**City of Promises** Howard B. Rock,Deborah Dash Moore,Jeffrey S. Gurock,Annie Polland,Daniel Soyer,Diana L. Linden,2012-09-10 Winner of the 2012 National Jewish Book Award presented by the National Jewish Book Council New York

Jews so visible and integral to the culture economy and politics of America's greatest city has eluded the grasp of historians for decades. Surprisingly, no comprehensive history of New York Jews has ever been written. *City of Promises: A History of the Jews of New York*, a three-volume set of original research pioneers a path-breaking interpretation of a Jewish urban community at once the largest in Jewish history and most important in the modern world. Volume I *Haven of Liberty* by historian Howard B. Rock chronicles the arrival of the first Jews to New York, then New Amsterdam, in 1654 and highlights their political and economic challenges. Overcoming significant barriers, colonial and republican Jews in New York laid the foundations for the development of a thriving community. Volume II *Emerging Metropolis*, written by Annie Polland and Daniel Soyer, describes New York's transformation into a Jewish city. Focusing on the urban Jewish built environment, its tenements and banks, synagogues and shops, department stores and settlement houses, it conveys the extraordinary complexity of Jewish immigrant society. Volume III *Jews in Gotham* by historian Jeffrey S. Gurock highlights neighborhood life as the city's distinctive feature. New York retained its preeminence as the capital of American Jews because of deep roots in local worlds that supported vigorous political, religious, and economic diversity. Each volume includes a visual essay by art historian Diana Linden interpreting aspects of life for New York's Jews from their arrival until today. These illustrated sections, many in color, illuminate Jewish material culture and feature reproductions of early colonial portraits, art, architecture, as well as everyday culture and community. Overseen by noted scholar Deborah Dash Moore, *City of Promises* offers the largest Jewish city in the world in the United States and in Jewish history, its first comprehensive account.

*New World Faiths* Jon Butler, 2007-12-31

Many people believe that the piety of the Pilgrims typified early American religion. However, by the 1730s Catholics, Jews, and Africans had joined Native Americans, Puritans, and numerous other Protestants in the colonies. Jon Butler launches his narrative with a description of the state of religious affairs in both the Old and New Worlds. He explores the failure of John Winthrop's goal to achieve Puritan perfection, the controversy over Anne Hutchinson's tenacious faith, the evangelizing stamina of ex-slave and Methodist preacher Absalom Jones, and the spiritual resilience of the Catawba Indians. The meeting of these diverse groups and their varied use of music, dance, and ritual produced an unprecedented evolution of religious practice, including the birth of revivals. And through their daily interactions, these Americans created a living foundation for the First Amendment. After Independence, their active diversity of faiths led Americans to the groundbreaking idea that government should abandon the use of law to support any religious group and should instead guarantee free exercise of religion for everyone.

*Haven of Liberty* Howard B. Rock, 2013-09-01

*Haven of Liberty* chronicles the arrival of the first Jews to New York in 1654 and highlights the role of republicanism in shaping their identity and institutions. Rock follows the Jews of New York through the Dutch and British colonial eras, the American Revolution, and early republic, and the antebellum years, ending with a path-breaking account of their outlook and behavior during the Civil War. Overcoming significant barriers, these courageous men and women laid the foundations for one of the world's foremost Jewish cities.

*Paintings* Brooklyn Museum, 1917      **Ways of Wisdom** Jean E. Friedman, Glenna R. Schroeder-Lein, 2001 In *Ways of Wisdom* Jean Friedman traces how Jacob Mordecai and his family German American Orthodox Jews adopted the Anglo Irish enlightened pedagogical system developed by Richard Lovell Edgeworth and his daughter Maria In 1808 Mordecai founded the Warrenton Female Academy on the enlightened principles described in the Edgeworths guide *Practical Education* and he enlisted family members to teach and manage the school Rachel Mordecai inspired by her father s progressive methods initiated an Edgeworthian experiment in home education on her young stepsister Eliza Rachel s diary reproduced in full in *Ways of Wisdom* chronicles the moral instruction of Eliza While retaining the traditional didacticism of wisdom literature the diary also describes Eliza s resistance to enlightened discipline and method Friedman s case study bears particular importance for scholars as it qualifies and enriches our understanding of the American Enlightenment as an amalgam of religious and ethnic assumptions rather than a universal acceptance of Liberalism or Republicanism *Ways of Wisdom* also offers an illuminating reinterpretation of Republican Motherhood as a culturally diverse and politically complicated domestic paradigm      **The Colonial and Early National Period 1654-1840** Jeffrey S. Gurock, 2014-02-04 The first volume contains articles on a variety of areas including Jewish involvement in the War of Independence and in the American Revolution the New York Jewish Community of the time and a look at the Dutch and English Jews of the period      **Publications of the American Jewish Historical Society** , 1922      **The Jews of Rhode Island** George M. Goodwin, Ellen Smith, 2004 A richly illustrated survey of the history and culture of Rhode Island Jews      *A Day in a Working Life* Gary Westfahl, 2015-04-21 Ideal for high school and college students studying history through the everyday lives of men and women this book offers intriguing information about the jobs that people have held from ancient times to the 21st century This unique book provides detailed studies of more than 300 occupations as they were practiced in 21 historical time periods ranging from prehistory to the present day Each profession is examined in a compelling essay that is specifically written to inform readers about career choices in different times and cultures and is accompanied by a bibliography of additional sources of information sidebars that relate historical issues to present day concerns as well as related historical documents Readers of this work will learn what each profession entailed or entails on a daily basis how one gained entry to the vocation training methods and typical compensation levels for the job The book provides sufficient specific detail to convey a comprehensive understanding of the experiences benefits and downsides of a given profession Selected accompanying documents further bring history to life by offering honest testimonies from people who actually worked in these occupations or interacted with those in that field

*Catalog of Catalogs: A Bibliography of Temporary Exhibition Catalogs Since 1876 that Contain Items of Judaica* William Gross, Orly Tzion, Falk Wiesemann, 2019-09-16 *Catalog of Catalogs* provides a comprehensive index of nearly 2 300 publications documenting the exhibition of Judaica over the past 140 years This vast corpus of material ranging from simple leaflets to scholarly catalogs contains textual and visual material as yet unmined for the study of Jewish art religion culture
