The Mahatmas and Their Letters Geoffrey A. Barborka, 1973      **Mahatmas And Their Letters** Geoffrey A Barborka,

**The Mahatma Letters to A. P. Sinnett from the Mahatmas M. & K. H.** Alfred Percy Sinnett, 1924      The Mahatma

Mukunda Rao, 1992 On Mahatma Gandhi 1869 1948 while in Noakhali during the summer of 1946      Constructing Tradition

Andreas Kilcher, 2010-10-05 This volume of conference proceedings investigates the various ways and patterns with which esoteric writings and groups establish their own tradition This involves concepts of origin and memory ways of legitimising esoteric tradition as well as techniques and practices of knowledge transmission in esotericism      *Handbook of the*

*Theosophical Current* Olav Hammer, Mikael Rothstein, 2013-01-09 This title represents pioneering research into an important but under researched current The three sections in the book are devoted to the Theosophical Society Theosophically influenced religious currents and the interaction between Theosophy and surrounding culture      *Theosophy across*

*Boundaries* Hans Martin Krämer, Julian Strube, 2020-11-01 Theosophy across Boundaries brings a global history approach to the study of esotericism highlighting the important role of Theosophy in the general histories of religion science philosophy art and politics The first half of the book consists of seven perspectives on the activities of the Theosophical Society in very different regional contexts ranging from India Vietnam China and Japan to Victorian Britain and Israel shedding new light on the entanglement of Western and Oriental ideas around 1900 The second half explores specific cultural influences that Theosophy exerted in the spheres of literature art and politics using case studies from Sri Lanka Burma India Japan Ireland Germany and Russia The examples clearly show that Theosophy was part of a truly global movement thus providing an outstanding example of the complex entanglements of the global religious history of the nineteenth and early twentieth centuries      **Reflections on an Ageless Wisdom** Joy Mills, 2014-07-01 Modern Theosophy expresses the ancient wisdom

tradition found in all religions When H P Blavatsky founder of the Theosophical Society in 1875 told English journalist A P Sinnett she had gained her paranormal knowledge from more evolved beings called the Mahatmas Sinnett asked to communicate with them himself The result was a remarkable correspondence carried on from 1880 to 1885 with Mahatmas Khoot Hoomi and Morya Recorded in The Mahatma Letters to A P Sinnett the answers of these Teachers form an essential part of Theosophical literature At the time the Letters stormed the bastions of racial and religious prejudice and they continue to fascinate those seeking to probe the mysteries of the universe and the nature of consciousness Here is the most comprehensive magisterial discussion of The Mahatma Letters since they were first published in 1924 Eminent Theosophist Joy Mills bases her commentary on Vincente Hao Chin s 1999 edition of the Letters helpfully arranged chronologically to enable following the exposition as it originally unfolded Mills quotes Sinnett in emphasizing that the Mahatmas purpose was not to put the world into possession of occult knowledge but to train those who proved qualified so that they might ascend the path of spiritual progress Her focus then is on not only knowledge of the magnificent Occult Science but more

