Royal Alien Mate Sue Mercury,Sue Lyndon,2020-03-24 He s determined to conquer her heart Desperate to save her parents from debtors prison Esmay signs up as an alien mail order bride She ll travel to Mars to become a savage alien s mate and in

exchange for her sacrifice all her family's debt will be forgiven. She prays she'll find some semblance of happiness on Mars and hopes her future husband treats her with kindness. But she's stunned to discover the muscle-bound blue alien she's been matched with is Prince Vaath, a fearsome warrior who once led a deadly battle against Earth. How can she willingly give herself to an alien who killed so many of her people? Prince Vaath is aware many of his followers are hesitant to mate with humans, but after losing most of their females, it's necessary that they claim as many human females as possible in order to procreate and strengthen their numbers. He's shocked by the possessiveness he feels when he first looks upon golden-haired Esmay, and long-buried instincts soon rise to the surface as he claims his new princess. Time and time again, he knows she's afraid of him and believes him to be a savage, but he can't get enough of the little human who incites his desires, and he is determined to one day win her heart. But dark forces are gathering, and it will take all his power to keep Esmay safe from harm.

Snatched David Saperstein, 2015-05-19 From the New York Times bestselling author of *Cocoon*, adapted into an Academy Award-winning movie, comes a sci-fi adventure about family love and in a universe teeming with life, deciding who and what are the aliens. Six single, semi-retired older women are inseparable friends. But their lives start to go haywire when mischievous Rosie submits her friends' names to an ad soliciting Mail Order Brides for Farmers, Miners, Distant Locations. A few weeks later, as the six women are driving along a lonely beach road, their vehicle suddenly begins to shake, the sky grows dark, an eerie light envelops the van, and ZAP! it's gone. Exactly three years later, the van reappears on the same road. But this time, the women appear to be thirty years younger, and they're all pregnant. The distant locations advertised were, in fact, elsewhere in our galaxy. A process required for deep space travel has somehow reversed their aging. They are happy with their new lives. However, a universal law requires that babies of mixed mating be born on the mother's home planet, forcing their return. But as they're adapting to life on Earth, surprises and problems arise as they're faced with a media circus, doctors, nurses, police, priests, and nuns, not to mention their new humanoid mates. In Saperstein's wacky comedic drama tradition that's out of this world, *Snatched* builds to an exciting, uplifting climax that celebrates life, love, and the universal condition known as family.
