neighborhood served as his headquarters. The building s entrance was adorned with a large sign that improbably boasted Hitsville U S A The kitchen served as the control room the garage became the two track studio the living room was reserved for bookkeeping and sales were handled in the dining room Soon word spread that any youngster with a streak of talent should visit the only record label that Detroit had seen in years The company s name was Motown Motown cuts through decades of unsubstantiated rumors and speculation to tell the true behind the scenes narrative of America's most exciting musical dynasty It follows the company and its amazing roster of stars from the tumultuous growth years in Detroit to the drama and intrigue of Hollywood in the 1970s to resurgence in 2002 Set against the civil rights movement the decay of America's northern industrial cities and the social upheaval of the 1960s Motown is a tale of the incredible entrepreneurship of Berry Gordy But it also features the moving stories of kids from Detroit's inner city projects who achieved remarkable success and then in many cases found themselves fighting the demons that so often come with stardom drugs jealousy sexual indulgence greed and uncontrollable ambition Motown features an extraordinary cast of characters including Diana Ross Michael Jackson Marvin Gaye Smokey Robinson and Stevie Wonder They are presented as they lived and worked a clan of friends lovers competitors and sometimes vicious foes Motown reveals how the hopes and dreams of each affected the lives of the others and illustrates why this singular story is a made in America Greek tragedy the rise and fall of a supremely talented yet completely dysfunctional extended family Based on numerous original interviews and extensive documentation Motown benefits particularly from the thousands of pages of files crammed into the basement of downtown Detroit's Wayne County Courthouse Those court records provide the unofficial and hitherto largely untold history of Motown and its stars since almost every relationship between departing singers songwriters producers and the label ended up in litigation From its peaks in the late 1960s and early 1970s when Motown controlled the pop charts and its stars were sought after even by the Beatles through the inexorable slide caused by their failure to handle their stardom Motown is a riveting and troubling look inside a music label that provided the unofficial soundtrack to an entire generation
