Lost Futures:

The Science of Lost Futures Ryan Habermeyer, 2018-05-08 The Science of Lost Futures is a prize winning collection full of quirky humor and intelligent absurdity Ryan Habermeyer is a yarn spinner of the first order Drawing on urban legends internet hoaxes and ancient medical folklore these stories go beyond science fiction and magical realism to create a captivating collection of fabulist stories that revel in the alien and the absurd *Lost Futures* Stan Grossfeld, 1997 Depict the plight of children around the world including victims of war disease and abuse **In Search of Lost Futures**

Magdalena Kazubowski-Houston, Mark Auslander, 2021-02-16 In Search of Lost Futures asks how imaginations might be activated through practices of autoethnography multimodality and deep interdisciplinarity each of which has the power to break down methodological silos cultivate novel research sensibilities and inspire researchers to question what is known about ethnographic process representation reflexivity audience and intervention within and beyond the academy By blurring the boundaries between the past present and future between absence and presence between the possible and the impossible and between fantasy and reality In Search of Lost Futures pushes the boundaries of ethnographic engagement It reveals how researchers on the cutting edge of the discipline are studying absence and grief and employing street performance museum exhibit anticipation or simulated reality to research and intervene in the possible the impossible and the uncertain

us the future is not set in stone Instead it is constantly being shaped and redefined by the everyday decisions of individuals and organizations In light of this uncertainty *The Future Starts Now* looks toward the various innovations and technologies that may shape our future Authors Theo Priestley and Bronwyn Williams have brought together the world's leading futurists to articulate and clarify the current trajectories in technology economics politics and business This is a comprehensive history of tomorrow with guidance insight and predictions that are fascinating for those curious about what the future may hold as well as business professionals looking to steer their career or their organization with foresight and confidence

Nature Futures 1 Henry Gee, 2025-10-16 This book brings together 97 short stories that seek to answer the question what will the future look like First published in the leading science journal *Nature* these 900 word tales come from scientists journalists and many of the most famous SF writers in the world Initially published in book form as *Futures from Nature* this is the first time this collection has been available as an eBook A unique blend of satires vignettes fictional book reviews science articles and journalism *Nature Futures* offers an eclectic mix of ideas and attitudes about the future With contributions from Arthur C Clarke Bruce Sterling Charles Stross Cory Doctorow Greg Bear Gregory Benford Oliver Morton Ian Macleod Rudy Rucker Greg Egan Stephan Baxter Frederik Pohl Vernor Vinge Nancy Kress Michael Moorcock Vonda N McIntyre Kim Stanley Robinson John M Ford and 79 more

Bloodstained Narratives Matthew Edwards, Fernando Gabriel Pagnoni Berns, 2023-03-24 Contributions by Donald L Anderson Brian Brems Eric Brinkman Matthew Edwards Brenda S Gardenour Walter Andrew Grossman Lisa Haegele Gavin F Hurley Mikel J Koven Sharon Jane Mee Fernando Gabriel Pagnoni Berns milie von Garan Connor John Warden and Sean Woodard The giallo yellow film cycle characterized by its bloody murders and blending of high art and cinematic sleaze rose to prominence in Italy in the 1960s and 1970s Beginning with Mario Bava's *The Girl Who Knew Too Much* 1963 and Dario Argento's *The Bird with the Crystal Plumage* 1970 giallo films influenced the American slasher films of the 1980s and attracted an increasingly large fandom In *Bloodstained Narratives: The Giallo Film in Italy and Abroad* contributors explore understudied aspects of gialli The chapters introduce readers to a wide range of films including masterpieces from Argento and overlooked gems all of them examined in close detail Rather than understanding giallo as focalized exclusively in Italy in the 1970s this collection explores the extension of gialli narratives abroad through different geographies and times This book examines Italian gialli of the 1970s as well as American neo gialli French productions Canadian horror films of the 1980s and Asian rewritings of this yellow cycle of crime horror films *Bloodstained Narratives* also features interviews with two giallo film directors including cult favorite Antonio Bido Rather than fading from the cinematic stage gialli serves as a precursor and steady accomplice to horror thriller films through the twenty first century

Desistance, Resistance, and Normalcy Tea Fredriksson, Robin Gålnander, 2025-03-26 This book provides a nuanced critical analysis of desistance from crime particularly through the lens of women's experiences It develops desistance theory by interrogating the concept of normalcy highlighting how normative

societal expectations cause harms on desistance journeys Through this lens the book uncovers tensions between desistance as a journey towards societal re integration and the resistance desisters experience when encountering state institutions and social norms Being no longer part of the old life and not yet part of the new desisters face both familiar and unfamiliar harms A key conceptual contribution is the book s critique of normalcy as both an aspirational and oppressive goal The work illustrates how the pursuit of mainstream inclusion can expose desisters to both new and continuous harms These include surveillance and stigma social and literal death gendered violence and economic precarity By engaging with feminist and temporal criminological theories the book sheds light on how desisters experiences reveal the dark side of normalcy calling into question whether its pursuit is wholly desirable With its focus on the intersections of gender stigma and social control this work advances academic debates on desistance proposing a rethinking of how criminal justice systems and support frameworks engage with those transitioning out of criminalized lifestyles It will appeal to students and scholars of criminology desistance gender studies recovery from addiction and to practitioners and policy makers in these fields

Historical Criminology David Churchill, Henry Yeomans, Iain Channing, 2021-11-29 This book sets an agenda for the development of historical approaches to criminology It defines historical criminology explores its characteristic strengths and limitations and considers its potential to enhance revise and fundamentally challenge dominant modes of thinking about crime and social responses to crime It considers the following questions What is historical criminology What does thinking historically about crime and justice entail How is historical criminology currently practised What are the advantages and disadvantages of different approaches to historical criminology How can historical criminology reshape understandings of crime and social responses to crime How does thinking historically bear upon major theoretical conceptual and methodological questions in criminological research What does thinking historically have to offer criminological scholarship more broadly and the uses of criminology in the public realm In this book Churchill Yeomans and Channing situate historical thinking at the heart of historical criminology reveal the value of historical research to criminology and argue that criminologists across the field have much to gain from engaging in historical thinking in a more regular and sustained way This book is essential reading for all criminologists as well as students taking courses on theories concepts and methods in criminology

In the Long Run Jonathan White, 2024-02-01 Exhilarating Financial Times Highly perceptive engaging and somewhat startling Literary Review A profound meditation on how and why democracy must keep its faith in the future and the future must keep its faith in democracy David Runciman Democracy is future oriented and self correcting today s problems can be solved we are told in tomorrow s elections But the biggest issues facing the modern world from climate collapse and pandemics to recession and world war each apparently bring us to the edge of the irreversible What happens to democracy when the future seems no longer open In this eye opening history of ideas Jonathan White investigates how politics has long been directed by shifting visions of the future from the birth of ideologies in the nineteenth century to Cold

War secrecy and the excesses of the neoliberal age As an inescapable sense of disaster defines our politics White argues that a political commitment to the long term may be the best way to safeguard democracy Wide in scope and sharply observed In the Long Run is a history of the future that urges us to make tomorrow new again
