Magical Thought In Creative Writing The Distinctive Roles Of Fantasy And Imagination In Fiction:

Magical Thought in Creative Writing Anne Wilson,1983 **Comedy, Fantasy and Colonialism** Graeme

Harper,2002-08-01 Drawing together for the first time original work from international specialists this book assesses the role and character of comedy and fantasy in colonial societies from India to Ireland Australia to Cuba Africa to North America There are cross cultural comparisons and consideration of both imperial responses and colonized resistance The book deals with oral as well as written traditions the history of comic and fantastic discourse visual theatrical and literary representations as well as historical and cultural accounts **Teaching Children's Fiction** C. Butler,2006-03-20 This book

combines the work of nine leading teachers and scholars of children s literature from Europe and North America They explore the various disciplines and perspectives that have contributed to the study of children s literature giving practical classroom suggestions Contains an up to date resources section Entranced by Story Hugh Crago,2014-04-24 We live in a world of stories yet few of us pause to ask what stories actually are why we consume them so avidly and what they do for story makers and their audiences This book focuses on the experiences that good stories generate feelings of purposeful involvement elevation temporary loss of self vicarious emotion and relief of tension The author examines what drives writers to create stories and why readers fall under their spell why some children grow up to be writers and how the capacity for creating and comprehending stories develops from infancy right through into old age Entranced by Story applies recent research on brain function to literary examples ranging from the Iliad and Wuthering Heights to Harold and the Purple Crayon providing a groundbreaking exploration of the biological and neurological basis of the literary experience Blending research theory and biographical anecdote the author shows how it is the unique structure of the human brain with its layering of sophisticated cognitive capacities upon archaic emotion driven functions which best explains the mystery of story

Literature and Ethics Steve Brie,William T. Rossiter,2010-06-09 This volume examines the crucial relationship between literature and ethics as it has developed and changed from the late medieval period to the present day The focus of the volume is predicated upon three interrelated themes instruction judgement and justice Previous studies of literature and ethics have often been restricted to a limited chronology and generic focus the present volume covers a range of periods texts and genres in order to provide a wider illustration of the relationship between the literary and the ethical

Considering Children's Literature Andrea Schwenke Wyle,Teya Rosenberg,2008-02-21 The study of children s literature is not just about children and the books said to be for them it is also about the societies and cultures from which the literature comes and it is about the assumptions and ideas we hold about children and childhood For adults reading children s literature is ultimately both an act of nostalgia and of self examination When we consider children s literature we must include ourselves in the equation What kinds of readers are we How do we relate to books and stories To what degree should we impose our experience upon others Reading children s literature actively can lead to all kinds of remarkable and

sometimes unsettling revelations about ourselves and our society from the Introduction Considering Children's Literature is a collection of previously published essays on a variety of topics that inform the study of children's literature Exploring issues such as censorship the canon the meanings of fairy tales and the adaptation of children's literature into film the essays in this anthology are as diverse as they are illuminating Along with authors like Natalie Babbitt and Margaret Mahy teachers scholars and publishers of children's books are also contributors Accessible and comprehensive this book will appeal to anyone interested in children's literature

Borderline (Psychology Revivals) Peter Chadwick, 2013-12-16 Originally published in 1992 Borderline presents a unique study of the disturbed mind Professional psychologist Peter Chadwick draws upon his own personal experience of madness to provide a valuable exploration of the psychology of paranoia and schizophrenia The book goes beyond a narrowly focused analytical approach to examine schizophrenia from as many perspectives as possible Using participant observation introspection case study and experimental methods Chadwick shows how paranoid and delusional thinking are only exaggerations of processes to be found in normal cognition Impressed by the similarities between the thinking of mystics and psychotics he argues that some forms of madness are closely related to profound mystical experience and intuition but that these are expressed in a distorted form in the psychotic mind He explores the many positive characteristics and capabilities of paranoid patients providing a sympathetic account which balances the heavily negative constructions usually put on paranoia in the research literature Borderline provides many novel insights into madness and raises important questions as to how psychosis and psychotics are to be evaluated It will be essential reading for all practising professionals and students in clinical psychology and psychiatry and for everyone involved in the treatment understanding and management of schizophrenia

