness of youth to the reasoned inquiry of experienced maturity In addition the poems create a background story of a long-term relationship that accepts endures and to some degree overcomes the challenges that love and time offer Through a variety of people places and experiences *Notes on the Road to Now* leads the narrator and ideally the reader as well on a journey from I was so much older then to I'm younger than that now *Searching Through Yesterday Stumbling Toward Tomorrow* Paul

Bellerive, 2004-06-01 *In Search of New York* Jim Sleeper, **The Invention of Brownstone Brooklyn** Suleiman Osman, 2012-11-29 An original and captivating history of gentrification this book challenges the conventional wisdom that New York City began a comeback in the 1990s locating the roots of Brooklyn's revival in the social upheavals of the 1960s and 1970s Osman examines the emergence of a progressive coalition as young well-educated brownstoners joined with poorer residents to battle city planners and local machine politicians Deftly mixing architectural cultural and political history this book offers an eye-opening perspective on the post-industrial city **The Seeking** Will Thomas, 2013-09-03 *The Seeking* is the moving and uplifting story of the Thomas family's time among the people of Westford Vermont a life writes Thomas not based on race but on what we and they were like as human beings Back in print for the first time in fifty years this edition includes a new introduction that situates *The Seeking* in the canon of twentieth-century black literature and a new afterword that follows the fortunes of Thomas and his family in the years after its initial publication *The Seeking* is both a story of one remarkable African American family and a story of race relations in mid-century New England *A Phoenix in the Ashes*

John Hull Mollenkopf, 2021-04-13 In the years following its near bankruptcy in 1976 until the end of the 1980s New York City came to epitomize the debt-driven deal-oriented economic boom of the Reagan era Exploring the interplay between social structural change and political power during this period John Mollenkopf asks why a city with a large minority population and a long tradition of liberalism elected a conservative mayor who promoted real estate development and belittled minority activists Through a careful analysis of voting patterns political strategies of various interest groups and policy trends he explains how Mayor Edward Koch created a powerful political coalition and why it ultimately failed **Fall from Grace** Megan Chance, 2011-07-30 Lily lost her childhood the day the Sharpe gang murdered her parents and adopted her Soon she was Lily the Cat a wanted outlaw herself ruthless and smart But Lily bided her time and planned her revenge betraying them

all and making her escape running for the life that should have been hers But she reckoned without Texas Sharpe the man who loved her married her and defied his father for her And Texas was about to show Lily just how ruthless a man betrayed could be

The Dying City Brian L. Tochterman, 2017-05-08 In this eye opening cultural history Brian Tochterman examines competing narratives that shaped post World War II New York City As a sense of crisis rose in American cities during the 1960s and 1970s a period defined by suburban growth and deindustrialization no city was viewed as in its death throes more than New York Feeding this narrative of the dying city was a wide range of representations in film literature and the popular press representations that ironically would not have been produced if not for a city full of productive possibilities as well as challenges Tochterman reveals how elite culture producers planners and theorists and elected officials drew on and perpetuated the fear of death to press for a new urban vision It was this narrative of New York as the dying city Tochterman argues that contributed to a burgeoning and broad anti urban political culture hostile to state intervention on behalf of cities and citizens Ultimately the author shows that New York s decline and the decline of American cities in general was in part a self fulfilling prophecy bolstered by urban fear and the new political culture nourished by it
