Works of Marie-Louise von Franz Marie-Louise von Franz, 2021-09-20 This newly translated volume of the Collected Works of Marie Louise von Franz one of the most renowned authorities on fairytales presents a systematic and wide ranging approach Von Franz amplifies a variety of fairytale motifs to show that the magical realm is alien to the profane and mundane realm of ordinary daily life She was one of Analytical Psychology s most original thinkers and here she presents a lucid concise exploration of the archetypal symbols found in fairytales Fairytales like myths provide a cultural and societal backdrop that helps the human imagination narrate the meaning of life s events The remarkable similarities in fairytale motifs across different lands and cultures inspired many scholars to search for the original homeland of fairytales While peregrinations of fairytale motifs occur the common root of fairytales is more archetypal than geographic A striking feature of fairytales is that a sense of space time and causality is absent This situates them in a magical realm a land of the soul where the most interesting things happen in the center of places like Heaven mountains lakes and wells At the age of eighteen Marie Louise von Franz was invited to meet Carl Gustav Jung at Bolingen Tower She immediately recognized that there exist two levels of reality one outer and the other inner Within months she had enrolled at the University of Zurich and began attending Jung s lectures at the E T H Eidgen siche Technische Hochschule or the Swiss Federal Institute of Technology Less than a decade after meeting Jung von Franz had completed her doctorate in classical philology and begun seeing her first analysands She was a prolific writer a dedicated teacher and lecturer and was possessed of a far reaching and often non discriminating Eros that accepted everyone seeking help Alfred Ribi MD in Fountain of the Love of Wisdom Chiron 2006

Volume 3 of the Collected Works of Marie-Louise von Franz: Archetypal Symbols in Fairytales Marie-Louise von Franz, 2022-02-28 The Collected Works of Marie Louise von Franz is a 28 volume Magnum Opus from one of the leading minds in Jungian Psychology Volume 3 turns to the Maiden s Quest within fairytales The maiden heroine navigates a

complicated maze of inner and outer relationships as she builds a bridge to the unconscious The heroine contends with the animus in many forms like a devouring and incestuous father demonic groom the beautiful prince an androgenous mother a cold dark tower and through conflict with the evil stepmother Dangers and pitfalls await her as the conscious feminine strives to make connections with the unconscious masculine The maiden is the undeveloped feminine and the promised fruit of her struggle with the animus is the coniunctio Volume 3 is a masterwork of cross cultural scholarship penetrating psychological insight and a strikingly illuminating treatise With her usual perspicacity and thoroughness von Franz gathers countless fairytale motifs revealing a myriad of facets to the maiden s quest

Volume 2 of the Collected Works of Marie-Louise von Franz Marie-Louise von Franz,2021-11-01 The Collected Works of Marie Louise von Franz is a 28 volume Magnum Opus from one of the leading minds in Jungian Psychology Volume 1 released on her 106th birthday is to be followed by 27 more volumes over the next 10 years Volume 2 turns to the Hero s Journey within fairytales The Hero s Journey is about the great adventure that leads to a cherished and difficult to obtain prize In these fairytales the Self is often symbolized as that treasured prize and the hero s travails symbolize the process of individuation In its many manifestations the hero embodies the emerging personality In the conscious world the hero is only one part of the personality the despised part and through his attachment to the Self in the unconscious is a symbol of the whole personality Von Franz s prodigious knowledge of fairytales from around the world demonstrates that the fairytale draws its root moisture from the collective realm This volume continues where Volume 1 left off as von Franz describes the fairytale suspended between the divine and the secular worlds creating a mysterious and pregnant tension that requires extreme power to withstand The resistance of the great mother against the hero and his humble origins as well as the hero freeing the anima figure from the clutches of the unconscious are universal archetypal patterns The spoils retrieved by the hero symbolize new levels of consciousness wrested from the unconscious

Jung and the Epic of Transformation Vol. 1 Paul Bishop,2024-06-01 What have the Middle Ages got to do with us For Jung it seems quite a lot after all he tells us I must catch up with a piece of the Middle Ages within myself adding We have only finished the Middle Ages of others In Wolfram von Eschenbach s Parzival and the Grail as Transformation Paul Bishop considers the significance for Jung of a masterpiece of medieval German literature and a major work in the tradition of the legendary Holy Grail Wolfram s Parzival epic depicts a three fold quest for the hero s identity for vr ude joy and for the mysterious Grail In the course of this quest Parzival himself is transformed from a fool into the lord of the Grail and the power of the Grail brings about a collective transformation as well This is the first volume in a series of books examining key texts in German literature and thought that were in Jung s own estimation or by scholarly consent highly influential on his thinking The project of Jung and the Epic of Transformation consists of four titles sequentially arranged to explore great works from a Jungian perspective and in turn to highlight their importance for interpreting The Red Book

Thresholds of Initiation Joseph L. Henderson,2004 Basing his study on Jung s archetypal theory especially

The Planets Within Thomas Moore, 1990 The Planets Within asks us to return to antiquity with new eyes It centers on one of the most psychological movements of the prescientific age Renaissance Italy where a group of inner Columboes charted territories that still give us today a much needed sense of who we are and where we have come from and the right routes to take toward fertile and unexplored places Chief among these masters of the interior life was Marsilio Ficino presiding genius of the Florentine Academy who taught that all things exist in soul and must be lived in its light This study of Ficino broadens and deepens our understanding of psyche for Ficino was a doctor of soul and his insights teach us the care and nurture of soul Moore takes as his guide Ficino's own fundamental tool imagination Respecting the integrity and autonomy of images The Planets Within unfolds a poetics of soul in a kind of dialogue between the laconic remarks of Ficino and the need to give these remarks a life and context for our day

The Wisdom of the Serpent Joseph Lewis Henderson, Maud Oakes, 2020-07-21 The tribal initiation of the shaman the archetype of the serpent exemplifies the death of the self and a rebirth into transcendent life This book traces the images of spiritual initiation in religious rituals and myths of resurrection poems and epics cycles of nature and art and dreaming It dramatizes the metamorphosis from a common experience of death's inevitability into a transcendent freedom beyond individual limitations This is a classic work in analytical psychology that offers crucial insights on the meaning of death symbolism and its inevitably accompanying rebirth and resurrection symbolism as part of the great theme of initiation of which Henderson is the world's foremost psychological interpreter This material is really the next step after the hero myth that Joseph Campbell has made so popular and provides an understanding of how not to use the hero myth in an inflated way as a psychology of mastery but as an attainment progressively to be died beyond Henderson is helped by the presence of Maud Oakes who is a trained anthropologist with exquisite taste in her choice of mythic materials and respect for their original contexts John Beebe
