The Boy Magician ,1909

Dominus Mundi Pier Giuseppe Monateri,2018-09-06 This monograph makes a seminal contribution to existing literature on the importance of Roman law in the development of political thought in Europe In particular it examines the expression dominus mundi following it through the texts of the medieval jurists the Glossators and Post Glossators up to the political thought of Hobbes Understanding the concept of dominus mundi sheds light on how medieval jurists understood ownership of individual things it is more complex than it might seem and this book investigates these complexities The book also offers important new insights into Thomas Hobbes especially with regard to the end of dominus mundi and the replacement by Leviathan Finally the book has important relevance for contemporary political theory With fading of political diversity Monateri argues that the actual setting of globalisation represents the reappearance of the Ghost of the Dominus Mundi a political refoul repressed a reappearance of its sublime nature and a struggle to restore its universal legitimacy and take its place In making this argument the book adds an important original vision to current debates in legal and political philosophy

Signs and Cities Madhu Dubey,2007-11-01 Signs and Cities is the first book to consider what it means to speak of a postmodern moment in African American literature Dubey argues that for African American studies postmodernity best names a period beginning in the early 1970s marked by acute disenchantment with the promises of urban modernity and of print literacy Dubey shows how black novelists from the last three decades have reconsidered the modern urban legacy and thus articulated a distinctly African American strain of postmodernism She argues that novelists such as Octavia Butler

Samuel Delany Toni Morrison Gloria Naylor Ishmael Reed Sapphire and John Edgar Wideman probe the disillusionment of urban modernity through repeated recourse to tropes of the book and scenes of reading and writing Ultimately she demonstrates that these writers view the book with profound ambivalence construing it as an urban medium that cannot recapture the face to face communities assumed by oral and folk forms of expression **The Storm Within** Brandon Eger, 2021-07-22 If you had the power to do practically anything would it be enough to outrun your destiny Shar is just a regular twenty five year old guy still trying to figure out life With an unreturned crush on a childhood friend a simple banking job and a set in stone daily routine his life is simple and predictable that is until a car crash and a lightning strike lead him to discover that our world is not the only one out there that there are other races besides just humans and that magic is very real sometimes with horrifying consequences With the discovery that the lightning has awakened something equally beautiful and deadly within him he finds himself at Brenerra an academy built to teach mages of all ages how to control their magic without destroying themselves What the mages choose to do after their training though whether they decide to use it impartially or for good or evil is entirely up to them As dark plots unfold and hidden enemies make their move Shar quickly discovers that nothing is as it seems that even his own powers and memories cannot be trusted Hugard's Magic Monthly In the Shadow of Goll (The Secrets of Droon #28) Tony Abbott, 2016-03-29 A hidden door A magical staircase .1957 Discover the world of Droon It's a dangerous time in Droon A mysterious ancient sorcerer has arrived waking the infamous Warriors of the Skorth and wreaking havoc He seems to be an expert in the most evil long ago magic and leads Eric and his friends on a treacherous journey to the Dark Lands But what awaits them there And what is the mysterious sorcerer really after Eric hopes that it s not too late to find out and stop him The Ice Dragon (Underworlds #4) Tony Abbott, 2012-12-01 The epic conclusion to the action packed arc It all comes down to this Owen Dana Jon and Sydney have to prevent Loki from finding the powerful Crystal Rune That means they need to find it first no matter what But tracking down the rune is only the beginning Loki is taking his battle for power to the world of the Norse gods and he s bringing an army of Underworldly creatures with him including a fierce ice dragon The stakes are high Dana's parents are missing and Pinewood Bluffs is under attack Loki is threatening to destroy our world for good Owen and his friends can t let that happen But do they stand a chance of stopping him The Moon Scroll (The Secrets of Droon #15) Tony Abbott, 2015-10-27 A hidden door A magical staircase Discover the world of Droon Galen's in trouble He's disappeared into the evil land of Goll and it's up to Eric Julie Neal and Keeah to help him The Wand of Urik is the powerful tool Galen needs But the Wand's been missing for years The only way to find it is by studying the powerful words of The Moon Scroll an ancient chronicle of Droon history Everyone knows that the Scroll holds mysterious secrets And following its clues to the Wand of the Urik is sure to be cool But no one has any idea just how exciting the journey will be until the Moon Scroll leads them back through time The Mask of Maliban (The Secrets of Droon #13) Tony Abbott, 2015-10-27 A hidden door A magical staircase Discover the world of
