**The key to the Mystery of Buddha lies in the clear apperception of the constitution of man** Helena Petrovna Blavatsky, 2020-08-30 The key to the Mystery of Buddha and that of other Adepts lies in the correct understanding of the reflections in man of the Seven Principles or Powers in Nature physically and of the Seven Hierarchies of Being intellectually and spiritually The Seven Principles are the manifestation of One Indivisible Spirit but only at the end of the Manvantara when the seven merge once again into Absolute Unity uncreated and impartite The purified Egotistical Principle the astral and personal ego of an Adept though merging with its Highest Ego Atma Buddhi may for purposes of universal mercy and benevolence separate itself from its divine Monad as to lead on this plane of illusion and temporary being a distinct independent conscious life of its

own under a borrowed illusive shape thus serving at one and the same time a double purpose the exhaustion of its own individual Karma and the saving of millions of human beings less favoured than itself from the effects of mental blindness Disembodied consciousness is not an effect but a cause Such consciousness is a ray of the all pervading limitless Flame the reflections of which alone can differentiate And as such consciousness is ubiquitous it can be neither localized nor centred on any particular subject Its effects alone are felt in the region of matter but consciousness in itself remains the highest quality of the sentient spiritual principle within the Divine Soul and does not belong to the plane of materiality After the death of the physical man if he be an Initiate his human consciousness is transformed into the independent Principle itself and therefore the former personal ego becomes pure and impersonal consciousness untainted by any ego The Bodhisattva becomes a Buddha Enlightened and a Nirvani through personal effort and merit after having had to undergo all the hardships of every other neophyte not by virtue of a divine birth as thought by some It was only the reaching of Nirvana while still living in the body on this earth that was due to his having been in previous births high on the Path of Inner Wisdom Once a man delivers himself from the snare of separateness merging his self in the Universal Self spiritual powers hitherto dormant in him are awakened mysteries in invisible Nature are unveiled to him and he becomes a Dhyani Buddha divine Flame and free Will in man Then as a Dhyani Buddha himself he can create mind born Bodhisattvas Twenty years after His outward death Tathagata in His immense love and mercy for erring and ignorant humanity refused Parinirvana in order that He might continue to help men on earth Vajrasattva is the regent or chief of the Dhyani Chohans or Dhyani Buddhas the Supreme Buddha personal yet never manifesting objectively He is the One without Beginning or End in short the Logos of Buddhism Vajrasattva is also Vajradhara or Dorjechang The two are one and over them is the Supreme Unmanifested and Universal Wisdom that has no name As two in one They are the Power that subdues and conquers evil from the beginning allowing it to reign only over willing subjects on earth and having no power over those who despise and hate it This dual personage has the same role assigned to it in canonical and dogmatic Tibetan Buddhism as have Jehovah and the Archangel Mikael the Metatron of the Jewish Kabbalists which is an absurdity The Roman Catholics identify Christ with Mikael who is also his ferouer or face mystically This is precisely the position of Vajrasattva in Northern Buddhism For the latter in His Higher Ego as Dorjechang is never manifested except to the seven Dhyani Chohans the primeval Builders Esoterically He is the Spirit of the Seven collectively and Their highest principle or Atman Metatron is the Greek Messenger or Great Teacher Mikael fights Satan the Dragon and conquers him and his Angels The War in Heaven of the Christian legend is based upon bad angels having discovered the magical wisdom of the good ones and the mystery of the Tree of Life Let anyone read simply the exoteric accounts in the Hindu and Buddhist Pantheons the latter version being taken from the former and he will find both resting on the same primeval archaic allegory from the Secret Doctrine At whatever age one puts off his outward body by free will at precisely that age will he be made to die a violent death against his will in his next rebirth Who then was punished

by Karma Karma cannot act unjustly There is some terrible mystery involved in this story one that no uninitiated intellect can ever unravel Shankaracharya died at thirty two years of age or rather disappeared from the sight of his disciples as the legend goes All is darkness and mystery in it for it is evidently written but for those who are already instructed Lord Buddha lived one hundred years in reality though having reached Nirvana in his eightieth year he was regarded as one dead to the world of the living It is not lawful to say any more for the time has not yet come when nations are prepared to hear the whole truth It will be sufficient to know that while Gautama Buddha remains merged in Nirvana ever since his death Gautama Shakyamuni may have had to reincarnate His dual inner personality being one of the greatest mysteries of Esoteric psychism Karma exercises its sway over the Adept as much as over any other man Gods can escape it as little as simple mortals Karma is absolute justice and infallible in its selections Thus Buddha s first reincarnation was produced by Karma and it led Him higher than ever the two following were out of pity and     *Fidelity with Plausibility* Wesley J. Wildman,1998-01-15 The task of interpreting the religious significance of Jesus Christ takes shape in this book with the tension determined by two goals fidelity to the classical Christological tradition which draws our attention to Jesus in the first place and plausibility with respect to all forms of contemporary knowledge To ignore the classical tradition is to assume uncritically that contemporary plausibility structures are beyond question while to forsake plausibility is to embrace the irrationalism of the theological ghetto dweller This book argues that maintaining this tension in our time can be achieved only with a modest interpretation of Jesus Christ one that repudiates the hermeneutical absolutism associated with affirming that Jesus Christ is uniquely exhaustively unsurpassably significant for revelation and salvation     **The Museum News** Brooklyn Institute of Arts and Sciences,1905     *Christology* Veli-Matti Kärkkäinen,2003-07 How does the global Christian community understand Jesus Christ Christology examines historical and contemporary understandings of Jesus from a worldwide perspective     The War and the Soul Reginald John Campbell,1916     **New Essays in Religious Naturalism** Creighton Peden,Larry E. Vasquez, 2020-04-08 This book challenges the traditional idea that religions can be understood primarily as texts to be interpreted decoded or translated In *More Than Belief* Manuel A Vasquez argues for a new way of studying religions one that sees them as dynamic material and historical expressions of the practices of embodied individuals who are embedded in social fields and ecological networks He sketches the outlines of this approach through a focus on body practices and space In order to highlight the centrality of these dimensions of religious experience and performance Vasquez recovers materialist currents within religious studies that have been consistently ignored or denigrated Drawing on state of the art work in fields as diverse as anthropology sociology philosophy critical theory environmental studies cognitive psychology and the neurosciences Vasquez offers a groundbreaking new way of looking at religion *Christian Perspectives for Education* Leslie J. Francis, Adrian Thatcher, 1990 ***The Treasure Is Within*** Jane-Louise Kelly, 2016-11-07 I was once told by a friend that I lived a charmed life It was not however until my life s calm was deeply perturbed that I realized what real charm is I believe now that it is the capacity to know profoundly that all is well when reality would suggest otherwise This was the life lesson I was about to be introduced to following our son s brain cancer diagnosis at the age of nine and the writings of *The Treasure Is Within* provided a lifeline to me when I feared I would lose all faith in life and in myself It was only after the completion of part one of these writings that I asked who I was speaking to Speaking to you now is your Higher

