The dark and thrilling Black sapphic vampire romantasy that questions what it truly means to sacrifice for love. This is a lush, intoxicating read packing tender romance alongside vicious twists. My new obsession. Mark Oshiro. 1. New York Times bestselling author of *Anger is a Gift* and *Into the Light*. You have no idea what I've done for love. Just as you have no idea what you may one day do. Once long ago, a girl named Favre sacrificed her wings for love. Thana, the young goddess, she so willingly gave them up for. Sacrificed that same love for power. But everything has a cost. Favre never got over the loss of her wings. And Thana's choices led to a life of eternal night and later their destruction. Favre has bided her time ever since, waiting for the chance to resurrect the girl she loves, who turned her into the creature she hates. Now, a thousand years later, Leyla, the crown princess of a vampire nation, must travel to Nekros, the island of the dead, when her best friend is captured during an attack on her nation's capital. But nothing is as it seems. The closer she gets to her goal, the more she risks awakening an ancient evil and destroying everything she holds dear. Set in the aftermath of a war between vampires, humans, and the gods that created them, Patrice Caldwell's devastatingly romantic fantasy debut *Where Shadows Meet* centers the heart-wrenching pain of loss and the struggle of self-discovery to ask: do we choose our fates, or do our fates choose us? A feast for the senses. Love, friendship, loss, and the fantastic, it's all here in exquisite, vivid detail. A brilliant addition to the dark fantasy genre. Kalynn Bayron. New York Times bestselling author of *Cinderella Is Dead* and *Sleep Like Death*. **A Daughter's Plea** Kimberly J. Sigurdson, 2024-08-20. What is a woman to do when all she's ever wanted was a happy, healthy family of her own, but now has nothing left to screw up? She has two choices: she can give up completely or start choosing herself one day at a time. That's exactly the choice Kimberly Sigurdson made to heal moment by moment. Growing

up amid dysfunction anger and emotionally unavailable parents Kimberly soon lost her voice and became a people pleaser As she grew older this led to dysfunctional relationships where she put others needs before her own and made unhealthy choices She felt stuck and unworthy and struggled with low self esteem When an autoimmune disease flare up landed her in the hospital at thirty seven Kimberly decided it was time to change her life As her healing journey progressed she found writing helped her release her thoughts and feelings and allowed her to share with the people she needed to As Kimberly healed from her past her letters changed Her growth mindset provided a path to evolution and she grew from writing from a place of self pity to writing from a place of feeling grateful and empathetic to those who had hurt her Follow Kimberly on her healing journey as she realizes it was never about not being good enough Learn alongside her as she discovers that the way people treat others reflects how they feel about themselves and what they ve been through in their own lives Secret Lives Diana Prince,2012-11

Secret Lives This book explores the fascinating and dangerous world of the American prostitute Dr Prince s landmark study in 1985 was the largest study on prostitution ever conducted with over 450 subjects The requests for that study from law enforcement and social services agencies led to additional research since that time This unique book is taken from hundreds of hours of interviews with call girls street walkers and brothel workers in California and Nevada Told in the words of the women themselves the reader gets a glimpse into a profession that is usually shrouded in stereotypes and misinformation The book provides a rare insight into these women and their world *Memories of the Future* Wendell Bell,2011-12-31

Life courses both professional and personal are often directed by unplanned experiences At crossroads which path is followed and which hard choices are made can change the direction of one s future Wendell Bell s life illustrates how totally unforeseen events can shape individual lives As he notes despite our hopes and our plans for the future there is also serendipity feedback twists and turns chance and circumstance all of which shape our futures with sometimes surprising results In Bell s case such twists and turns of chance and circumstance led to his role in developing the new field of futures studies In *Memories of the Future* Bell recognizes the importance of images of the future and the effect of these images on events to come Such images dreams visions or whatever we call them help to determine our actions which in turn help shape the future although not always in ways that we intend Bell illustrates partly with the story of his own life how people remember such past images of the future and how the memories of them linger and are often used to judge the real outcomes of their lives This is a fascinating view of the work of an important social scientist and the people and events that helped define his life It is also about American higher education especially from the end of World War II through the 1960s and 1970s a period of educational transformation that included the spread of the merit system the increase in ethnic racial gender and social diversity among students and faculty and a massive increase in research and knowledge Never Enough
