This is a well organized gracefully written account of a significant aspect of Southern fiction and it contains information and incisive commentary that one can find nowhere else Thomas Daniel Young Many southern writers imagined the South as a qualified dream of Arcady They retained the glow of the golden land as a device to expose or rebuke to confront or escape the complexities of the actual times in which they lived The Dream of Arcady examines the work of post Civil War southern writers who criticize the myth of the South as pastoral paradise Sooner or later in all their idealized worlds the idyllic vision fades in an inescapable moment of awakening This moment which is central to MacKethan s study produces an atmosphere pastoral in mood and implications Her perspective analysis juxtaposes the responses of Sidney Lanier Joel Chandler Harris and Thomas Nelson Page who contributed to yet hope to transcend sectionalism with the ambivalent views of black writers Charles Chesnutt and Jean Toomer Considering the writings of the Agrarians William Faulkner and Eudora Welty MacKethan then concludes her study by questioning whether the Arcadian dream still serves the artist of our era as a frame for artistic and ideological purposes

Lives of Mississippi Authors, 1817-1967 James B. Lloyd,1981 *A Topography Plagued by Marginality in Victorian Novels* Catalina Balinisteanu-Furdu,2022-04-12 The purpose of this book is to analyse how marginality is experienced by the Other women orphans children labourers in Victorian literature and how these individuals succeed in transgressing borders or attempt at doing this The Other uses many strategies to climb the social ladder and to preserve a certain social position marrying into a superior social class subverting the master s position and usurping him acquiring education and knowledge to become superior tempting the master into passionate love affairs approaching interpersonal communication or staying true to one s own self defending ones moral values accepting lessons of domesticity becoming an angel in the house travelling to unknown territories exchanging reality for fictional worlds and so on On their way of achieving their goals the Others are shown in different spaces which contribute to the construction of their identity Our survey unfolds the complexity of the marginalization experience of the Victorian Others their individual or collective mentality and their agency Drawing on Otherness from six Victorian novels our book takes an interpretative approach The analysis of spaces revealed how the positionality of women or orphans or labourers in social hierarchies of gender race and legal status influences and even affects their legitimacy or access to a superior position Their agency has not always overcome their marginalization embedded within the structure of society but at least temporarily and gradually it has improved the women s living conditions by being rewarded with a beautiful family or by earning a living thus eluding the dependency on a man By contextualizing the six novels into the Victorian Age our survey will hopefully contribute to the understanding of women and of their attempts at emancipation by demonstrating how their positionality impacts their agency and their personality

One Writer's Imagination

Suzanne Marrs, 2002-09-01 In *One Writer's Imagination* Suzanne Marrs draws upon nearly twenty years of conversations interviews and friendship with Eudora Welty to discuss the intersections between biography and art in the Pulitzer Prize winner's work Through an engaging chronological and comprehensive reading of the Welty canon Marrs describes the ways Welty's creative process transformed and transfigured fact to serve the purposes of fiction She points to the sparks that lit Welty's imagination an imagination that thrived on polarities in her personal life and in society at large Marrs offers new evidence of the role Welty's mother circle of friends and community played in her development as a writer and analyzes the manner in which her most heartfelt relationships including her romance with John Robinson inform her work She charts the profound and often subtle ways Welty's fiction responded to the crucial historical episodes of her time notably the Great Depression World War II and the civil rights movement and the writer's personal reactions to war racism poverty and the political issues of her day In doing so Marrs proves Welty to be a much more political artist than has been conventionally thought Scrutinizing drafts of Welty's work Marrs reveals an evolving pattern of revision increasingly significant to the author's thematic concerns and precision of style Welty's achievement Marrs explains confirms theories of creativity even as it transcends them remaining in its origins somewhat mysterious Marrs's relationship to Eudora Welty as a friend scholar and archivist with access to private papers and restricted correspondence makes her a unique authority on Welty's forty year career The eclectic approach of her study speaks to the exhilarating power of imagination Welty so thoroughly enjoyed in the act of writing
