Magical Adventures Of Pretty Pearl:

The Magical Adventures of Pretty Pearl , **The Magical Adventures of Pretty Pearl** Virginia Hamilton,1983 One long time ago Pretty Pearl god child lived high on a mountaintop in Africa with all other gods Curious about mankind and itching to show off her powers she came down off the mountain with her brother know all best god John de Conquer and sailed on a slave ship for America There she saw the suffering of the black people and felt their sorrow right behind her eyes Pretty Pearl knew now was her time to act Brother John gave her a magical necklace a set of rules to follow and a warning to be careful Them human bein s be awful tricky he said they has most winnin ways Drawing upon her fabulous storehouse of black legend myth and folklore Virginia Hamilton has ventured into new ways of exploring the human spirit in this extraordinary fantasy filled with mysteries beauty and hope *Magic Adventures of Pretty Pearl* Virginia Hamilton,1982

Tending to the Past Karen Michele Chandler,2024-01-18 In many popular depictions of Black resistance to slavery stereotypes around victimization and the heroic efforts of a small number of individuals abound These ideas ignore the powers of ordinary families and obscure the systematic working of racism *Tending to the Past* Selfhood and Culture in Children s Narratives about Slavery and Freedom examines Black authored historical novels and films for children that counter this distortion and depict creative means by which ordinary African Americans survived slavery and racism in early America *Tending to the Past* argues that this important understudied historical writing freedom narratives calls on young readers to be active critical thinkers about the past and its legacies within the present The book examines how narratives by children s book authors such as Joyce Hansen Julius Lester Marilyn Nelson and Patricia McKissack and the filmmakers Charles Burnett and Zeinabu irene Davis were influenced by Black cultural imperatives such as the Black Arts Movement to foster an engaged culturally aware public Through careful analysis of this rich body of work *Tending to the Past* thus contributes to ongoing efforts to construct a history of Black children s literature and film attuned to its range specificity and depths *Tending to the Past* provides illuminating interpretations that will help scholars and educators see the significance of the freedom narratives reconstructions in a neoliberal era a time of shrinking opportunities for many African Americans It offers models for understanding the powers and continuing relevance of the Black child s creative agency and the Black cultural practices that have fostered it **Young Adult Fiction by African American Writers, 1968-1993** Deborah Kutenplon, Ellen Olmstead,2014-04-08 Comprehensive and up to date The first contemporary publication to go beyond examining broad themes and trends in the field this timely volume looks closely at specific authors and texts The book is comprehensive and as current as possible covering works by African American authors for young adults published between 1968 1993 some 200 titles by close to 50 writers In addition to established authors and bestselling titles the coverage includes material overlooked by previous studies such as works from small presses and talented new authors Guidelines for evaluation An extensive introduction reviews important milestones in this body of literature and analyzes noteworthy

bibliographical and critical publications about such writing. It includes suggested guidelines for evaluating a work in terms of its direct and indirect treatment of such issues as race, gender, class, ability, age, sexuality, and sexual orientation. The book also offers specific guidance for determining the appropriate readership for a work with regard to age and gender. Unusually extensive annotations. The main body of the book is an annotated bibliography, alphabetical by author, with the works arranged chronologically by publication date. The annotations are much more extensive than those in other bibliographies. Each annotation reads more like a full-length book review and is from one to two pages long and explores themes, plot, and character development, evaluates the quality of the writing, judges the handling of issues of race, class, and gender, and provides a readership recommendation. Written in accessible language, this user-friendly book presents a wide range of factual information, evaluations, and analyses. It is a valuable tool for all teachers, librarians, counselors, and young adults.

