The Mysterious Cave Elroy VanNuys, 2010-05-19 DJ and his cousins Kyle Hanna and Bekka are part of a close knit family. They do everything together including going camping. DJ and his family were camping together in the Daniel Boone National Forest when DJ first learned about The Legend of The Mysterious Cave. DJ's sense of adventure and curiosity got the best of him. DJ decided to go for a walk when he discovers that the legend was true. DJ hurries back to camp. When he is almost there, he runs into his cousins. DJ convinces his cousins that the Mysterious Cave was true by showing Kyle, Bekka, and Hanna his discovery. While the cousins were looking around, they were chased inside the cave. From that point on, Kyle, Bekka, Hanna, and DJ have to rely on each other's strength to defeat the evil that lives inside the cave. *The Mysterious Cave* Darren G. Burton, 2023-05-02 Two young couples camp out near a cave that is supposedly haunted, or so the rumors and urban legends go. When midnight arrives, the four venture into the cave to explore its beautiful and enigmatic underground world, hoping to see or hear some sign that it truly is occupied by ghosts and ghouls from tortured lives past. But no one ever expected their adventure to end so mysteriously and tragically. *Greanwold and the Mystery Cave* Michael J. Trigg, 2013-04 This is the first in a series of Greanwold books incorporating lots of fun magic, fantasy, and mystery. Eight-year-old adventurer and seeker of treasures Keegan Clark is a junior Indiana Jones. He is guided to a very special and magical spot by kindly Mr. Shama, who is not quite what he seems; actually, a wizard. While at the spot, Keegan accidentally releases 12 Minosaurs, ancient miniature friendly dragons, and the vengeful wrath of their arch nemesis, Moa Constrictor, a creature as evil as the Minosaurs are kind. Keegan is saved from the clutches of Moa Constrictor by the morphing Minosaur Greanwold. The two become instant buddies and join forces to help the Minosaurs save themselves and the world from the evil plans of the Moa Constrictor. Author Michael Trigg has an extensive background in children's products and is working on his second Greanwold book. He is CEO of You N Me Productions Corp, a company developing animation for children. He conceived Greanwold, www.greanwold.com, for a children's TV series and developed a feature film script. He has written the book and eight songs for Greanwold's first CD. He is now developing Greanwold apps and a full interactive website that will feature avatars, video games, contests, and lots more cool stuff for kids ages 5 to 11. Michael feels very strongly about the welfare and human rights of children worldwide and has created the Greanwold Foundation for Kids. One dollar from the sale of each Greanwold book will help children in developing countries. Michael J. Trigg grew up in New Zealand and now lives in Vancouver, British Columbia. The Springs of Steamboat: Healing Waters, Mysterious Caves and Sparkling Soda Dagny McKinley, 2013-03-05 Steamboat Springs is world renowned for the ski mountain that overshadows the town, but it was the multitude of springs that drew Ute Indians and then the first white settlers to this valley. John Crawford, Steamboat's founder, envisioned a town where people traveled from around the world to take part in the healing properties of the waters. The various springs were believed to cure everything from rheumatism, gout, and dyspepsia to virulent blood disorders and

skin diseases While some springs have disappeared and others were sacrificed in the name of progress many including Old Town Hot Springs and Strawberry Park Hot Springs still beckon visitors to bask in their sparkling waters **The**
