published in 2005 In this much acclaimed study Perry Schmidt Leukel defends religious pluralism showing under which presuppositions Christians can accept other religions as equally valid without denying their differences He discusses in detail how the pluralist position opens up new perspectives in Christianity s dialogue with Jews Muslim Hindus and Buddhists Schmidt Leukel Perry Prof Dr ist Professor f r Religionswissenschaft und interkulturelle Theologie an der Universit t M nster Er ist am Exzellenzcluster Religion und Politik der Universit t M nster beteiligt Er ist Mitglied im international advisory board des Forschungsprojektes Religion und Dialog in modernen Gesellschaften an der Akademie der Weltreligionen der Universit t Hamburg Seine Schwerpunkte sind unter anderem Theologie der Religionen interreligi se Beziehungen christlich buddhistischer Dialog und Pluralismusf higkeit der Religionen Buddha and Christ Thundy,2018-09-24 The infancy narratives of the gospels of Matthew and Luke appear as a magnificent mosaic of allusions not only to the Hebrew Bible but also to Buddhist and Hindu religious traditions Professor Thundy argues that many details of the infancy gospels as well as the rest of the gospels can be clarified by the Buddhist and Hindu scriptures In this sense the gospels are Eastern religious texts Buddha and Christ covers the following topics in order methodology of study priority of Indian texts vis vis Christian gospels parallels of the birth narratives of Buddha and Jesus uniqueness of Indian parallels the Gnostic context of the Christian gospels and contacts between India and the West in antiquity Multicultural studies such as this encourage ecumenism and mutual understanding in East West dialogues as well as reinforcing the view that the gospels should be taken seriously as Eastern religious texts **Buddhism And Nichiren Shoshu/Soka Gakkai Buddhism -A Critique and Biblical Analysis** John Weldon,2012-08-21 Buddhism is the fourth largest religion in the world and Nichiren Shoshu Soka Gakkai is the largest Buddhist religion in America The purpose of Buddhism is to eradicate suffering and attain enlightenment Nichiren Shoshu to receive material benefits and find happiness This book demonstrates the fundamental incompatibility of Buddhism and Christianity and shows the consequences particularly religious ones which lie outside the truth This eBook was written from material which originally comprised the authors Master s Thesis Science Spirituality and Ontological Mysticism Lalan Prasad Singh,2016-01-01 This book is the outcome of two decades of author s reflection over this subject Ontological mysticism is the basis for the philosophical and the scientific truth and reality Twenty first century is ushering in an era of spiritual renaissance There is a convergence of science and spirituality The relativity and quantum mechanics are coming closer to Vedantic and Buddhistic concept of truth and reality The book analyses and examines different philosophical and scientific concepts both from the transcendental and the relativistic perspective It has also introduced a new concept in the form of cosmic consciousness as the ultimate reality and the scientific and philosophical importance of subject or perceiver Subject or perceiver may be accepted as the fifth dimension The cosmic consciousness is the only reality that exists This book is full of paradoxes and contradictions it is full of allegories and metaphors they are not truths but pointer to deeper and profound truth Sometimes myths and metaphors fables and allegories speak out greater

truth than truth itself as truth is mystical and metaphysical **The Christian Programme** Joseph Pathrapankal, 2005-05-16

What does it mean to be a Christian in our times in a world come of age where Christians all over the world have to face the challenge posed by religious pluralism and secular humanism and even the challenge of a so called religionless Christianity in a postmodern era Answers to this question can be varied and all of them point to something more crucial and radical This basic question is to be approached from an equally radical answer given by Jesus of Nazareth in the Sermon on the Mount Matt 5 1 7 29 wherein we get the blueprint of an authentic programme of life for all humans The theological and pastoral study of this major discourse of Jesus highlights the parameters of a responsible and committed life *Religion and Psychotherapy in Modern Japan* Christopher Harding, Iwata Fumiaki, Yoshinaga Shin'ichi, 2014-09-15 Since the late nineteenth century religious ideas and practices in Japan have become increasingly intertwined with those associated with mental health and healing This relationship developed against the backdrop of a far broader and deeply consequential meeting between Japan's long standing Chinese influenced intellectual and institutional forms and the politics science philosophy and religion of the post Enlightenment West In striving to craft a modern society and culture that could exist on terms with rather than be subsumed by western power and influence Japan became home to a religion psy dialogue informed by pressing political priorities and rapidly shifting cultural concerns This book provides a historically contextualized introduction to the dialogue between religion and psychotherapy in modern Japan In doing so it draws out connections between developments in medicine government policy Japanese religion and spirituality social and cultural criticism regional dynamics and gender relations The chapters all focus on the meeting and intermingling of religious with psychotherapeutic ideas and draw on a wide range of case studies including how temple and shrine cures of early modern Japan fared in the light of German neuropsychiatry how Japanese Buddhist theories of mind body and self cultivation negotiated with the findings of western medicine how Buddhists Christians and other organizations and groups drew and redrew the lines between religious praxis and psychological healing how major European therapies such as Freud's fed into self consciously Japanese analyses of and treatments for the ills of the age and how distress suffering and individuality came to be reinterpreted across the twentieth and early twenty first centuries from the southern islands of Okinawa to the devastated northern neighbourhoods of the Tohoku region after the earthquake tsunami and nuclear disasters of March 2011 *Religion and Psychotherapy in Modern Japan* will be welcomed by students and scholars working across a broad range of subjects including Japanese culture and society religious studies psychology and psychotherapy mental health and international history *Religious Experience* Craig Martin, Russell T. McCutcheon, 2014-09-11 Many regard religious experience as the essence of religion arguing that narratives might be created and rituals invented but that these are always secondary to the original experience itself However the concept of experience has come under increasing fire from a range of critics and theorists This Reader presents writings from both those who assume the existence and possible universality of religious

experience and those who question the very rhetoric of experience Bringing together both classic and contemporary writings the Reader showcases differing disciplinary approaches to the study of religious experience philosophy literary and cultural theory history psychology anthropology feminist theory as well as writings from within religious studies The essays are structured into pairs with each essay separately introduced with information on its historical and intellectual context The ultimate aim of the Reader is to enable students to explore religious experience as rhetoric created to authorize social identities The book will be an invaluable introduction to the key ideas and approaches for students of Religion as well as Sociology and Anthropology CONTRIBUTORS Robert Desjarlais Diana Eck William James Craig Martin Russell T McCutcheon Wayne Proudfoot Robert Sharf Ann Taves Charles Taylor Joachim Wach Joan Wallach Scott Raymond Williams **The**