Emergent Curriculum in the Primary Classroom Carol Anne

Wien,2015-04-26 How is a compelling exemplary curriculum created in schools in spite of the pressures to implement a standardized one In this book teachers and principals share their experiences with emergent curriculum and with the creative practices they've developed in urban classrooms kindergarten to 3rd grade We learn what they were trying to do how they began the process the challenges they faced the decisions they made and what happened to the children All chapters are written by teachers who have found ways of interpreting the Reggio approach to enrich their teaching within the confines of traditional schools This book is essential reading for anyone wishing to understand emergent curriculum and for all who hope to nurture an enlivening energizing way to learn in classrooms The inspiring stories presented here illustrate Ways that early childhood values and practices have been sustained and promoted in elementary schools Exemplary teaching practice where children want to learn and teachers want to teach How the influence of the Reggio Emilia approach is reaching into urban public school environments with diverse populations Democratic participatory teaching that offers visions of responsible citizenship for children This book is a treasure trove of useful frameworks wonderful teacher stories and memorable insights It demonstrates the remarkable potential of children and teachers and it clarifies how North American elementary school educators can take hold of ideas from Reggio Emilia and integrate them with their own ideals and standards Carolyn Pope Edwards University of Nebraska Lincoln Carol Anne Wien demonstrates again that she can illustrate complex ideas this time the theories underlying the Reggio Emilia approach in innovative ways for a broad audience Celia Genishi Teachers College Columbia University A must read for educators seeking an antidote to prescriptive curricular practice that respects neither children nor teachers Curt Dudley Marling Lynch School of Education Boston College This book provides long overdue and compelling pathways for extending Reggio Emilia principles into the primary grades It will encourage readers to feel their way into the spirit and substance of emergent curricula and come away rejuvenated Daniel Scheinfeld Erikson Institute Chicago Illinois **Borderline** Peter Kenneth Chadwick,1992 Borderline provides a study of the disturbed mind Professional psychologist Peter Chadwick draws upon his own personal experience of madness to provide a exploration of the psychology of paranoia and schizophrenia The book goes beyond a narrowly focused analytical approach to examine schizophrenia from as many perspectives as possible Using participant observation introspection case study and experimental methods Chadwick shows how paranoid and delusional thinking are only exaggerations of processes to be found in normal cognition Impressed by the similarities between the thinking of mystics and psychotics he argues that some forms of madness are closely related to profound mystical experience and intuition but that these are expressed in a distorted form in the psychotic mind He explores the many positive characteristics and capabilities of paranoid patients providing a sympathetic account which balances the negative constructions usually put on paranoia in the research literature Borderline provides many novel insights into madness and raises important questions as to how psychosis and psychotics are to be evaluated psychotherapists and students of religion and psychology *Picturing the Page* Megan Swift,2020-05-12 Based on

sources from rare book libraries in Russia and around the world *Picturing the Page* offers a vivid exploration of illustrated children's literature and reading under Lenin and Stalin a period when mass publishing for children and universal public education became available for the first time in Russia By analysing the illustrations in fairy tales classic adult literature reformatted for children and war time picture books Megan Swift elucidates the vital and multifaceted function of illustrated children's literature in repurposing the past *Picturing the Page* demonstrates that while the texts of the past remained fixed illustrations could slip between the pages to mediate and annotate that past as well as connect with anti religious patriotic and other campaigns that were central to Soviet children's culture after the 1917 Revolution **Arthurian Bibliography**

III: 1978-1992 Caroline Palmer,1998 Details of all published Arthurian work post 1978 to 1992 If one wants to scoop up nearly everything on an Arthurian subject there is no substitute for the Arthurian Bibliography series ANGLIA In 1981 the first Arthurian Bibliography appeared an exhaustive alphabetical author listing of all critical material recorded in the standard Arthurian bibliographies up to 1978 This was followed in 1983 by the second volume giving full indexes by topic key word and individual work author to form a complete subject index of every topic in Arthurian literature Summaries and reviews were also indicated where they existed Arthurian Bibliography III updates this invaluable reference work for Arthurian scholars to 1992 Compiled from the BBSIA it conveniently contains both author listing and subject index in one volume **Bulletin Bibliographique de la Société Internationale Arthurienne** International Arthurian Society,1989

Language through Translation Daozhen Zhang,2020-08-12 Characterization is a vital issue in creative and imaginative writing for children Within a communicative framework of systemic functional linguistics this book reveals how the fantasy characterization is construed in the SL text and how it is constructed and distorted in the Chinese translation based on a description and interpretation of the translation shifts before an explanation is given of the semiotic relationship between those shifts and the characterization As a work of descriptive translation studies this book provides approaches to transitivity construal of the characterization of fantasy in both the SL and TL texts It can also provide empirical evidence for comparative text studies as well as critical discourse analysis In addition it will serve to provide implications for the creative writing of fantasy stories as well as insightful implications for very practical purposes such as the evaluation of clinical discourse
