folklorists and enthusiasts of the supernatural who seek to understand the cultural significance of ghost stories and hauntings Taylor's synthesis of fact and folklore not only invites readers to ponder the nature of belief but also encourages them to explore the societal constructs that shape our understanding of the unseen This book will captivate those intrigued by the intersection of science culture and the supernatural Books in Print ,1991 Subject Guide to Children's Books In Print, 1996 R R Bowker Publishing,1996 **Children's Writer Guide To 1999** Catherine F.
