Prophecy in the New Millennium Suzanne Newcombe, Sarah Harvey, 2016-04-15 Secular and spiritual prophets of doom abound in the information rich twenty first century as they have for millennia But there has yet to be worldwide floods meteor impact global computer failure obvious alien contact or direct intervention from God to end the world as we know it Considering the frequency with which prophecy apparently fails why do prophecies continue to be made and what social functions do they serve This volume gives a concise but comprehensive overview of the rich diversity of prophecy its role in major world religions as well as in new religions and alternative spiritualities its social dynamics and its impact on individuals lives Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework The book argues that the key to understanding the more dramatic apocalyptic and millenarian aspects of prophecy is in appreciating prophecy s more mundane manifestations and its role in providing meaning and motivation in everyday life

was fifty two when I first danced and a couple of weeks shy of seventy when last I dragged the buffalo skulls My dear wife pursued her own calling to teach children and wound up teaching many years in a nearby Indian school She made this journey ours by her loving constancy faith courage and support She was the first and best of the joy filled surprises the Creator had for me when He moved me out of the university world

Time, Synchronicity and Calendar Change Stephanie South, 2011-06-01 One time is ending but another is just beginning an entirely new era in the history of the Earth the noosphere This is the message of Jos Arg elles In this authorized Biography Stephanie South leads the reader into the world of one of the most unique visionaries in history exploring the nature of time telepathy Earth changes prophecy synchronicity and awakening the Earth to a new time South's previous book 2012 Biography of a Time Traveler the Journey of Jos Arg elles reveals this visionary in his formative years

Time Synchronicity and Calendar Change opens into the complete range of his life's work to present with many implications for the future of our planet. A prolific author and founder of the Foundation for the Law of Time which promotes peace through culture and art, Argüelles was the first to introduce the date December 21, 2012 into the mass consciousness with his best-selling book *The Mayan Factor*. After a lifelong study of the ancient Mayan prophecies and more than 18 years of Tibetan Buddhist meditation practice, Argüelles realized that he was the recipient of a galactic Mayan mind transmission which eventually revealed the discovery of the Telektonon Prophecy of Pacal Votan. The purpose of this transmission stream was to help prepare and stabilize human consciousness for a magnetic shift in 2012. 2013 Argüelles travelled the world several times over to deliver this prophecy to a diverse range of people from Russian scientists to the Vatican to the Hopi nation, the Rainbow Nation and the Nation of Islam. *Time Synchronicity and Calendar Change* offers many thought-provoking reflections about the future of our world and the potential of humanity as well as a thorough examination of what it means to be a cosmic messenger on a planet rapidly shifting gears from the biosphere to the noosphere. Just as the final chapter was being written, Jos shifted dimensions on March 23, 2011, just 12 days after the Japanese tsunami. The Afterword contains the startling synchronicities that surrounded his passing as well as many of his final journal entries and reflections during his final three days on earth.

Apocalyptic Anxiety Anthony Aveni, 2016-05-02 *Apocalyptic Anxiety* traces the sources of American culture's obsession with predicting and preparing for the apocalypse. Author Anthony Aveni explores why Americans take millennial claims seriously, where and how end-of-the-world predictions emerge, how they develop within a broader historical framework, and what we can learn from doomsday predictions of the past. The book begins with the Millerites, the nineteenth-century religious sect of Pastor William Miller, who used biblical calculations to predict October 22, 1844, as the date for the Second Advent of Christ. Aveni also examines several other religious and philosophical movements that have centered on apocalyptic themes: Christian millennialism, the New Age movement, and the Age of Aquarius, and various other nineteenth and early twentieth-century religious sects, concluding with a focus on the Maya mystery of 2012 and the contemporary prophets who connected the end of the world as we know it with the overturning of the Maya calendar. *Apocalyptic Anxiety* places these seemingly never-ending stories of the world's end in the context of American history. This fascinating exploration of the deep historical and cultural roots of America's voracious appetite for apocalypse will appeal to students of American history and the histories of religion and science, as well as lay readers interested in American culture and doomsday prophecies.
