

WHAT CAN I DO? You can take simple steps to reduce your exposure to lead in contaminated soils or dust.

Talk with EPA about testing your yard or private well

Get your child tested for lead poisoning, even if he or she seems healthy

Wash hands – especially children’s – after handling soil, playing outside, and before meals

Take shoes off at the door; clean children’s feet and pets’ paws/fur at the door

Damp (not dry) mop and dust surfaces regularly; keep toys and play areas clean

Make sure children eat nutritious meals high in iron and calcium

Practice safe gardening and wash foods grown in contaminated soil

Be aware of other sources of lead and try to minimize your overall exposure
