My World MICHAEL JEAN NYSTROM-SCHUT, 2004-05-19 Let me tell you how much fun it is to be a book writer One of my friends recently said to me I dont even know anyone whos ever READ a book let alone WRITE one I was amused Well you know its really not so hard to write a book You just talk about what you feel and organize your thoughts along the way At some point as you stay determined to make it happen the book comes into the world For me now having compiled over 30 book length manuscripts of various topics and subject matter I have become more and more inclined to share the way I see the world with others along the way You might call what I like to write about as having to do with personal philosophy or

individual world view Everyone has a way they see their world this book is part of how I see mine It seems that all kinds of people have something to say about what life is and is not I am like most people so am no exception I have come to enjoy giving such opinions and points of view with just about anyone who will listen I wrote this book MY WORLD The First 50 Years because I wanted to be sure and document the way life appeared to be to me at the half century mark in my personal growth and evolution I did it in a way that enables you to read right through it or if you prefer you can take it slowly over a one year span of time and think about the ideas and thoughts carefully How you read the book is entirely up to you Ten years earlier I had written a similar book Earth Dwelling An Owners Manual for Life in order to share thoughts about the meaning and purpose of life It is amazing the difference that ten years can make I like to think that I am growing Gee Could that be I sure hope so People from the worlds of philosophy religion and the popular culture are anxious to share the way they see the world with others I have a passion to do that also and so I wrote this book in order to summarize how things in life appeared to me I could be way off you decide for yourself At any rate my world is MY way of seeing life in YOUR world you will see it your special way and that is part of the beauty of this life Each person is free to see it differently and that is our basic right to do so I like that I actually feel so strongly about what I am saying here that I created a web site which is called

HowIseetheworld.com to talk about and share ideas with others Take a look at it some time Thoughts are powerful and have a tendency to either make you great or even destroy you before your time So think good thoughts And enjoy the book as well

youth and busy adult years working producing and rearing future generations our focus is on just that the here and now We don't think that our parents are watching and enjoying for the second time what we are seeing as a whole new life experience Now that my youth and working years are done and the whole new life experience of retirement is unfolding before me I have time to reflect A few years ago I enjoyed writing the memoirs of my early working life in Bricks and Mortar and now I have taken to writing some of the precious memories of my youth I hope that my jottings of a time in my formative years might also awaken your own memories of a similar era in your own life and if so then that is my gift to you A time without responsibility or care when life was all before us and tomorrow was a world away We lived for the here and now days were long and weeks longer I hope you enjoy my words as much as I have enjoyed writing them

My World of Conceit Heather Glenn, 2013-06 An only child in a lonely valley is the one folks least suspect of arousing treasonous attention merely by the sight of her face or her ears But when the truth of her heritage is finally revealed to Diana Firathor treason is not the only risk she must take to seize the opportunity of a lifetime a throne all her own Her adventure spins her into a chaotic chase after legends and fame fleeing from tyranny and enslavement And as she ventures to lands of which she has never seen nor heard trusting strangers and estranging friends she must learn that there is so much more to ruling a people than the mere trifles of state Her tutors try to teach her but even such lessons seem to come too late It is not until she is truly faced with the most difficult choice that she learns what doing the best for the people really means It takes a little heart a little more bravery and a lot more humility and then more bravery
