Within the Warrior George Kakaletris, 2007 The book chronicles the events behind the breakdown of a marriage and how those events were based on a way of thinking founded on childhood tragedies and experiences The work also chronicles the impact of those tragedies upon loved ones and friends when the help necessary for liberation from a life of tragedy through proper counseling was not sought Recorded within the book is one man's struggle for redemption and reconciliation of all that he lost or threw away once the decision was reached and sought to bring an end to everything around him through a cycle of self destruction A cycle that was brought to a culminating point on the modern day battlefields of Iraq **Memoir**
