Mystic Will:

The Mystic Will: A Method of Developing and Strengthening the Faculties of the Mind, through the Awakened Will by a Simple, Scientific Process Possible to Any Person of Ordinary Intelligence Charles Godfrey

Leland, 2020-09-28 It happened recently to me as I write to see one afternoon lying on the side walk in the Via Calzaioli in Florence what I thought was a common iron screw about three inches in length which looked as if it had been dropped by some workman And recalling the superstition that it is lucky to find such an object or a nail I picked it up when to my astonishment I found that it was a silver pencil case but made to exactly resemble a screw Hundreds of people had perhaps seen it thought they knew all about it or what it was and then passed it by little suspecting its real value There is an exact spiritual parallel for this incident or parable of the screw pencil in innumerable ideas at which well nigh everybody in the hurrying stream of life has glanced yet no one has ever examined until someone with a poetic spirit of curiosity or inspired by quaint superstition pauses picks one up looks into it and finds that It has ingenious use and is far more than it appeared to be Thus if I declare that by special attention to a subject earnestly turning it over and thinking deeply into it very remarkable results may be produced as regards result in knowledge every human being will assent to it as the veriest truism ever uttered in the fullest belief that he or she assuredly knows all that Yet it was not until within a very few years that I discovered that this idea which seemed so commonplace had within it mysteries and meanings which were stupendously original or remarkable I found that there was a certain intensity or power of attention far surpassing ordinary observation which we may if we will summon up and force on ourselves just as we can by special effort see or hear far better at times than usually The Romans show by such a phrase as *animum adjicere* and numerous proverbs and synonyms that they had learned to bend their attention energetically They were good listeners therefore keen observers Learning to control or strengthen the Will is closely allied to developing Attention and Interest and for reasons which will soon be apparent I will first consider the latter since they constitute a preparation or basis for the former And as preliminary I will consider the popular or common error to the effect that everyone has allotted to him or to her just so much of the faculty of attention or interest as it has pleased Nature to give the same being true as regards Memory Will the Constructive or Artistic abilities and so on when in very truth and on the warrant of Experience all may be increased ad infinitum Therefore we find ignorant men complacently explaining their indifference to art and literature or culture on the ground that they take no interest in such subjects as if interest were a special heaven sent gift Who has not heard the remark He or she takes such an interest in so many things I wish that I could Or as I heard it very recently expressed It must be delightful to be able to interest one s self in something at any time Which was much the same as the expression of the Pennsylvania German girl Ach Gott I wisht I hat genius und could make a pudden

The Mystic Will Charles Godfrey Leland, 1907 **Reports of Cases Argued and Determined in the Supreme Court of Louisiana** , 1853 *Mystic'S Bible* Jack H. McKeever, 2010-08-02 This book is written to show that the Bible is a

metaphysical encyclopedia a very spiritually enlightening book Many people from spiritual leaders bishops clergy and the populace are grounded in the here and the now in the physical without attention to the spiritual side of life and thus negate the value of balance and harmony in their lives Thus they are giving in to the very thing that throughout the Bible is repeated and in all the books written within the Bible itself it is repeated This book is a beginning of the profound ideas within the Bible itself The Bible is written to be taken in a metaphoric sense The Bible is a wonderful enlightening book if taken as it was intended to be Civil Affairs Handbook: Italy United States. Army Service Forces, 1944 *Mysticism: A Guide for the Perplexed* Paul Oliver, 2009-09-01 Mysticism is one of the most enduring and fascinating aspects of religious life and one of the most difficult to unpick It has over the centuries inspired many of the leading figures in different faiths to seek a sense of union with God or with the spiritual forces in the universe and is increasingly part of the spiritual mainstream Designed for students grappling with this complicated area this book enables readers to understand the nature of mysticism and to examine in detail the traditional methods used by mystics in seeking an intimate understanding of the spiritual world Including a detailed survey of mystical trends within all the main world religions and case studies of the lives of important mystics *Mysticism A Guide for the Perplexed* also examines the nature of the mystical lifestyle and the extent to which ordinary people can develop a sense of personal mysticism Federal Register, 1955 *Martin's Reports of Cases Argued and Determined in the Superior Court of the Territory of Orleans, and in the Supreme Court of the State of Louisiana ...* By Francois Xavier Martin.
