Mistress of the House, Mistress of Heaven Anne K. Capel, Glenn Markoe, 1996 The first of its kind exhibit cataloged here focuses on the women of Egypt from all levels of society in works compiled strictly from American collections by American curators Because the quantity of written records is limited though enormous in comparison to most early societies there is still much guesswork involved in determining the place women held in Egyptian society It is clear that unlike most ancient and not so ancient societies Egypt conferred on women the legal right to own property and to barter their own goods which means a larger record for current study The essays here are both erudite and fascinating to read the illustrations are clear and well presented in conjunction with the text 117 colour 112 b w illustrations The Oxford Handbook of Egyptology Ian Shaw, Elizabeth Bloxam, 2020 The Oxford Handbook of Egyptology offers a comprehensive survey of the entire study of ancient Egypt from prehistory through to the end of the Roman period Transcending conventional boundaries between archaeological and ancient textual analysis and bringing together 63 chapters that range widely across the various archaeological philological and cultural sub disciplines authored by recognized experts in their respective fields it highlights the extent to which the discipline has diversified and stresses the need for it to seek multidisciplinary methods and broader

collaborations if it is to remain contemporary and relevant Authoritative yet accessible it is an invaluable resource for scholars students and general readers alike

The Sphinx Mystery Robert Temple,2009-01-20 A book that verifies the existence of secret underground chambers beneath the Sphinx and demonstrates its origins as the Egyptian god of the dead Anubis Includes an anthology of eyewitness accounts from early travelers who explored the secret chambers before they were sealed in 1926 Reveals that the Sphinx was originally carved as a monumental crouching Anubis the Egyptian jackal god of the necropolis Shrouded in mystery for centuries the Sphinx of Giza has frustrated many who have attempted to discover its original purpose Accounts exist of the Sphinx as an oracle as a king s burial chamber and as a temple for initiation into the Hermetic Mysteries Egyptologists have argued for decades about whether there are secret chambers underneath the Sphinx why the head to body ratio is out of proportion and whose face adorns it In *The Sphinx Mystery* Robert Temple addresses the many mysteries of the Sphinx He presents eyewitness accounts published over a period of 281 years of people who saw the secret chambers and even went inside them before they were sealed in 1926 accounts that had been forgotten until the author rediscovered them He also describes his own exploration of a tunnel at the rear of the Sphinx perhaps used for obtaining sacred divinatory dreams Robert Temple reveals that the Sphinx was originally a monumental Anubis the Egyptian jackal god and that its face is that of a Middle Kingdom Pharaoh Amenemhet II which was a later re carving In addition he provides photographic evidence of ancient sluice gate traces to demonstrate that during the Old Kingdom the Sphinx as Anubis sat surrounded by a moat filled with water called Jackal Lake in the ancient Pyramid Texts where religious ceremonies were held He also provides evidence that the exact size and position of the Sphinx were geometrically determined in relation to the pyramids of Cheops and Chephren and that it was part of a pharaonic resurrection cult

Women in Ancient Egypt Mariam F. Ayad,2022-11-15 Cutting edge research by twenty four international scholars on female power agency health and literacy in ancient Egypt There has been considerable scholarship in the last fifty years on the role of ancient Egyptian women in society With their ability to work outside the home inherit and dispense of property initiate divorce testify in court and serve in local government Egyptian women exercised more legal rights and economic independence than their counterparts throughout antiquity Yet their agency and autonomy are often downplayed undermined or outright ignored In *Women in Ancient Egypt* twenty four international scholars offer a corrective to this view by presenting the latest cutting edge research on women and gender in ancient Egypt Covering the entirety of Egyptian history from earliest times to Late Antiquity this volume commences with a thorough study of the earliest written evidence of Egyptian women both royal and non royal before moving on to chapters that deal with various aspects of Egyptian queens followed by studies on the legal status and economic roles of non royal women and finally on women s health and body adornment Within this sweeping chronological range each study is intensely focused on the evidence recovered from a particular site or a specific time period Rather than following a strictly chronological arrangement the

thematic organization of chapters enables readers to discern diachronic patterns of continuity and change within each group of women

