Lindsay Anderson Revisited Erik Hedling, Christophe Dupin, 2016-06-14 This book is about the British film maker Lindsay Anderson Anderson was a highly influential personality within British cinema mostly famous for landmark films like *This Sporting Life* 1963 and *If* 1968 *Lindsay Anderson Revisited* deals primarily with hitherto unexplored aspects of his career his biographical background in the British upper class his devoted film criticism and his angry relationship to contemporary society in general Thus the book contains chapters about his childhood in India his writings about John Ford his relationship to French star Serge Reggiani his work on TV in the 1950s his troubles with the British film establishment and his gradually emerging preoccupation with being Scottish not English Also featured are chapters written by close friends of Anderson who died in 1994 dwelling on his penchant for controversy and quarrel but also on his remarkable artistic talent and commitment

Lindsay Anderson John Izod, Karl Magee, Kathryn Hannan, Isabelle Gourdin-Sangouard, 2019-01-04 In a long and varied career Lindsay Anderson made training films documentaries searing

family dramas and blistering satires including *This Sporting Life* *O Lucky Man* and *Britannia Hospital* Students of British cinema and television from the 1950s to 1990s will find this book a valuable source of information about a director whose work came to public attention with *Free Cinema* but who unlike many of his peers in that movement did not take the Hollywood route to success What emerges is a strong feeling for the character of the man as well as for a remarkable career in British cinema The book will appeal to admirers researchers and students alike Making use of hitherto unseen original materials from Anderson's extensive personal and professional records it is most valuable as a study of how the films came about the production problems involved the collaborative input of others as well as the completed films promotion and reception It also offers a finely argued take on the whole issue of film authorship and achieves the rare feat of being academically authoritative whilst also being completely accessible It prompts renewed respect for the man and the artist and a desire to watch the films all over again

Shadows of Progress Patrick Russell, James Piers Taylor, 2019-07-25 Britain emerged from war a changed country facing new social industrial and cultural challenges Its documentary film tradition established in the 1930s and 1940s around legendary figures such as Grierson Rotha and Jennings continued evolving utilising technical advances displaying robust aesthetic concerns and benefiting from the entry into the industry of wealthy commercial sponsors Thousands of films were seen by millions worldwide Received wisdom has been that British documentary went into swift decline after the war resurrected only by *Free Cinema* and the arrival of television documentary *Shadows of Progress* demolishes these simplistic assumptions presenting instead a complex and nuanced picture of the sponsored documentary in flux Patrick Russell and James Piers Taylor explore the reasons for the period's critical neglect and address the sponsorship production distribution and key themes of British documentary They paint a vivid picture of institutions from public bodies to multinational industries constantly redefining their relationships with film as a form of enlightened public relations Many of the issues that these films addressed could not be more topical today the rise of environmentalism the balance of state and industry individual and community a nation and a world travelling from bust to boom and back again In the second part of the book contributors from the curatorial and academic world provide career biographies of key film makers of the period From Lindsay Anderson's lesser known early career to neglected film makers like John Krish Sarah Erulkar Eric Marquis and Derrick Knight a kaleidoscopic picture is built up of the myriad relationships of artist and sponsor

If.... Mark Sinker, 2019-07-25 Lindsay Anderson's film of 1968 starring Malcolm McDowell as a schoolboy who leads a guerilla insurgence imagines how repression conformity and fusty ritual at an English public school could lead to anarchy and bloody revolt Its title is a sardonic nod to Rudyard Kipling's most famous poem and its story a radical updating of Kipling's 1899 story *Stalky and Co* in which prankish rebels are groomed to police the empire Released at a time of unprecedented student uprisings in Europe and America it provided a peculiarly English perspective on the battle between generations the perennial war of the romantically passionate against the corrupt the ugly the old and the foolish

Though its emotional surface is authentically anti authoritarian its intellectual substance as Mark Sinker argues is rooted in a deep familiarity with the symbols of English ruling class values No longer a vehicle for shock or dissent if is today enjoyed comfortably even nostalgically but for Sinker this renders its many knots and paradoxes the moments of poetry that Anderson argued were cinema s raison d etre all the more fascinating

