Elbwood, 2025-01-19 For over 45 years I noticed again and again that many UFO sighting reports mentioned technical details windows strangely looking beings and so on From the critics side such details were almost always completely ignored The sightings were then labeled as absolutely banal and ridiculous astronomical atmospheric physical biological chemical or comparable phenomena Why were the important details completely ignored in so many cases Why did they sweep essential

factors under the rug so often For what reasons did many governments remain silent on these topics while at the same time financing expensive research projects on them In this book I want to examine these and some other explosive questions more closely and not ignore possible answers even if they will not please some people UFOs John B. Bird,2023-08-03 In 1950 two spinning disks flew over Great Falls Montana and were filmed on a hand held camera Today those flying saucers in the now famous Montana Movie still defy conventional explanation In the 1960s UFOs were reported at Minuteman missile silos in Montana In separate incidents while a UFO was overhead armed and ready nuclear missiles were suddenly deactivated as missile launch officers watched helplessly The U S Air Force ordered these men never to tell anyone what happened This book critically examines these and other UFO events in Montana including reported contact with extraterrestrials Drawing on recently declassified government documents historic reports and first hand interviews Ph D zoologist and author Joan Bird presents compelling evidence that UFOs are real have frequented Montana s Big Sky and have landed in the state This book also introduces readers to significant UFO incidents in the U S to official government investigations such as Project Blue Book and to major figures in the study of UFOs The New Science of the Ufo Kenneth W. Behrendt,2013-05-10 The New Science of the UFO now completes author and researcher Kenneth W Behrendts groundbreaking trilogy on the subject of UFOs It contains a complete scan of all 24 issues of a previously out of print privately published typescript UFO research journal titled Annals of Ufological Research Advances or AURA for short which was the basis for his first two volumes Secrets of UFO Technology and The How and Why of UFOs Practically every conceivable facet of the UFO enigma was explored in the pages of AURA at a level of scientific detail that was unprecedented in the field of ufology Those able to obtain some of the limited number of copies of each issue available to the public learned all about such exotic topics as the sources of the mysterious glows that envelope nocturnal UFOs why some malfunctioning UFOs must eject liquid metals in order to correct their propulsion system problems how alien crews tap our earthly electrical power grids to recharge their scout craft the nature of the mysterious angel hair and devil jelly residues left by hovering craft how alien paralysis weapons are used for their personal defense and how crews protect their mother ships from attack how alien telepathy works how the living space creatures known as zeroids can biologically duplicate UFO capabilities and much much more The material in AURA was intended for the most serious of ufologists seeking ultimate and satisfying answers to the mysteries that they were exploring Now for the first time in almost two decades these answers are again available for a new generation of researchers *Ufo Testament* Raymond Fowler,2002-10-15 This book entails the life of one who has not only become internationally respected as a UFO investigator and author but now as a so called UFO abductee It is strikingly different from other works dealing with UFO abductions in that it will provide an overview of the complete life of an abductee from early childhood to sunset years of his life The exciting descriptions of UFO sightings investigations and documentation would be worthy of a book themselves The Chief Scientific Consultant for the USAF UFO Project Bluebook Astronomer Dr Hynek is on record as stating Raymond Fowler whose meticulous and detailed investigations far exceed the investigations of Bluebook However this book is about much more than investigating UFO sightings Throughout the warp and weft of the author s UFO and paranormal experiences is the slow but sure realization that he has been investigated since childhood by