Essays on Ancient Egypt in Honour of Herman Te Velde J Van Dijk, 1997 In the autumn of 1997 following his sixty fifth birthday Prof Dr Herman te Velde retired from the chair of Egyptology at the University of Groningen On this occasion he was presented with a volume of Egyptological studies in his honour to which colleagues and friends from all over the world contributed Although the emphasis is on the relation of Ancient Egypt the book covers a wide range of subjects including history and archaeology philology and linguistics

Tomb Treasures of the Late Middle Kingdom Wolfram Grajetzki, 2014-01-23 With detailed illustrations and archival images Egyptologist Wolfram Grajetzki describes and compares the opulent tombs of eminent and royal women from the late Middle Kingdom shedding new light on how the gendered and social identities of these women were viewed in the court and preserved in the grave

Sesostris - Scheschongq - Sesonchosis, 2024-07-29 Why Sesostris Why does the classical antiquity tell stories about this Egyptian hero king of the second millennium BC On which basis The contributions of this conference volume try to systematically answer the question how these narratives come into being and grow It is not a single historical king Sesostris

Rather the literary tradition of two millennia augments the story with the later Sheshonq kings makes Sesostri the international hero of demotic narratives and finally leads to the Greek Sesonchosis Romance which itself is widely received. All this takes place in an international cultural context. Warum gerade Sesostri? Warum werden ausgerechnet bei diesen ägyptischen Königen des frühen zweiten Jahrtausends v. Chr. in der klassischen Antike Heldengeschichten erzählt? Auf welcher Grundlage? Die Beiträge dieses Tagungsbandes gehen systematisch der Frage nach, wie diese Erzählungen entstehen und wachsen. Es ist nicht ein einziger literarischer König Sesostri. Vielmehr reichert die literarische Tradition bei zwei Jahrtausenden den Stoff um die späteren Scheshonq Könige an, macht Sesostri zu einem internationalen Helden demotischer Erzählungen und führt zum griechischen Sesonchosis Roman. All dies geschieht in einem internationalen kulturellen Rahmen.

The People of the Cobra Province in Egypt Wolfram Grajetzki, 2020-04-19. The book delivers a history from below for the first half of Egyptian history, covering the earliest settlements, state formation and the pyramid age. The focus is on the Wadjet province, about 350 km south of modern Cairo in Upper Egypt. Here, archaeological records provide an especially rich dataset for the material culture of farmers. Histories of Ancient Egypt have focussed heavily on the king's monuments and inscriptions, while the working population is hardly mentioned. The book investigates the life of people far from the centres of power. One main aim of the book is the interaction between farmers and the ruling classes at the centres of power and locally. How did decisions at the royal centre affect the life of ordinary people? The Introduction offers a critical survey of Egyptologists and their attitudes towards the working class. The social and cultural background of these researchers is analysed to assess how heavily they are influenced by time and their political and cultural background. The first chapter then describes the location and gives a history of previous research and excavations. The archaeological sites and the recorded ancient place names of the province are presented to provide a geographical framework for the book. The following chapters are arranged in chronological order, mainly according to the archaeological phases visible in the province. It appears that in phases of a weak central government, people in the provinces were much better off, while in phases of a strong central government, burials of poorer people are almost absent. The reasons for this are discussed. A substantial part of the book comprises descriptions of single burials and the material culture in the province. The archaeology of the poorer people is the main focus. Burial customs and questions of production are discussed. For a fuller picture, evidence from other parts of Egypt is also taken into account. Thus, settlement sites in other regions are presented to provide contemporary evidence for living conditions in particular periods. As the book will focus on the lower classes, the Tributary Mode of Production will be used as the main theoretical framework. The Tributary Mode of Production, previously known as the Asiatic Mode of Production, is a term that goes back to Karl Marx but was mainly used in the 20th century to describe ancient societies whose economies were not based on slaves. A constant question will be the status of the working population: Were they slaves, serfs or free citizens? It will be argued that they were most often in a dependent position comparable to that of serfs, while there is little

