Maiden Speech:

Maiden Speeches of U.S. Senators in the 108th Congress of the United States, 2005 The Complete Collection of Parliamentary Maiden Speeches of the Post-war Prime Ministers of the United Kingdom Winston Churchill, Theresa May, 2018-01-10 At time of publication fifty four people have held the office of Prime Minister of the United Kingdom fourteen of which in the post war period All Prime Ministers start as a back bench Members of Parliament MPs and all new MPs are expected to make a maiden speech to the House of Commons The speech is in no doubt a daunting experience Some MPs wish to use the speech to make their mark others want to get it over and done with For the first time this book publishes all parliamentary maiden speeches of the post war Prime Ministers in one volume from Winston Churchill to Theresa May and includes details of party affiliation dates of service as Prime Minister dates of service as an MP date of delivery of maiden speech and the number of words contained in the maiden speech This books gives an insight into the issues that pre occupied these Prime Ministers as they first entered Parliament *How to Write a Parliamentary Speech* Paul Richards, 2024-10-03 How to Write a Parliamentary Speech is a practical guide to effective speechwriting from one of the best in the business In this fresh funny practical guidebook Paul Richards deploys his thirty years experience writing parliamentary speeches to offer tips tricks and sage advice From the maiden speech to the resignation farewell via tributes apologies second readings adjournments and all points in between this book gives you the inside track on how it s done How to Write a Parliamentary Speech will help politicians and their staff write and deliver better speeches But more than that it provides anyone interested in politics with a behind the scenes view of how our politicians make their arguments use and misuse language and ultimately make the laws of the land David Cameron Tony Benn Margaret Thatcher Barbara Castle Charles Kennedy Tony Blair Liz Truss Aneurin Bevan George Galloway and Michael Gove all make an appearance as Paul Richards pulls apart their speeches and sees what we can all learn There are one or two stinkers too to see how not to do it There are lots of books about speechwriting but this is the first one in 800 years about how to write a parliamentary speech A Social Theory of Congress Brian Alexander, 2021-04-09 What is the role that norms play in the U S Congress At a time of unprecedented partisanship and high profile breaches of legislative norms in the modern Congress the relationship between norms and the functioning of the institution is a growing and pressing concern Despite the importance of the topic recent scholarship has not focused on congressional norms Meanwhile previous research leaves open many relevant questions about the role of norms in the Congress of the twenty first century A Social Theory of Congress brings norms back in to the study of Congress by defining what are legislative norms identifying which norms currently exist in the U S Congress and examining the effects that congressional norms have This book provides a new research approach to study congressional norms through a comprehensive review of previous scholarship and a combination of interviews survey research and analysis of member behavior What s more an innovative theoretical framework a social theory of Congress provides new perspectives in the

study of legislatures and political behavior The findings are striking Norms of cooperation are surprisingly alive and well in an otherwise partisan Congress But norms of conflict are on the rise In addition norms of a changing culture are affecting how members understand their role as lawmakers and in their interactions among one another Together these findings suggest that norms play an important role in the functioning of the legislature and as norms evolve so too does the performance of Congress in American democracy *Sound Citizens* Catherine Fisher,2021-06-08 In 1954 Dame Enid Lyons the first woman elected to the Australian House of Representatives argued that radio had created a bigger revolution in the life of a woman than anything that has happened any time as it brought the public sphere into the home and women into the public sphere Taking this claim as its starting point *Sound Citizens* examines how a cohort of professional women broadcasters activists and politicians used radio to contribute to the public sphere and improve women s status in Australia from the introduction of radio in 1923 until the introduction of television in 1956 This book reveals a much broader and more complex history of women s contributions to Australian broadcasting than has been previously acknowledged Using a rich archive of radio magazines station archives scripts personal papers and surviving recordings *Sound Citizens* traces how women broadcasters used radio as a tool for their advocacy radio s significance to the history of women s advancement and how broadcasting was used in the development of women s citizenship in Australia It argues that women broadcasters saw radio as a medium that had the potential to transform women s lives and status in society and that they worked to both claim their own voices in the public sphere and to encourage other women to become active citizens Radio provided a platform for women to contribute to public discourse and normalised the presence of women s voices in the public sphere both literally and figuratively **LIFE** ,1969-05-02 *LIFE Magazine* is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **A Leader Must Be a Leader** Jerry S Grafstein,2019-07-26 Based on impressions and personal encounters with each of the last 11 Canadian Prime Ministers Senator Jerry Grafstein has explored their paths to power considering the legacies they have left on the pages of history Like all politicians Grafstein became obsessed with the factors that made a leader a leader Is leadership a natural or a learned skill set What unique amalgam of oratory skill ambition character persistence detachment decisiveness empathy intelligence personality experiences memory common sense ideas judgement temperament and most especially self awareness separate wannabe leaders from the pinnacle of leadership This is a unique book written by an acute legal mind a powerful political strategist a very successful media and communication expert an engaged Canadian and a most thoughtful Liberal Senator Grafstein assesses evaluates and appreciates these Canadian Prime Ministers with insight humor and generosity **Memorial Addresses and Other Tributes, Held in the Senate and House of Representatives of the United States Together with Memorial Services in Honor of Robert C.
