Cavendish O'Neil, If This World Were Mine E. Lynn Harris,2012-11-28 Four friends all graduates of Hampton Institute keep a collective journal they call If This World Were Mine and share their personal diaries each month at a gathering filled with humor gossip and affirmation The four group members are as different as the seasons yet they all share a love of one another Yolanda a media consultant keeps it going on with a no nonsense attitude and independence that are balanced by the theatrics of Riley a former marketing executive whose marriage has reduced her to a kept woman with kids Computer engineer Dwight s anger at the world is offset by the compassion of Leland a gay psychiatrist whose clients make him question why God ever invented sex But after five years the once strong bonds of friendship are weakening and the group must handle challenges of work lost love and a stranger in their midst As the group members confront their true feelings toward each other resentments and long held secrets surface and the stability of the group begins to disintegrate Is their past friendship strong enough to survive the future My Father's List Laura Carney,2023-06-13 Fifty four adventures in six

years That s what thirty eight year old journalist Laura Carney embarked on when she discovered her late father Mick s bucket list Killed in a car crash when Laura was twenty five Mick seemed lost forever My Father s List is the story of how one woman with the help of family friends and even strangers found the courage to go after her own dreams after realizing those of a beloved yet mysterious man This is a story about secrets and the freedom we feel when we learn to trust again in life in love and in a father s lessons on how to fully live Shadows in the Sun Gayathri Ramprasad,2014-02-11 Presents a first of its kind cross cultural lens to mental illness through the inspiring story of Gayathri s thirty year battle with depression This

literary memoir takes readers from her childhood in India where depression is thought to be a curse to life in America where she eventually finds the light within by drawing on both her rich Hindu heritage and Western medicine to spare As a young girl in Bangalore Gayathri was surrounded by the fragrance of jasmine and flickering oil lamps her family protected by Hindu gods and goddesses But as she grew older demons came forth from the dark corners of her idyllic kingdom with the scariest creatures lurking within her The daughter of a respected Brahmin family Gayathri began to feel different I can hardly eat sleep or think straight The only thing I can do is cry unending tears Her parents insisted it was all in her head Because traditional Indian culture had no concept of depression as an illness no doctor could diagnose and no medicine could heal her mysterious malady This memoir traces Gayathri s courageous battle with the depression that consumed her from adolescence through marriage and a move to the United States It was only after the birth of her first child when her husband discovered her in the backyard clawing the earth furiously with my bare hands intent on digging a grave so that I could bury myself alive that she finally found help After a stay in a psych ward she eventually found the light within an emotional and spiritual awakening from the darkness of her tortured mind Gayathri s inspiring story provides a first of its kind cross cultural view of mental illness how it is regarded in India and in America and how she drew on both her rich Hindu heritage and Western medicine to find healing
