Mystery Of The Menorah and The Hebrew Alphabet:

Mysteries of the Bible Glenn Ahrens, 2022-07-06 There are so many stories and rumors about the Bible that it really frustrates me. From the lost books of the Bible to interpretations that are not even close to the real thing. As Christians we profess to believe in one God and one Bible. The million dollar question is how do we get well over nine thousand different religions that all claim to believe in the same thing. After fifteen years of research and scholastic training I wrote this book with the purpose of getting out the truth about the Bible going back to the original Greek and Hebrew and eyewitness accounts from people that lived in the time of Jesus. I categorically prove step by step how despite the diverse sources and writers of the Bible all the books of the Bible belong where they are and are divinely inspired or divinely written. Also that every book, chapter and verse belongs exactly where it is and fits together like a puzzle. There is an intricate web of mysteries that tie it all together. I thoroughly explain seven of these mysteries and how they hold the Bible together. It is time that the truth be known about the Bible and have the stories and rumors put to rest for once and for all. I spent over fifteen years of my life dedicated to that. This book is based solely on fact and history with no interpretations added unless I say it is my opinion.

The Numerical Structure of the Holy Bible Charles Stockford Jr., 2016-12-22 Most Bible students are aware of the use of numbers in scripture. The number 7 is a prime example with its connotations of perfection and completeness. The study of numbers as used in the Bible is infrequent and the Lord's people therefore miss some of that which is profitable for correction and instruction in the Word of God. This volume goes a long way toward correcting the deficiency by providing a great introduction to the subject and showing that these patterns provide proof of the completeness and inspiration of the Holy Scriptures. The reader will find profit as well as inspiration from this intriguing study.

The Woman, the Red Dragon, and the End of the Age Dell Belew, 2006-08

The Betrothed Bride of Messiah Rick Deadmond, 2007-03 From the very beginning God planned an eternal marriage with redeemed man. There are seven holy rehearsals that God has given mankind to learn and experience His plan. The material covered in this book is based upon the Scripture coupled with ancient rabbinic commentaries and interpretation.

The Mystery of You Ronald Goldschlager, Adin Steinsaltz, 2018-11-01

The *Mystery of You* is an exciting and thought provoking look at ourselves and how we live our lives. It contains a rich tapestry of ideas, beliefs and experiences. It challenges the reader in many ways by confronting everyday issues but always remaining interesting and easy to read. Many questions are discussed for example: What is happening to humanity? What kind of individuals and communities are we producing? What have morality and ethics got to do with everyday living? Where can we find some clues that will give us a head start in our own journey through the maze of living? The first part of the book is written by Ron Goldschlager, a successful businessman and communal identity who cares deeply about humanity and our world. The second part is a series of articles by Rabbi Adin Steinsaltz, a philosopher, scholar, educator, advisor to many high profile international leaders and prolific writer of over 70 books. Accompanying and complementing the text is a wonderful

collection of paintings by Victor Majzner some produced especially for this work They are inspiring and colourful illustrations of the important themes in this book In a positive and easy to digest manner this book explores Jewish thought and belief and offers a practical and creative perspective on eternal issues It consists of seven chapters Ageing Belief and Bureaucracy Continuity Behaviour Water and Life with Numbers This is About Happiness Science or Religion and Religion or Science

The Mystery of the Seven Rebecca Williams Love,2025-02-03 What if for the person who is willing to take the time to dig just a little bit deeper than they have ever gone before there were treasures beyond imagination just waiting to be found in God s Word That person could be you You could ask God to open your eyes to behold wondrous things out of His word And He would You would suddenly view Bible study as an adventure and what you find would thrill your soul I know this because this happened to me and this book is the story of that treasure hunt I was determined to study my Bible as though I were searching for hidden treasure When one sets out to dig for gold it is first necessary to survey the ground closely Gold is generally located deep underground near bedrock on the surface however there are clues The presence of certain minerals and rock formations can often indicate where gold may be found Repeated numbers and phrases can be such indicators in the Bible The number seven has been called the number of perfection or completion and we see it figuring prominently all throughout the Word of God Wherever we see the number seven in scripture that is a good indication that there is something more to be found That is where we dig for treasure **They Pierced the Veil-- and Saw the Future** J.
