Losing From Inside The Cost Of Conflict In The British Social Democratic Party:

Losing from the Inside Patricia Lee Sykes, 2017 *Losing from the Inside* Patricia Lee Sykes, 1990 *Losing from the Inside* Patricia Lee Sykes, 2018-01-16 This book focuses on the consequences of internal conflict for electoral competition and demonstrates why the Social Democratic Party SDP in alliance with the Liberals lost from the inside during two general election campaigns in Great Britain **Labour's Thinkers** Kevin Hickson, Matt Beech, 2007-04-27 Labour's Thinkers seeks to examine the key ideas emphasised by the twelve individuals whom the authors judge to have made the most significant development to the political thought of the Labour Party since the 1930s Hickson and Beech argue the Labour Party is a party of values but often not of ideas The number of people involved in the serious discussion of ideas in the Labour Party is relatively small and intellectuals are often viewed with suspicion in what is or was a party set up to represent the interests of the working classes The formulation and development of ideas are therefore crucial to understanding the outcomes of the Labour Party's internal struggles and the basis of the party's appeal Labour's Thinkers highlights influential and at times controversial figures involved in the battle of socialist ideas in the Labour Party thus exploring concepts such as equality liberty community power the state ownership and patriotism **Shirley Williams** Mark Peel, 2013-09-17 For fifty years Shirley Williams has been one of Britain's best known and best loved politicians admired for her warmth sincerity integrity and compassion Hailing from an impeccable intellectual background the young Shirley seemed destined for great things as she rose effortlessly up the political ladder Yet for all the talk of her becoming the country's first female Prime Minister that accolade passed her by her feisty independence earning her a career that has been anything but perpetual sunshine In this first ever biography Mark Peel explores the dilemma that has faced Williams throughout the highs and lows of her political life how to tread the line between firmly held principles and party solidarity Drawing on his unfettered access to the family archive and conversations with Williams's colleagues Peel skilfully teases out the contradictions at the heart of this remarkable character Shirley Williams The Biography reveals the surprisingly vulnerable figure behind the reassuring public facade It uncovers the expectations placed on Williams by her highly ambitious parents her guilt about her privileged background and her often tumultuous personal relationships The result is a touching intimate portrait of one of the most complex and popular politicians of our time a woman who through good times and bad has retained her essential humanity **Labours old and new** Stephen Meredith, 2013-07-19 This study is concerned with the Old Labour right at a critical juncture of social democratic and Labour politics It attempts to understand the complex transition from so called Old Right to New Right or New Labour and locates at least some of the roots of the latter in the complexity tensions and fragmentation of the former during the lean years of social democracy in the 1970s The analysis addresses both the short and long term implications of the emerging ideological organisational and political complexity and divisions of the parliamentary Labour right and Labour revisionism previously concealed within the loosely adhesive post war framework of Keynesian reformist

social democracy It establishes the extent to which New Labour is a legatee of at least some elements of the disparate and discordant Labour right and tensions of social democratic revisionism in the 1970s In so doing it advances our understanding of a key moment in the development of social democracy and the making of the contemporary British Labour Party **Party People** Allan Sikk,Philipp Köker,2023 This book presents a candidate based approach to party evolution conceptualizing candidates as party genes that ultimately decide what a party does and what it stands for It draws on extensive new data from Central and Eastern Europe and beyond to show that candidate change is linked to changes in party organization programmes and leadership Presidents and Prime Ministers Patricia Lee Sykes,2000 She reveals how conviction style politicians have appeared in the U S and U K at the same time individuals who articulated similar ideas that adapted liberal ideology to shifting circumstances and who achieved fundamental change at critical moments in their nations histories

The Oxford Handbook of Political Leadership R. A. W. Rhodes,Paul 't Hart,2014 Political leadership has returned to the forefront of research in political science in recent years after several years of neglect This Handbook provides a broad ranging and cohesive examination of the study of political leadership **Confidence Regained** Helmut Norpoth,1992 The electoral consequences of Margaret Thatcher s economic policies British Elections and Parties Yearbook 1994 David Broughton,2014-03-05 This volume combines current academic research on British elections parties and public opinion with a detailed reference section including a chronology of the major political events of 1993 opinion polls and by election results for 1993 as well as an up to date digest of party and media addresses and contacts **The Dictionary of Liberal Quotations** Duncan Brack,2013-09-11 If you re a liberal or a democrat and especially if you re a Liberal Democrat this masterful and considered collection of thought provoking quotations should belong to you All the great Liberals are packed into this slick reference guide from Gladstone to Ashdown Kennedy John F to Kennedy Charles Whether you re looking for John Stuart Mill or John Maynard Keynes you ll be able to find every good quote there is on Liberals and Liberalism Writers thinkers journalists philosophers and even the politicians themselves contribute with nearly 2 000 utterances musings provocations jibes and diatribes featured in The Dictionary of Liberal Quotations making this guide a musthave for anyone interested in Liberals and Liberal thought **Liberal Politics in Britain** Arthur I. Cyr, **Newsletter** ,1995

Economic Justice James A. Yunker,1997 This volume thoroughly examines the case for democratic market socialism in light of both the real world and intellectual history of socialism James Yunker provides a clear and jargon free account of this highly controversial issue Covering the history of the market socialist idea from the precursors of Oskar Lange to the present Yunker examines the subject not only in terms of formal economic theory but in the context of the actual history of communistic socialism as practiced in the U S S R Eastern Europe the P R C and elsewhere The book s historical content and readability will make it of great interest not only to economists and historians of socialism but to any reader seeking to learn more about the place of market socialism in history and its potential for future application *European Politics in Transition*

Mark Kesselman,1992 This critically acclaimed best selling text offers a comprehensive introduction to the post World War II political systems of Great Britain France Italy Germany and the European Union The concept of European politics in transition is presented through four key themes the role of each country in economic management the interaction of countries within the international order challenges facing European democracies and the political impact of social diversity