significantly the ethical and moral values we must embrace to be of service to the world She offers her reflections on over 140 letters in the hope that they may prove useful to fellow students on the journey toward the spiritual heights May these letters call you as they have continued to call me to keep on exploring for truly there is no other way to go **Western Sufism** Mark Sedgwick,2016 In this book Mark Sedgwick shows that Western Sufism is not a recent phenomenon of the new age but rather is rooted in a series of intercultural transfers between the Muslim world and the West starting in the Middle Ages and in centuries of later Western intellectual history **Readers' Guide to the Mahatma Letters to A. never flags in vividness and drama Robert Payne re creates Mahatma Gandhi both as a spiritual and historical force and as a living personality When in January 1948 Gandhi was assassinated in Delhi by a fanatic his death sent shock waves around the world For two generations he had been the conscience of his country and the world Planting the idea of non violence firmly in men s minds he had not only conquered India but also changed the landscape of the human heart In the tradition of his best selling biographies of Lenin and Schweitzer Robert Payne s life brings Gandhi alive as a rounded personality Beginning with the moving story of a shy awkward boy from a provincial Indian city who married at Thirteen then was separated from his bride for years while he read law in London the book describes Gandhi s life as a successful barrister in South Africa who turned his back on wealth to defend Indian settlers against discrimination and persecution Robert Payne superbly describes Gandhi s daring marches to aid the oppressed his fasts and imprisonments his historic achievements at international congresses and conferences in India and England where clad only in shawl and loincloth he met with prime ministers and viceroys and won their respect as he fought for the dignity and freedom of his people I would place Robert Payne s book on the level of a great novel by Tolstoy swiftly moving panoramic writ on the canvas of destiny and of close historical characterization writes Dr Amiya Chakravarty former private secretary of Rabindranath Tagore who knew Gandhi personally and worked with him It is one of the great biographies No finer account of Gandhi s life and death has been written

**The Mahatma Letters to A.P. Sinnett from the Mahatmas M. & K.H.** Alfred Percy Sinnett,1948

**Divine Feminine** Joy Dixon,2003-05-01 Honorable Mention for the Wallace K Ferguson Prize from the Canadian Historical Association Chosen by Choice Magazine as an Outstanding Academic Title of 2003 In 1891 newspapers all over the world carried reports of the death of H P Blavatsky the mysterious Russian woman who was the spiritual founder of the Theosophical Society With the help of the equally mysterious Mahatmas who were her teachers Blavatsky claimed to have brought the ancient wisdom of the East to the rescue of a materialistic West In England Blavatsky s earliest followers were mostly men but a generation later the Theosophical Society was dominated by women and theosophy had become a crucial part of feminist political culture Divine Feminine is the first full length study of the relationship between alternative or esoteric spirituality and the feminist movement in England Historian Joy Dixon examines the Theosophical Society s claims that women and the East were the repositories of spiritual forces which English men had forfeited in their scramble for material and imperial power Theosophists produced arguments that became key tools in many feminist campaigns Many women of the Theosophical Society became suffragists to promote the spiritualizing of politics attempting to create a political role for women as a way to sacralize the public sphere Dixon also shows that theosophy provides much of the framework and the vocabulary for today s New Age movement Many of the assumptions about class race and gender which marked the emergence of esoteric religions at the end of the nineteenth century continue to shape alternative spiritualities today

**Masters and Men** Virginia Hanson,1980-01-01 A fictionalized version of the story of the Mahatma letters

*Mahatma Gandhi on Education* Mishra, Anil Dutta, Gandhi's concept of education is creative original revolutionary skill development and based on societal need. It is not based on intellectual romanticism rather beyond Marxism Macaulay Gurukul and Madarsha. It was unique innovative need base and fundamental and provide an alternative. Gandhi's selected original writings and speeches on education have been reproduced to understand his concept of education and its relevance even in contemporary world. These writings and speeches will be an eye opener for the readers as it will clear the myths about Gandhi's experimentation on education. Never before writings and speeches of Gandhi on education are placed at one place. These writings and speeches are reproduced here without any distortion and alteration so that the readers draw their own conclusions. I am sure that the book *Mahatma Gandhi on Education* will open new vistas of research and proper understanding of Gandhi on critical issue of making of individual society and nation.

**Imagining the East** Erik Reenberg Sand, Tim Rudbøg, 2020. The essays in *Imagining the East* explore how Theosophists during the formative period imagined the religions and cultures of the East. The authors examine the relationship of such representations to orientalism, the history of ideas, politics and culture at large and discuss how these esoteric or theosophical representations mirrored conditions and values current in nineteenth century mainstream intellectual culture. The essays also look at how the early Theosophical Society's representations of the East differed from mainstream orientalism and how the Theosophical Society's mission in India was distinct from that of British colonialism and Christian missionaries.
