The Whole Story John E. Simkin,1996 This work is the only comprehensive guide to sequels in English with over 84 000 works by 12 500 authors in 17 000 sequences *Our Boys* ,1915 **The Tiger** John Vaillant,2010-08-24 It s December 1997 and a man eating tiger is on the prowl outside a remote village in Russia s Far East The tiger isn t just killing people it s annihilating them and a team of men and their dogs must hunt it on foot through the forest in the brutal cold To their horrified astonishment it emerges that the attacks are not random the tiger is engaged in a vendetta Injured and starving it must be found before it strikes again and the story becomes a battle for survival between the two main characters Yuri Trush the lead tracker and the tiger itself As John Vaillant vividly recreates the extraordinary events of that winter he also gives us an unforgettable portrait of a spectacularly beautiful region where plants and animals exist that are found nowhere else on earth and where the once great Siberian Tiger the largest of its species which can weigh over 600 lbs at more than 10 feet long ranges daily over vast territories of forest and mountain its numbers diminished to a fraction of what they once were We meet the native tribes who for centuries have worshipped and lived alongside tigers even sharing their kills with them in a natural balance We witness the first arrival of settlers soldiers and hunters in the tiger s territory in the 19th century and 20th century many fleeing Stalinism And we come to know the Russians of today such as the poacher Vladimir Markov who crushed by poverty have turned to poaching for the corrupt high paying Chinese markets Throughout we encounter surprising theories of how humans and tigers may have evolved to coexist how we may have developed as scavengers rather than hunters and how early Homo sapiens may have once fit seamlessly into the tiger s ecosystem Above all we come to understand the endangered Siberian tiger a highly intelligent super predator and the grave threat it faces as logging and poaching reduce its habitat and numbers and force it to turn at bay Beautifully written and deeply informative *The Tiger* is a gripping tale of man and nature in collision that leads inexorably to a final showdown in a clearing deep in the Siberian forest
