My Thousand And One Days An Autobiography:

My Thousand and One Days Empress Farah (consort of Mohammad Reza Pahlavi, Shah of Iran), 1978 **My Thousand and One Days** Farah (consort of Mohammed Reza Pahlavi, Shah of Iran), 1978 **The Fall of Heaven** Andrew Scott Cooper, 2016-08-02 About the rise and fall of Iran's glamorous Pahlavi dynasty Traces the Shah's life from childhood through his ascension to the throne in 1941 Readers get the story of the Shah's political career alongside the story of his courtship and marriage to Farah Diba and an exclusive look at life inside the palace during the Iranian Revolution **The Age of Aryamehr** Roham Alvandi, 2018-07-15 Fully incorporates Pahlavi Iran into the global history of the 1960s and 70s when Iran mattered far beyond its borders The reign of the last Shah of Iran Mohammad Reza Pahlavi 1941-79 marked the high point of Iran's global interconnectedness Never before had Iranians felt the impact of global political social economic and cultural forces so intimately in their national and daily lives nor had Iranian actors played such an important global role on battlefields barricades and in board rooms far beyond Iran's borders Iranian intellectuals technocrats politicians workers artists and students alike were influenced by the global ideas movements markets and conflicts that they also helped to shape From the launch of the Shah's White Revolution in 1963 to his overthrow in the popular revolution of 1978-79 Iran saw the longest period of sustained economic growth that the country had ever experienced An entire generation took its cue from the shift from oil consumption to oil production to dream of and aspire to a modernized Iran and the history of Iran in this period has tended to be presented as a prologue to the revolution Those histories usually locate the political social and cultural origins of the revolution firmly within a national context into which global actors intruded as Iranian actors retreated While engaging with that national narrative this volume is concerned with Iran's place in the global history of the 1960s and 70s It examines and highlights the transnational threads that connected Pahlavi Iran to the world from global traffic in modern art and narcotics to the embrace of American social science by Iranian technocrats and the encounter of European intellectuals with the Iranian Revolution **The Politics of Nationalism in Modern Iran** 'Ali Mir'Anşari, 2012 The A to Z of Iran John H. Rethinking Global Sisterhood Nima Naghibi, Annotation Nineteenth century neoclassical sculpture was a highly politicized international movement Based in Rome many expatriate American sculptors created works that represented black female subjects in compelling and problematic ways Rejecting pigment as dangerous and sensual adherence to white marble abandoned the racialization of the black body by skin color In *The Color of Stone* Charmaine A Nelson brilliantly analyzes a key but often neglected aspect of neoclassical sculpture color Considering three major works Hiram Powers's Greek Slave William Wetmore Story's Cleopatra and Edmonia Lewis's Death of Cleopatra she explores the intersection of race sex and class to reveal the meanings each work holds in terms of colonial histories of visual representation as well as issues of artistic production identity and subjectivity She also juxtaposes these sculptures with other types of art to scrutinize prevalent racial discourses and to examine how the black female subject was made visible in high art By establishing the centrality of race within the discussion of neoclassical sculpture Nelson provides a model for a black feminist art history that at once questions and destabilizes canonical texts Charmaine A Nelson is assistant professor of art history at McGill University

A House on Water Kameel Ahmady, ۱۳۸۵ ۱۳۸۵, There are contradictory attitudes toward temporary marriage in Iranian society The proponents consider it as a means to prevent social degradation and moral corruption while the opponents take it as a pleasure seeking tool for men in violation of the rights of children and women This study supports the view that temporary marriage is a back door to sexual exploitation According to the study's findings mut'ah is a practice that lacks redeeming values and positive functions Rather it causes harms such as child marriage the collapse of the family foundation negative attitudes towards permanent marriage the promotion of corruption and violations of women's rights Many women agree to be subjected to sexual exploitation because they lack economic rights and a sense of security As an institution it is not without controversy In fact child marriage is partly the result of the tradition of sigheh mahramiat which paves the road for increase of child marriage in Iran It is performed in some Iranian families when their sons and daughters are in early puberty or even before then to supervise the sexual behaviour of children to prevent them from committing a sin for fear of girls solitude at older ages to fight against social and cultural pressures related to communication between young girls and boys which are more obvious in small communities and to facilitate smoother relations between two families The religious and traditional stratum of the Iranian society performs sigheh sigheh mahramiat and continues to follow this tradition Both the country's laws and the jurisprudence treat the permanent and temporary marriages the same although they are different in nature and so far temporary marriage has not been addressed as an independent subject The religious and legal ambiguities surrounding sigheh and temporary marriage and inattention to Iran's social circumstances lead to grave consequences such as child marriage school drop out violation of women's rights and in particular physical and emotional vulnerabilities of women and girls Revision of laws pertaining to sigheh temporary marriage while considering the social characteristics of the society can serve as a key solution to minimize these negative impacts

