Clash of Eagles Alan Smale, 2015-03-17 Perfect for fans of action adventure and historical fiction including novels by such authors as Bernard Cornwell Steve Berry Naomi Novik and Harry Turtledove this stunning work of alternate history imagines a world in which the Roman Empire has not fallen and the North American continent has just been discovered In the year 1218 AD transported by Norse longboats a Roman legion crosses the great ocean enters an endless wilderness and faces a cataclysmic clash of worlds cultures and warriors Ever hungry for land and gold the Emperor has sent Praetor Gaius Marcellinus and the 33rd Roman Legion into the newly discovered lands of North America Marcellinus and his men expect easy victory over the native inhabitants but on the shores of a vast river the Legion clashes with a unique civilization armed with weapons and strategies no Roman has ever imagined Forced to watch his vaunted force massacred by a surprisingly tenacious enemy Marcellinus is spared by his captors and kept alive for his military knowledge As he recovers and learns more about these proud people he can't help but be drawn into their society forming an uneasy friendship with the denizens of the city state of Cahokia But threats both Roman and Native promise to assail his newfound kin and Marcellinus will struggle to keep the peace while the rest of the continent surges toward certain conflict Praise for Clash of Eagles That rarest and best of alternative histories the one you believe the one that makes sense Alan Smale has a

storyteller's flair for character and presents an ensemble cast with a depth of detail of which George R R Martin would approve. It works as a novel, as historical speculation, and as cultural extrapolation. But its real value is singular. It's a ripping good yarn and one that will keep you reading long past your bedtime. Myke Cole, award-winning author of the Shadow Ops series. Just when it seems there is nothing new in alternate history, comes this debut. Library Journal starred review. An intriguingly original alternate history. Kirkus Reviews. Smale breathes life into the New World civilizations and offers up a compelling view of what might have happened had these two continents collided. I found the New World of 1218 AD fascinating. Historical Novels Review. Authoritatively researched, compellingly told, and with pleasing echoes of L Sprague de Camp. Clash of Eagles is a modern masterpiece of what-if speculation. Stephen Baxter. Philip K Dick Award-winning author of The Time Ships. Smale has done remarkable work with the worldbuilding in Clash of Eagles, dropping the sole Roman survivor of a massacre into the complex civilization of the Cahokian Native Americans in the thirteenth century. Harry Turtledove. New York Times bestselling author of How Few Remain. My favorite kind of alternate history: epic, bloody, and hugely imaginative. John Birmingham. author of Without Warning. Epic in its sweep, exciting in its narrative, and eyeball-kick sharp in its details. Nancy Kress. Nebula and Hugo Award-winning author of Beggars in Spain. The first book of Alan Smale's trilogy introduces the series with a lightning bolt. Bracketed between two breathtaking and meticulously strategized battles is a sensitive evocation of a lost culture, an act of literary archeology like no other I've read. James Patrick Kelly. Nebula Award-winning author of Burn.

The Grassling Elizabeth-Jane Burnett, 2019-03-28. A subtle, moving celebration of place and connectedness. The Grassling brings the sounds, smells, and sights of the countryside alive like few other books. Burnett stretches the limits of prose, infusing it with poetic intensity to create a powerful, original voice. PD Smith. Guardian. What fills my lungs is wider than breath could be. It is a place and a language, torn, matted, and melded, flowered and chiming with bones. That breath is that place, and until I get there, I will not really be breathing. Spurred on by her father's declining health and inspired by the history he once wrote of his small Devon village, Elizabeth Jane Burnett delves through layers of memory, language, and natural history to tell a powerful story of how the land shapes us and speaks to us. The Grassling is a book about roots, what it means to belong when the soil beneath our feet is constantly shifting, when the people and places that nurtured us are slipping away.
