

War Communism

War Communism was a new economic policy introduced by Lenin to ensure food supplies to the army.

- All large factories were taken over by the government.
- Production was planned and organised by the government.
- Discipline for workers was strict and strikers could be shot.
- Peasants had to hand over surplus food to the government. If they didn't they could be shot.
- Food was rationed. Could only get a ration card if you were working.
- Free enterprise (private trade) became illegal – all production and trade was controlled by the state.
- Money became worthless – wages ended up being paid in food.

My War With Communism:

My War with Communism. As Told to Mario Rosenthal. [With Plates, Including Portraits.]. Miguel YDÍGORAS FUENTES (President of Guatemala.),1963 *My War with Communism, as Told to Mario Rosenthal* Miguel Ydígoras Fuentes,1963 The former President of Guatemala tells his story of the Communist infiltration of his country which he claims was directed from Cuba and his fight against it from 1958 1963 Provided by publisher *The United States, Revolutionary Russia, and the Rise of Czechoslovakia* Betty Miller Unterberger,2000 The First World War and the Bolshevik Revolution in Russia set the stage on which Woodrow Wilson had to direct U S policy toward Czechoslovakia as it sought liberation in the early twentieth century Betty Unterberger's now classic study of the ferment of this period and the way President Wilson dealt with it gives insight into both Great Power relations and the next eighty years of developments in Central Europe A decade after the original publication of *The United States Revolutionary Russia and the Rise of Czechoslovakia* Unterberger has added an updated introduction that reconsiders the region in light of new knowledge gleaned from recently available Soviet Czech and French documents *Dreams of a Great Small Nation* Kevin J McNamara,2016-03-29 The pages of history recall scarcely any parallel episode at once so romantic in character and so extensive in scale Winston S Churchill In 1917 two empires that had dominated much of Europe and Asia teetered on the edge of the abyss exhausted by the ruinous cost in blood and treasure of the First World War As Imperial Russia and Habsburg ruled Austria Hungary began to succumb a small group of Czech and Slovak combat veterans stranded in Siberia saw an opportunity to realize their long held dream of independence While their plan was audacious and complex and involved moving their 50 000 strong army by land and sea across three quarters of the earth's expanse their commitment to fight for the Allies on the Western Front riveted the attention of Allied London Paris and Washington On their journey across Siberia a brawl erupted at a remote Trans Siberian rail station that sparked a wholesale rebellion The marauding Czecho Slovak Legion seized control of the Trans Siberian Railroad and with it Siberia In the end this small band of POWs and deserters whose strength was seen by Leon Trotsky as the chief threat to Soviet rule helped destroy the Austro Hungarian Empire and found Czecho Slovakia British prime minister David Lloyd George called their adventure one of the greatest epics of history and former US president Teddy Roosevelt declared that their accomplishments were unparalleled so far as I know in ancient or modern warfare *Case Study in Insurgency and Revolutionary Warfare* American University (Washington, D.C.). Foreign Areas Studies Division,1964 *The CIA in Guatemala* Richard H. Immerman,2010-07-05 A history and analysis of the United States involvement in the deposition of Guatemalan President Jacobo Arbenz and the consequences Using documents obtained through the Freedom of Information Act recently opened archival collections and interviews with the actual participants Immerman provides us with a definitive powerfully written and tension packed account of the United States clandestine operations in Guatemala and their consequences in Latin America today A valuable study of what Immerman correctly portrays as a seminal event not just in