evidence for slavery The numerous burials presented in the volume are important for highlighting the diversity of burials in the different periods Many will be placed in special subchapters Readers can skip these chapters when they prefer to concentrate on the main text *The Oxford History of the Ancient Near East* Karen Radner, Nadine Moeller, Daniel T. Potts, 2022 Offers a comprehensive comparative and integrative approach to the history of Western Asia and Northeast Africa Integrates the latest epigraphic research and archaeological discoveries Uses states and communities as the focal points of the narrative Fully illustrated with detailed cartography for each chapter Written by an international team of leading scholars Book jacket **The Archaeology of Egypt in the Third Intermediate Period** James Edward Bennett, 2019-09-26 This book is aimed at students teachers and academics who have an interest in the study of urbanism in Egypt and the ancient world This book provides for the first time an up to date comprehensive analysis of Egyptian urbanism during the Third Intermediate Period 1076 664 BCE The Afterlives of Egyptian History Yekaterina Barbash, Kathlyn M. Cooney, 2021-06-08 An examination of the myriad lifetimes lived by ancient Egyptian artifacts Egypt has a particular longue durée a continuity of preservation in deep time not seen in other parts of the world Over the centuries ancient buildings have been adopted for purposes that differed from the original Temple sites have been transformed into places of worship for new deities or turned into houses and tombs Tombs in turn have been adapted to function as human dwellings already in the Late Antique Period The Afterlives of Egyptian History expands on the traditional academic approach of studying the original function and sociopolitical circumstances of ancient Egyptian objects texts and sites to examine their secondary lives by exploring their reuse modification and reinterpretation Written in honor of the Egyptologist Edward Bleiberg this volume brings together a group of luminous scholars from a wide range of fields including Egyptian archaeology philology conservation and art to explore the historical circumstances as well as political and economic situations of people who have come into contact with ancient Egypt both in antiquity and in more recent times Contributor Affiliations Yekaterina Barbash Brooklyn Museum Brooklyn NY USA Lisa Bruno Brooklyn Museum Brooklyn NY USA Simon Connor F R S FNRS Brussels Belgium and University of Liege Liege Belgium Kathlyn Kara Cooney UCLA Los Angeles CA USA Richard Fazzini Brooklyn Museum Brooklyn NY USA Peter Lacovara Ancient Egyptian Archaeology and Heritage Fund Albany NY USA Ronald J Leprohon University of Toronto Canada Mary McKercher Brooklyn Museum Brooklyn NY USA Edmund Meltzer Pacifica Graduate Institute Carpinteria California USA Joachim Friedrich Quack Heidelberg University Tiffin Ohio USA Paul Edmund Stanwick independent scholar New York NY USA Emily Teeter University of Chicago Chicago IL USA Kathy Zurek Doule Brooklyn Museum Brooklyn NY USA The Art of Ancient Egypt Gay Robins, 2008 An illustrated history of over 3 000 years of Egyptian artwork arranged chronologically from the early dynastic period to the Ptolemaic period **Joyful in Thebes** Kathlyn M. Cooney, Richard Jasnow, 2015-08-25 An international group of scholars have contributed to Joyful in Thebes a Festschrift for the distinguished Egyptologist Betsy M Bryan The forty two articles deal with topics of art history archaeology

history and philology representing virtually the entire span of ancient Egyptian civilization These diverse studies which often present unpublished material or new interpretations of specific issues in Egyptian history literature and art history well reflect the broad research interests of the honoree Abundantly illustrated with photographs and line drawings the volume also includes a comprehensive bibliography of Bryan s publications through 2015 Hatshepsut, from Queen to Pharaoh Metropolitan Museum of Art (New York, N.Y.),2005 A fascinating look at the artistically productive reign of Hatshepsut a female pharaoh in ancient Egypt *The Middle Kingdom of Ancient Egypt* Wolfram Grajetzki,2024-05-16 For the ancient Egyptians the Middle Kingdom c 2000 1700 BC was a classical period of art history and literature The Twelfth Dynasty was one of the strongest ever to rule on the banks of the Nile some of its kings were later worshipped as local gods and were made famous by classical Greek authors Yet Egyptologists tend not to look beyond the extraordinary royal sculpture and literary masterpieces of the time Although the picture is fragmentary as with any archaeological record the last two hundred years of exploration and excavation have revealed much of the splendour of the period This book examines the evidence for the culture history and society of both central and provincial Egypt at the time revealing the wealth of the entire country In this second edition Wolfram Grajetzki incorporates recent discoveries discussions and publications which have emerged over the intervening fifteen years including new excavation reports for the mastabas at Lisht and excavations at Abydos Too often overshadowed by the better preserved architecture of other periods Middle Kingdom Egypt emerges for the reader as a fascinating age in its own right
