VeggieTales Dalmatian Press,2005-09-10 **The Lord of the Beans** Phil Vischer,2005 Toto the Flobbit receives a magical bean but first he must travel through the Razzberry Forest to get advice from the Trees about how best to use this special gift *The Commoner* ,1902 **Open-Field Farming in Medieval Europe** Warren Ault,2013-11-05 This book presents a detailed account of the co operative practice of agriculture in medieval England shedding much light on how medieval villagers governed their own affairs During this period co operation was essential in ploughing sowing and reaping with communal control of the pasturing of the fallow and stubble These practices were set out in customary by laws which were agreed to by common consent and villages themselves were greatly involved with their enactment and enforcement In the course of time many of the by laws were put into writing Professor Ault has travelled extensively throughout England collecting and researching these agrarian ordinances and translating them into modern English Since it was first published in 1972 this analysis has provided new insight into the organizational structure and governance of medieval villages in England and is essential reading for all those interested in the history of the Middle Ages **Every Other Sunday** ,1903

The Lords of the Valley LaVerne Hanners,1996-01-01 Lord and Hanners both describe a way of life that demanded toughness stoicism commitment and humor when possible but their recollections take an interesting counterpoint Following the branding and castration of a thousand young bulls Lord insists that the entire town came with buckets to carry the testicles home They were really meat hungry Hanners insists however that cooking and eating mountain oysters was strictly a masculine endeavor pursued by the men after the women had vacated the kitchen When Lord matter of factly describes being left alone at a young age to trail cattle in Indian Territory Hanners observes that sixteen seems pitifully young to be so far away front home broke and hungry while agreeing that necessity often required such things Lords of the Land, Lords of the Sea Hans Hägerdal,2012-01-01 European traders and soldiers established a foothold on Timor in the course of the seventeenth century motivated by the quest for the commercially vital sandalwood and the intense competition between the Dutch and the Portuguese Lords of the Land Lords of the Sea focuses on two centuries of contacts between the indigenous polities on Timor and the early colonials and covers the period 1600 1800 In contrast with most previous studies the book treats Timor as a historical region in its own right using a wide array of Dutch Portuguese and other original sources which are compared with the comprehensive corpus of oral tradition recorded on the island From this rich material a lively picture emerges of life and death in early Timorese society the forms of trade slavery warfare alliances social life and so forth The investigation demonstrates that the European groups although having a role as ordering political forces were only part of the political landscape of Timor They relied on alliances where the distinction between ally and vassal was moot and led to frequent conflicts and uprisings During a slow and complicated process the often turbulent political conditions involving Europeans Eurasians and Timorese polities paved the way for the later division of Timor into two spheres of roughly equal
