Aleister Crowley's Four Books of Magick, 2021-11-09 This is the masterpiece of occultist magician and philosopher Aleister Crowley introduced for the first time by one of the world's leading experts on Western esoteric traditions Stephen Skinner. Do what thou wilt. Written in the early twentieth century, the four books contained within this collection make up one of the most complete and groundbreaking works on the practice of magick ever written. They are considered to be the masterpiece of occultist magician and philosopher Aleister Crowley and the core texts for the religion of Thelema. Their influence on alternative western thought and philosophy cannot be exaggerated. Also known as Book Four or Liber ABA, the four parts bring together many rituals, received texts, theorems, and unequalled insights into the practice of magick culminating in The Book of the Law, the central sacred text dictated to Crowley by a preternatural entity. Anyone interested in yoga, ceremonial magic, esoteric thought, invocation, divination, and beyond, or those looking to delve into the fascinating, playful, and illuminating writings of a unique man, will find inspiration. For the first time, one of the world's leading experts on Western esoteric traditions and magic, Dr. Stephen Skinner, introduces the text, sharing his insights into Crowley's take on yoga, ceremonial magick, and Thelema. His long involvement with magick, both as an academic and as a practitioner, enabled Dr. Skinner to highlight the differences between the psychological and the spirit-orientated approaches to magick and to show how that dilemma shaped Crowley's practice and his founding of Thelema, enlightening the reader to many previously unknown connections.

Magia Sexualis Hugh B. Urban, 2006-10-04 Sexuality and the occult arts have long been associated in the western imagination, but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic, the use of sex as a source of magical power, emerged. This book, the first history of western sexual magic as a modern spiritual tradition, places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation. Focusing on a series of key figures, including American spiritualist Paschal Beverly Randolph, Aleister Crowley, Julius Evola, Gerald Gardner, and Anton LaVey, Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions.

including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet The Eloquent Blood Manon Hedenborg White,2020 *The Eloquent Blood* focuses on the changing construction of femininity and feminine sexuality in interpretations of the goddess Babalon A central deity in Thelema the religion founded by the notorious British occultist Aleister Crowley 1875 1947 Babalon is based on Crowley s favorable reinterpretation of the biblical Whore of Babylon and is associated with liberated female sexuality and the spiritual ideal of passionate union with existence Combining research on historical and contemporary Western esotericism with feminist and queer theory the book sheds light on the ways in which esoteric movements and systems of thought have developed over time in relation to political movements *London's Curse* Mark Beynon,2011-10-31 Throughout the 1920s and 1930s London was gripped by the supposed curse of Tutankhamun whose tomb in the Luxor sands was uncovered in February 1923 by the British archaeologist Howard Carter The site was plundered and over the next few years more than twenty of those involved in the exhumation or in handling the contents of the tomb perished in strange and often terrifying circumstances prompting the myth of the Curse of Tutankhamun Nowhere particularly London s West End appeared to be safe for those who had provoked the ire of the Egyptian death gods A blend of meticulous research and educated conjecture historian and screenwriter Mark Beynon turns armchair detective as he uncovers a wealth of hitherto unpublished material that lays bare the truth behind these fatalities Could London s Curse be attributed to the work of a macabre mastermind It soon becomes apparent that these deaths were not only linked by the ominous presence of Tutankhamun himself but also by a murderer hell bent on retribution and dubbed by the press as The Wickedest Man in the World **Living Thelema** David Shoemaker,2022-12-01 The most thorough and understandable exposition of the underlying theories and the practical applications of the spiritual disciplines of Thelema currently available A landmark work Lon Milo DuQuette author of *The Magick of Aleister Crowley* The system of spiritual attainment developed by Aleister Crowley is notoriously challenging in its scope *Living Thelema* adapted from the popular podcast of the same name brings a welcome approachability to Crowley s material without diminishing the depth of the system The author focuses on the practical and experiential aspects of the path of Thelema allowing the reader to grasp the true transformative power of the system Beginners and advanced practitioners alike will find much useful advice here as Shoemaker brings his characteristic down to earth style to bear on topics such as ritual and meditation practices sex magick astral projection psychotherapy for magicians the Knowledge and Conversation of the Holy Guardian Angel and that pinnacle of attainment known as the crossing of the Abyss The author s background as a practicing psychotherapist allows an entirely unique fusion of esoteric wisdom and cognitive science In this entertaining and dare I say it lively book David Shoemaker reminds us that

Thelema is not just a philosophy or a study but a spiritual practice From applied how to advice to thought provoking how about posers Dr Shoemaker offers his personal take informed by twenty years of walking the talk along with his incisiveness as a professional therapist on how to get the most out of the fundamental Thelemic practices of yoga and ritual both inside and outside of the temple Richard Kaczynski author of *Perdurabo The Life of Aleister Crowley* **Hidden Intercourse** Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries **In the Center of the Fire** James Wasserman, 2012-05-24 In this daring expose by a survivor of a unique era in the New York occult scene James Wasserman a longtime proponent of the teachings of Aleister Crowley brings us into a world of candlelit temples burning incense and sonorous invocations The author also shares an intimate look at the New York Underground of the 1970s and introduces us to the company of such avant garde luminaries as Alejandro Jodorowsky Harry Smith and Angus MacLise A stone's throw away from the Velvet Underground and Andy Warhol's Factory William Burroughs' bunker and the legendary Chelsea Hotel was a scene far more esoteric than perhaps even they could have imagined When James Wasserman joined the O T O in 1976 there were fewer than a dozen members Today the Order numbers over 4 000 members in 50 countries and has been responsible for a series of groundbreaking publications of Crowley's works The author founded New York City's TAHUTI Lodge in 1979 He chronicles its early history and provides a window into the heyday of the Manhattan esoteric community This is also a saga with a very human tableau filled with tender romance passionate friendships an abiding spiritual hunger danger passion and ecstasy It also explores several hidden magical byways including the rituals of Voodoo Tibetan Buddhism and Sufism Reconstructed from personal memories magical diaries multiple interviews court transcripts witness depositions trial evidence and extensive correspondence this book elucidates a hitherto misreported and ill understood nexus of modern magical history **The Unknown God** Martin P. Starr, 2024 The Unknown God gives a view into the twentieth century North American occult underground influenced by the English occultist and prophet Aleister Crowley as told through the biography of his disciple in the USA Wilfred Talbot Smith 1885-1957 It draws on accounts from Smith's social network which encompassed Caltech rocket scientist Jack Parsons the Rosicrucian leader H Spencer Lewis the Hollywood actor John Carradine and gay liberationist Harry Hay Students of esoteric

Freemasonry the Golden Dawn the Theosophical Society and the Crowley based occult orders will find The Unknown God a fascinating resource this is the book that connects them all

High Culture Christopher Partridge, 2018-06-01 History is littered with evidence of humanity's fascination with drugs and the pursuit of altered states From early Romanticism to late nineteenth century occultism and from fin de siècle Paris to contemporary psychedelic shamanism psychoactive substances have played catalyzing people Yet serious analysis of the religious dimensions of modern drug use is still lacking the use of drugs and the pursuit of transcendence from the nineteenth century to the present day Beginning with the Romantic fascination with opium it chronicles the discovery of anesthetics the psychiatric and religious interest in hashish the bewitching power of mescaline and hallucinogenic fungi the more recent uses of LSD as well as the debates surrounding drugs and religious experience This fascinating and wide ranging sociological and cultural history fills a major gap in the study of religion in the modern world and our understanding of the importance of countercultural thought offering new and timely insights into the controversial relationship between drugs and mystical experience
