"Aristocrat" and "the Community" Nicholas J. Pappas,2011 *Aristocrat* and *The Community* are dialogues that take

place among friends through the course of a night Aristocrat is concerned with what it means to want to rule with the comparison of aristocracy to democracy and with duty The friends begin by touching upon excellence aristocracy's traditional claim to rule They soon come to question whether there are in fact but two true claims to rule force or a system of belief In addition they ponder their commitment to the cause a potentially transpolitical cause Aristocrat attempts to answer several whats what is the cause what does it involve and what does it mean to serve The Community attempts to demonstrate a how how to create the new city a new city determined to set itself apart from the outside world Discussions of the degree to which quality can be controlled from above and debates over the degree of control versus freedom that would make the city an ideal place to live are interwoven with a concern for viability represented by the Bank whose interests it seems must always be taken into account Is the creation of an ideal community an effort that is doomed to be utopian