Connecting Cultures Rebecca L. Thomas, 1996-01-30 A comprehensive guide to multicultural literature for children, this valuable resource features more than 1,600 titles including fiction, folktales, poetry, and song books that focus on diverse cultural groups. The selected titles published between the 1970s and 1990s are suitable for use with preschoolers through sixth graders and are likely to be found on the shelves of school and public libraries. Topics are timely with an emphasis on books that reflect the needs and interests of today's children. Each detailed entry includes bibliographic information. Use level is also included, as are cultural designation, subjects, and a summary. The invaluable Subject Access section incorporates use level, culture, and information. *Reconceptualizing Literacy in the New Age of Multiculturalism and Pluralism* Patricia Ruggiano Schmidt, Peter B. Mosenthal, 2001-07-01 This book offers a array of essays with challenging ideas and provoking new analyses of power asymmetries, multiple epistemologies, and vital concerns for the education of a different America: the America of new immigrants, people of color, with other cultures, languages, and values. The new American that many want to ignore and is becoming the only America. This book also forces us to reflect on the educational challenges we must face, especially in teacher education and the preparation of intellectual leaders. None of the major agenda items associated with a new era of social justice can be either comprehended or accomplished without a profound understanding of multicultural literacy and of its relationship to ethnic, racial, cultural, and linguistic diversity. While in previous decades we used frequently a rhetoric of multiculturalism at a safe distance, today we are living multiculturalism and practicing ethnic, cultural, and racial diversity in our daily lives as we seek a marriage partner, a business associate, a friend, a church. Most of all, we must live multiculturalism as we go to school and see children's faces. There is no way to escape the reality of ethnic, racial, and linguistic diversity as it comes entangled with many other cultural and class differences between and within each group we encounter. Suddenly, an abrupt awakening for many mainstream educators: what was peculiar of some areas in the Southwest has become common scenario in most metropolises and large cities. The present volume brings us face to face with issues and challenges we can no longer sweep under the rug. This outstanding volume lays down a solid general conceptual foundation that permits us to link

our theoretical past with the post modern era It also provides a clear context for the discussion of contrasting notions of monocultural literacy and the relationship of literacy and power The volume goes on to deal with the relationship of literacy and culture actually to specific cultures especially African American At this point the discourse turns to strategies for incorporating minority perspectives into the literacy curriculum and including the home cultures of disenfranchised peoples The last section of the book offers help on the practical issues of teacher education for student populations often ignored and linkages between schools and homes in order to empower the disenfranchised and isolated

Suffer the Little Children

Jodi Eichler-Levine,2015-04-08 Examines classic and contemporary Jewish and African American children's literature Through close readings of selected titles published since 1945 Jodi Eichler Levine analyzes what is at stake in portraying religious history for young people particularly when the histories in question are traumatic ones In the wake of the Holocaust and lynchings of the Middle Passage and flight from Eastern Europe's pogroms children's literature provides diverse and complicated responses to the challenge of representing difficult collective pasts In reading the work of various prominent authors including Maurice Sendak Julius Lester Jane Yolen Sydney Taylor and Virginia Hamilton Eichler Levine changes our understanding of North American religions She illuminates how narratives of both suffering and nostalgia graft future citizens into ideals of American liberal democracy and into religious communities that can be understood according to recognizable notions of reading domestic respectability and national sacrifice If children are the idealized recipients of the past what does it mean to tell tales of suffering to children and can we imagine modes of memory that move past utopian notions of children as our future Suffer the Little Children asks readers to alter their worldviews about children's literature as an innocent enterprise revisiting the genre in a darker and more unsettled light

Most Popular African American Authors Bernard A. Drew, 2006-11-30 Here's a one-stop resource containing 100 profiles of your favorite contemporary African American writers along with complete lists of their works. Focusing on writers who have made their mark in the past 25 years, this guide stresses African American writers of popular and genre literature from Rochelle Alers and Octavia Butler and Samuel Delaney to Walter Mosley and Omar Tyree, with a few classic literary giants also included. Short profiles provide an overview of the author's life and summarize his or her writing accomplishments. Many are accompanied by black and white photos of the author. The biographies are followed by a complete list of the author's published works. Where can you find information about popular contemporary African American authors? Web sites can be difficult to locate and unreliable, particularly for some of the newer authors, and their contents are inconsistent and often inaccurate. Although there are a number of reference works on African American writers, the emphasis tends to be on historical and literary authors. Here's a single volume containing 100 profiles of your favorite contemporary African American writers along with lists of their works. Short profiles provide an overview of the author's life and summarize his or her writing accomplishments. Many are accompanied by black and white photos of the author. The biographies are followed by a complete list of the author's published works. Focusing on writers who have made their mark in the past 25 years, this guide covers African American writers of popular and genre literature from Rochelle Alers, Octavia Butler, and Samuel Delaney to Walter Mosley, Omar Tyree, and Zane. A few classic literary giants who are popular with today's readers are also included, e.g., Maya Angelou, Toni Morrison, and Richard Wright. Readers who want to know more about their favorite African American authors or find other books written by those authors, students researching AA authors for reports and papers, and educators seeking background information for classes in African American literature will find this guide invaluable. High school and up.