Office Behind each human being is this same community of hopes and desires We desire for you to know that our attention in your regard is never ending and complete urging you in the direction of your greatest desires When there is resistance we find it difficult to be fully efficient but when you let go in trust that all is working out for the best then indeed it does **THE MATERIAL OF YOUR PROSPERITY IS WITHIN YOU** BERTIN KENFACK,2019-07-19 Do you know that God created you as a complete entity with all that you need to be productive fruitful prosperous and beneficial to Him to the world and yourself during your lifetime Truly you don t need to be any bit different from the person you are at this present moment nor change your location to prosper in your life Indeed you have all that it takes to prosper right where you are right now You are God s handiwork created to do good works destined to give God all the glory and bring utmost prosperity to you Through the pages of this book the author systematically brings you to understand discover and unleash the unlimited potential you already have You will be inspired and moved to take the necessary decisions and actions that will lead you into a meaningful and prosperous life This is a life changing book that will bring a radical transformation in you forever **Trust in an Age of Arrogance** C FitzSimons Allison,2011-05-26 God is in the dock Shall we convict him or forgive him Shall we replace the God of Scripture with another of our choosing mock and deride him or ignore him Shall we replace revelation with the chaos of speculation We perceive ourselves rather than God as the center of the world and this universal condition leads to conflict with others and with God Maintaining our center causes cheating lying litigation divorce wars genocide and human misery Western civilization is giving up trust in the promise of God s mercy justice and forgiveness and replacing it with trust in the goodness of man Jesus warned us to beware the teaching of the Sadducees and Pharisees The Sadducees who denied hope of eternal life are a rough equivalent of our modern day secularists with their religious trust that this world is all there is Replacing God with trust in flawed human nature is a mark of arrogance that even pagans would have characterized as hubris evoking divine wrath The Pharisee s yeast of self righteousness is a natural condition of us all Even when cleansed it reappears in every tradition rendering forgiveness and transformation a promise only for those who think they have earned and deserve it Such a distortion of God s word is congenial to our self as center but it robs us sinners of the justice and mercy of a loving God Following Jesus s warning we have the opportunity to wipe away the Sadducee arrogance and the Pharisee self righteousness and discover anew the supreme power and joy of the Christian faith **Alain Badiou** Gabriel Riera,2015-05-11 There is little doubt that Alain Badiou is one of the most challenging and controversial figures in contemporary philosophy This volume of essays brings together leading commentators from both sides of the Atlantic to provide an introduction to Badiou s work through critical studies of his more productive and controversial ideas Over the course of three decades his numerous and extensive texts have challenged traditional views on ontology mathematics aesthetics literature politics ethics philosophy and sexual difference His texts on Plato Saint Paul Pascal Lacan Althusser Heidegger Mallarme Pessoa and Beckett are among the most perceptive and penetrating essays on contemporary

philosophical and literary culture In addition to providing insight into the basic conceptual apparatus of Badiou's philosophy the essays also offer a more substantial critical assessment of the import of his main theses for different disciplines **You Have Seen Me and I Am Grateful** Peter C. Wilcox, 2023-12-27 In the Gospel of Mark chapter 10 Jesus passes by Bartimaeus a blind beggar Bartimaeus calls out Master let me see again Jesus cures him and gives him back his sight So many things in life depend on the way we see things This book is an invitation to look at the way we see things in life We may not be physically blind like Bartimaeus but each of us can be blind in our own ways Reading through these pages will hopefully give you the opportunity to change the way you look at something that holds you back from growing psychologically and spiritually Using the Scriptures stories and examples from over thirty years as a psychotherapist and spiritual director as well as insights from a variety of authors this book invites us to reflect on our own ways of being blind so that like Bartimaeus we might be able to call out to Jesus Master let me see again **Systematic Theology** John Miley, 1894