Gilded Youth James Brooke-Smith,2019-02-02 The British public school is an iconic institution a training ground for the ruling elite and a symbol of national identity and tradition But beyond the elegant architecture and evergreen playing fields is a turbulent history of teenage rebellion sexual dissidence and political radicalism James Brooke Smith wades into the wilder shores of public school life over the last three hundred years in *Gilded Youth* He uncovers armed mutinies in the late eighteenth century a Victorian craze for flagellation dandy aesthetes of the 1920s quasi scientific discourse on masturbation Communist scares in the 1930s and the salacious tabloid scandals of the present day Drawing on personal experience extensive research and public school representations in poetry school slang spy films popular novels and rock music Brooke Smith offers a fresh account of upper class adolescence in Britain and the role of elite private education in shaping youth culture He shows how this central British institution has inspired a counterculture of artists intellectuals and radicals from Percy Shelley and George Orwell to Peter Gabriel and Richard Branson who have rebelled against both the schools themselves and the wider society for which they stand Written with verve and humor in the tradition of Owen Jones s *The Establishment And How They Get Away With It* this highly original cultural history is an eye opening leap over the hallowed iron gates of privilege and perturbation

Becoming Helen Mirren Philip Ward,2019-10-25 *Becoming Helen Mirren* is a freewheeling combination of theatre film and TV history literary criticism and personal memoir

Sights Unseen Dan North,2009-03-26 Many British films never make it to the screen Obstacles of finance censorship distribution or creative breakdown can appear in their way and they might even fail to get beyond the script stage This book collects new essays by leading scholars that use archival resources to reconstruct the stories behind a range of films by prominent film makers These thwarted productions are all too often excluded from histories of British cinema but the accounts of their unmaking contained in *Sights Unseen* provides an illuminating insight into the factors which have served to undermine the stability of the film industry in Britain

Behaving Badly: Richard Harris Cliff Goodwin,2011-05-31 Richard Harris was never an easy person to get along with He was a difficult schoolboy and was later disowned by his Limerick teachers then he went to work in the family flour and milling business where he organised a strike against his father It was as a gifted and compelling actor that Richard Harris dominated stage and screen for more than four decades He was nominated for an Oscar twice for his earthy portrayal of a rugby player in *This Sporting Life* and as a dominant and bullish Irish farmer in *The Field* More recently he delivered gripping screen performances in *Gladiator* and two Harry Potter films But it was his violent drunken womanising private life that fed the public myth and made Harris one of a new breed of rogue male actors an international celebrity Married and divorced twice with three sons two actors one a film

director he claimed the only time he had been miscast was as a husband His lovers included legends such as Merle Oberon Sophia Loren Ava Gardner and Vanessa Redgrave

The Last Bohemian Lance Pettitt,2023-06-12 The Last Bohemian offers the first extended critical evaluation of all of Brian Desmond Hurst's films reappraising the reputation of a director who was born in 1895 in Belfast and died in Belgravia London in 1986 Pettitt skillfully weaves together film analyses biography and cultural history with the aim of bringing greater attention to Hurst's qualities as a director and exploring his significance within Irish film and British cinema history between the 1930s and the 1960s The director of *Dangerous Moonlight* 1941 *Theirs Is the Glory* 1946 and his best known *Scrooge* 1951 made most of his films for British studios but developed an exile's attachment to Ireland How in the early twenty first century has Hurst's career been reclaimed and recognized and by whom Why in 2012 was Hurst's name given to one of the new Titanic Studios in Belfast What were his qualities as a filmmaker To whose national cinema history if any does Hurst belong Richly illustrated with film stills and other visual material from public archives The Last Bohemian addresses these questions and in doing so makes a significant contribution to British and Irish cinema studies

