Descodifica los gestos de tu interlocutor para comprenderle mejor MARTINE TARDY, 2015-09-09 Primero nos vemos después nos escuchamos y finalmente nos comprendemos De ahí la importancia de los gestos de la mimica y de las expresiones de nuestros rostros La gestualidad es una forma de expresión arcaica utilizada mucho antes de que el lenguaje y la escritura aparecieran Su estudio permite descodificar adivinar qué hay detrás de lo que no se dice lo que piensa y siente realmente el individuo a fin de descubrir la verdad Cuando observamos a nuestro interlocutor en un principio nos fijamos en su actitud general y luego pasamos a los rasgos que se dibujan en su cara y a sus diversas expresiones Puesto que no podemos entrar en contacto directo con lo que piensa el otro sólo nos quedan los signos externos que muestra Cada movimiento del cuerpo corresponde a una actitud mental Ningún gesto es gratuito la orientación de la mirada el movimiento de las manos la curvatura del cuello o la inclinación del cuerpo dicen mucho sobre nuestro estado de ánimo Mediante numerosas ilustraciones en esta obra se muestran los gestos la mimica y las actitudes más corrientemente utilizadas así como su significado En menos de dos minutos el estado de ánimo y las intenciones profundas de tu interlocutor no tendrán ningún secreto para ti