The Oil Kings Andrew Scott Cooper, 2011-08-09 struggling with a recession European nations at risk of defaulting on their loans A possible global financial crisis It happened before in the 1970s Oil Kings is the story of how oil came to dominate U.S. domestic and international affairs As Richard

Nixon fought off Watergate inquiries in 1973 the U S economy reacted to an oil shortage initiated by Arab nations in retaliation for American support of Israel in the Arab Israeli war The price of oil skyrocketed causing serious inflation One man the U S could rely on in the Middle East was the Shah of Iran a loyal ally whose grand ambitions had made him a leading customer for American weapons Iran sold the U S oil the U S sold Iran missiles and fighter jets But the Shah s economy depended almost entirely on oil and the U S economy could not tolerate annual double digit increases in the price of this essential commodity European economies were hit even harder by the soaring oil prices and several NATO allies were at risk of default on their debt In 1976 with the U S economy in peril President Gerald Ford locked in a tight election race decided he had to find a country that would sell oil to the U S more cheaply and break the OPEC monopoly which the Shah refused to do On the advice of Treasury Secretary William Simon and against the advice of Secretary of State Henry Kissinger Ford made a deal to sell advanced weaponry to the Saudis in exchange for a modest price hike on oil Ford lost the election but the deal had lasting consequences The Shah s economy was destabilized and disaffected elements in Iran mobilized to overthrow him The U S had embarked on a long relationship with the autocratic Saudi kingdom that continues to this day Andrew Scott Cooper draws on newly declassified documents and interviews with some key figures of the time to show how Nixon Ford Kissinger the CIA and the State and Treasury departments as well as the Shah and the Saudi royal family maneuvered to control events in the Middle East He details the secret U S Saudi plan to circumvent OPEC that destabilized the Shah He reveals how close the U S came to sending troops into the Persian Gulf to break the Arab oil embargo The Oil Kings provides solid evidence that U S officials ignored warning signs of a potential hostage crisis in Iran It discloses that U S officials offered to sell nuclear power and nuclear fuel to the Shah And it shows how the Ford Administration barely averted a European debt crisis that could have triggered a financial catastrophe in the U S Brilliantly reported and filled with astonishing details about some of the key figures of the time The Oil Kings is the history of an era that we thought we knew an era whose momentous reverberations still influence events at home and abroad today *Mystic Regimes* Matthijs Bos, van den, 2021-11-08 *Mystic Regimes* is a social scientific and Iranological study of two Iranian Shi ite Sufi orders in the twentieth century It studies their comparative social development in relation to political regimes and explores the cultural repertoires that Sufis have used to cope with these The introductory part examines the interpretation and the development until the end of the Qajar era of Iranian Sufism The second part explores Sufism in the Pahlavi era The third part deals with the Sufi orders in the Islamic Republic The fourth part provides afterthoughts on the relations between Sufi cultural repertoires and civil society Because of its unique archival and field material *Mystic Regimes* is especially important for scholars in Iranian and Sufi studies **Creating the Modern Iranian Woman** Liora Hendelman-Baavur, 2019-11-07 A fresh look at Iranian popular culture and women s role within this prior to the 1979 Revolution Covert Capital Andrew Friedman, 2013-08-02 The capital of the U S Empire after World War II was not a city It was an American suburb In this

innovative and timely history Andrew Friedman chronicles how the CIA and other national security institutions created a U S imperial home front in the suburbs of Northern Virginia In this covert capital the suburban landscape provided a cover for the workings of U S imperial power which shaped domestic suburban life The Pentagon and the CIA built two of the largest office buildings in the country there during and after the war that anchored a new imperial culture and social world As the U S expanded its power abroad by developing roads embassies and villages its subjects also arrived in the covert capital as real estate agents homeowners builders and landscapers who constructed spaces and living monuments that both nurtured and critiqued postwar U S foreign policy Tracing the relationships among American agents and the migrants from Vietnam El Salvador Iran and elsewhere who settled in the southwestern suburbs of D C Friedman tells the story of a place that recasts ideas about U S immigration citizenship nationalism global interconnection and ethical responsibility from the post WW2 period to the present Opening a new window onto the intertwined history of the American suburbs and U S foreign policy Covert Capital will also give readers a broad interdisciplinary and often surprising understanding of how U S domestic and global histories intersect in many contexts and at many scales American Crossroads 37 Temporary and Child Marriages in Iran and Afghanistan S. Behnaz Hosseini, 2021-02-06 This book discusses the popularity of temporary and child marriages in Iran and Afghanistan and explores their historical background and the reasons why they still persist today Further it offers readers insights into the emotional and psychological violence that the women who have been subjected to these practices experience The respective contributions address the persistence of these traditions their ramifications for the wellbeing of women and the development of societies and human relations Taken together they offer an excellent academic tool for students academics and researchers studying the anthropology and sociology of kinship and family in the Middle East
