These texts are brought back into print in this small set of works addressing how we think about time, the history of the philosophy of time, the measurement of time, theories of relativity, and discussions of the wider thinking about time and space among other aspects. One volume is a thorough bibliography collating references on the subject of time across many disciplines. *An Address Delivered At the Centennial Celebration in Wilton, N.H., Sept. 25, 1839* Ephraim Peabody, 2025-07-26 Reprint of the original first published in 1839.