The life of mise-en-scène John Gibbs,2015-11-01 The life of mise en scène offers a critical history of key debates about visual style in British film journals in the post war period It reclaims an often ignored or misrepresented history including the concept of film poetry in the journal *Sequence* changing attitudes in *Sight and Sound* during the 1950s and the battle over the significance of film style which raged between a number of small journals and the national press in the early 1960s It examines the British school first associated with *Movie* in the 1960s which in Adrian Martin's words is enjoying a widespread international revival but also other critical movements more hazily remembered It explores the role of mise en scène in melodrama criticism and considers what happened to detailed criticism as major theoretical movements emerged in the 1970s In doing so it provides a vital context for the contemporary practice of style based criticism and challenges received notions of critical history developing our understanding of a range of other key debates and concerns in the study of film

A National Joke Andy Medhurst,2007-09-18 Comedy is crucial to how the English see themselves This book considers that proposition through a series of case studies of popular English comedies and comedians in the twentieth century ranging from the Carry On films to the work of Mike Leigh and contemporary sitcoms such as *The Royle Family* and from George

Formby to Alan Bennett and Roy Chubby Brown Relating comic traditions to questions of class gender sexuality and geography A National Joke looks at how comedy is a cultural thermometer taking the temperature of its times It asks why vulgarity has always delighted English audiences why camp is such a strong thread in English humour why class influences what we laugh at and why comedy has been so neglected in most theoretical writing about cultural identity Part history and part polemic it argues that the English urgently need to reflect on who they are who they have been and who they might become and insists that comedy offers a particularly illuminating location for undertaking those reflections *A Companion to British and Irish Cinema* John Hill, 2019-07-18 A stimulating overview of the intellectual arguments and critical debates involved in the study of British and Irish cinemas British and Irish film studies have expanded in scope and depth in recent years prompting a growing number of critical debates on how these cinemas are analysed contextualized and understood A Companion to British and Irish Cinema addresses arguments surrounding film historiography methods of textual analysis critical judgments and the social and economic contexts that are central to the study of these cinemas Twenty nine essays from many of the most prominent writers in the field examine how British and Irish cinema have been discussed the concepts and methods used to interpret and understand British and Irish films and the defining issues and debates at the heart of British and Irish cinema studies Offering a broad scope of commentary the Companion explores historical cultural and aesthetic questions that encompass over a century of British and Irish film studies from the early years of the silent era to the present day Divided into five sections the Companion discusses the social and cultural forces shaping British and Irish cinema during different periods the contexts in which films are produced distributed and exhibited the genres and styles that have been adopted by British and Irish films issues of representation and identity and debates on concepts of national cinema at a time when ideas of what constitutes both British and Irish cinema are under question A Companion to British and Irish Cinema is a valuable and timely resource for undergraduate and postgraduate students of film media and cultural studies and for those seeking contemporary commentary on the cinemas of Britain and Ireland *Don't Let the Bastards Grind You Down* Robert Sellers, 2011-05-12 Alan Bates Michael Caine Sean Connery Tom Courtenay Albert Finney Richard Harris Peter O Toole Robert Shaw and Terence Stamp They are the most formidable acting generation ever to tread the boards or stare into a camera whose anti establishment attitude changed the cultural landscape of Britain This was a new breed many culled from the working class industrial towns of Britain and nothing like them has been seen before or since Their raw earthy brilliance brought realism to a whole range of groundbreaking theatre from John Osborne's Look Back in Anger to Joan Littlewood and Harold Pinter and the creation of the National Theatre And they ripped apart the staid middle class British film industry with kitchen sink classics like Saturday Night and Sunday Morning This Sporting Life The Loneliness of the Long Distance Runner A Kind of Loving and Billy Liar before turning their sights on international stardom Connery with James Bond O Toole as Lawrence of Arabia Finney with Tom Jones and Caine in Zulu Don't Let the Bastards Grind You Down

brings alive the trail blazing period of theatre and film from 1956 1964 through the vibrant energy and exploits of this revolutionary generation of stars who bulldozed over austerity Britain and paved the way for the swinging 60s What Peter Biskind's Easy Riders Raging Bulls did for American cinema writing so Don't Let the Bastards will do for the British cinema
