Magics Return:

Karielle and the Return of Magic Jo Ann Gilbert Stover, 2013-01-14 Youve been dead for over two hundred years and all of a sudden the gods want you and your husband to return to your old world to destroy another evil that threatens humanity Oh sure now youll be an immortal and your magic will be stronger than ever BUT youve been instructed to find a boy O K not too much of a problem BUT this boy isnt just any boy hes a direct descendant of the family you belonged to Your mission Find this boy train him because he has the gift of magic too have him help destroy the people who have brought the dark arts to your once pristine city and have destroyed all you built in your former life And then after youve accomplished all that reestablish your family name and its magic in the land Easy for the gods to say **The Magic Returns** S. Park, 2020-10-21 All the world changed in a single moment Lives were ended and even more lives disrupted For magic had come back into the world destroying all modern technology in an instant And with the magic came elves dragons were folk and vampires Thomas is one of these and one of the oldest for he was there when the world changed He has been alone for a long time When a chance encounter leads him to Justin and Ian a mated pair of werewolves he finds that he may not need to be alone any more Justin ever curious asks Thomas about the day the magic returned and Thomas shares two stories from his past describing the confusion and horror of the old world s destruction but also sharing the blossoming relationship he found amid the chaos

Wolf Captured Jane Lindskold, 2018-05-05 Firekeeper never viewed her ability to speak with animals as anything other than her birthright as a human raised by wolves However to the theocrats of Liglim it is literally the answer to prayer Determined to pry the secret from the wolf woman the Liglimom kidnap Firekeeper and Blind Seer Determined to leave no trail they even take the risk of kidnapping Derian Counselor But being trapped in a new land is only the beginning of the shocks to Firekeeper s world view Unlike the humans Firekeeper has met to this point the Liglimom not only know about the elite Beasts who Firekeeper considers her people they have enshrined them as go betweens in their communication with the Divine Before she departs Liglim Firekeeper is determined to learn the truth about the relationship between the Wise Beasts and the humans of Liglim If they are captives as she Blind Seer and Derian are captives then the wolf woman vows to do everything in her power to set them free Deep Value Tobias E. Carlisle, 2014-08-18 The economic climate is ripe for another golden age of shareholder activism Deep Value Why Activist Investors and Other Contrarians Battle for Control of Losing Corporations is a must read exploration of deep value investment strategy describing the evolution of the theories of valuation and shareholder activism from Graham to Icahn and beyond The book combines engaging anecdotes with industry research to illustrate the principles and methods of this complex strategy and explains the reasoning behind seemingly incomprehensible activist maneuvers Written by an active value investor Deep Value provides an insider s perspective on shareholder activist strategies in a format accessible to both professional investors and laypeople The Deep Value investment philosophy as described by Graham initially identified targets by their discount to liquidation value This approach was

extremely effective but those opportunities are few and far between in the modern market forcing activists to adapt Current activists assess value from a much broader palate and exploit a much wider range of tools to achieve their goals Deep Value enumerates and expands upon the resources and strategies available to value investors today and describes how the economic climate is allowing value investing to re emerge Topics include Target identification and determining the most advantageous ends Strategies and tactics of effective activism Unseating management and fomenting change Eyeing conditions for the next M A boom Activist hedge funds have been quiet since the early 2000s but economic conditions shareholder sentiment and available opportunities are creating a fertile environment for another golden age of activism Deep Value Why Activist Investors and Other Contrarians Battle for Control of Losing Corporations provides the in depth information investors need to get up to speed before getting left behind **Grimoire for the Green Witch** Ann

Frazer,1957-01-01 Who does not know Turner s picture of the Golden Bough The scene suffused with the golden glow of imagination in which the divine mind of Turner steeped and transfigured even the fairest natural landscape is a dream like vision of the little woodland lake of Nemi Diana s Mirror as it was called by the ancients No one who has seen that calm water lapped in a green hollow of the Alban hills can ever forget it The two characteristic Italian villages which slumber on its banks and the equally Italian palazzo whose terraced gardens descend steeply to the lake hardly break the stillness and even the solitariness of the scene Dian herself might still linger by this lonely shore still haunt these woodlands wild In antiquity this sylvan landscape was the scene of a strange and recurring tragedy On the northern shore of the lake right under the precipitous cliffs on which the modern village of Nemi is perched stood the sacred grove and sanctuary of Diana Nemorensis or Diana of the Wood The lake and the grove were sometimes known as the lake and grove of Aricia But the town of Aricia the modern La Riccia was situated about three miles off at the foot of the Alban Mount and separated by a steep descent from the lake which lies in a small crater like hollow on the mountain side In this sacred grove there grew a certain tree round which at any time of the day and probably far into the night a strange figure might be seen to prowl In his hand he carried a drawn sword and he kept peering warily about him as if every instant he expected to be set upon by an enemy He was a priest and a murderer and the man for whom he looked was sooner or later to murder him and hold the priesthood in

his stead Such was the rule of the sanctuary A candidate for the priesthood could only succeed to office by slaying the priest and having slain him he held office till he was himself slain by a stronger or a craftier This strange rule has no parallel in classical antiquity and cannot be explained from it To find an explanation we must go farther afield No one will probably deny that such a custom savours of a barbarous age and surviving into imperial times stands out in striking isolation from the polished Italian society of the day like a primeval rock rising from a smooth shaven lawn It is the very rudeness and barbarity of the custom which allow us a hope of explaining it For recent researches into the early history of man have revealed the essential similarity with which under many superficial differences the human mind has elaborated its first crude philosophy of life Accordingly if we can show that a barbarous custom like that of the priesthood of Nemi has existed elsewhere if we can detect the motives which led to its institution if we can prove that these motives have operated widely perhaps universally in human society producing in varied circumstances a variety of institutions specifically different but generically alike if we can show lastly that these very motives with some of their derivative institutions were actually at work in classical antiquity then we may fairly infer that at a remoter age the same motives gave birth to the priesthood of Nemi Such an inference in default of direct evidence as to how the priesthood did actually arise can never amount to demonstration But it will be more or less probable according to the degree of completeness with which it fulfils the conditions indicated above The object of this book is by meeting these conditions to offer a fairly probable explanation of the priesthood of Nemi I begin by setting forth the few facts and legends which have come down to us on the subject According to one story the worship of Diana at Nemi was instituted by Orestes who after killing Thoas King of the Tauric Chersonese the Crimea fled with his sister to Italy bringing with him the image of the Tauric Diana The bloody ritual which legend ascribed to that goddess is familiar to classical readers it is said that every stranger who landed on the shore was sacrificed on her altar But transported to Italy the rite assumed a milder form Within the sanctuary at Nemi grew a certain tree of which no branch might be broken Only a runaway slave was allowed to break off if he could one of its boughs Success in the attempt entitled him to fight the priest in single combat and if he slew him he reigned in his stead with the title of King of the Wood Rex Nemorensis Tradition averred that the fateful branch was that Golden Bough which at the Sibyl's bidding Aeneas plucked before he essayed the perilous journey to the world of the dead The flight of the slave represented it was said the flight of Orestes his combat with the priest was a reminiscence of the human sacrifices once offered to the Tauric Diana This rule of succession by the sword was observed down to imperial times for amongst his other freaks Caligula thinking that the priest of Nemi had held office too long hired a more stalwart ruffian to slay him
