Mystical Secrets Of The Last Days:

Mystical Secrets of the Last Days Muhammad Nazim Adil al-Haqqani Naqshbandi, Shaykh M. An-Naqshbandi, Shaykh Nazim Adil Al-Haqqani, 1994 *Jihadist Preachers of the End Times* Ostransky Bronislav Ostransky, 2019-08-28 Focusing on apocalyptic manifestations found in ISIS propaganda this book situates the group's agenda in the broader framework of contemporary Muslim thought and explains key topics in millennial thinking within the spiritual context of modern Islamic apocalypticism Based on the group's primary sources as well as medieval Muslim apocalyptic literature and its modern interpretations the book analyses the ways ISIS presents its message concerning the Last Days as a meaningful inventive and frightening expression of collectively shared expectations relating to the supposedly approaching the End Times **The Naqshbandiyya** Itzhak Weismann, 2007-06-25 The Naqshbandiyya order has attracted increasing scholarly attention over the last two decades yet so far there has been no attempt to present a comprehensive picture of the evolution of the rich organization and ideational Naqshbandiyyah tradition This book is therefore by now a highly desirable contribution that will fill this gap in the literature of this important Sufi order Spanning almost a millennium in time and most of the Muslim world in space this book provides a comprehensive overview of the important Naqshbandiyyah Sufi order **Under a Watchful Eye** Adam Nevill, 2017-01-12 Under a Watchful Eye by Adam Nevill is a supernatural thriller from the award winning writer of The Ritual and Last Days Seb Logan is being watched He just doesn't know by whom When the sudden appearance of a dark figure shatters his idyllic coastal life he soon realizes that the murky past he thought he'd left behind has far from forgotten him What's more unsettling is the strange atmosphere that engulfs him at every sighting plunging his mind into a terrifying paranoia To be a victim without knowing the tormentor To be despised without knowing the offence caused To be seen by what nobody else can see These are the thoughts which plague his every waking moment Imprisoned by despair Seb fears his stalker is not working alone but rather is involved in a wider conspiracy that threatens everything he has worked for For there are doors in this world that open into unknown places Places used by the worst kind of people to achieve their own ends And once his investigation leads him to stray across the line and into mortal danger he risks becoming another fatality in a long line of victims *Sufism in the West* Jamal Malik, John Hinnells, 2006-04-18 With the increasing Muslim diaspora in post modern Western societies Sufism intellectually as well as sociologically may eventually become Islam itself due to its versatile potential Although Sufism has always provoked considerable interest in the West no volume has so far been written which discusses this aspect of Islam in terms of how it is practised in Western societies Bringing together leading international authorities to survey the history of Islamic mysticism in North America and Europe this book elaborates the ideas and institutions which organize Sufism and folk religious practices The chapters cover the orders and movements their social base organization and institutionalization recruitment patterns in new environments channels of disseminating ideas such as ritual charisma and organization reasons for their popularity among certain social groups the nature of their

Last Days Adam Nevill, 2024-10-17 An unnerving terrifying novel from a master of horror Adam Nevill The Temple of the Last Days A brutal infamous cult with a grotesquely violent history of murder sex and occult dealings that destroyed itself during one night of ritualistic violence decades ago Strapped for cash indie filmmaker Kyle Freeman embarks on a project to unravel the cult s bloody history Little does he know this voyage will plunge him into an abyss where dark reality melds with the inexplicable supernatural From London through France to Arizona Freeman is haunted by uncanny events out of body experiences and a disturbing presence When they discover the power of the cult s terrible legacy and that it may be too late for them to escape Will leave you sleeping with the lights on SFX Fast becoming Britain s answer to Stephen King Guardian

Islamic Myths and Memories Itzhak Weismann, Mark Sedgwick, Ulrika Mårtensson, 2016-05-06 Islamic myths and collective memory are very much alive in today s localized struggles for identity and are deployed in the ongoing construction of worldwide cultural networks This book brings the theoretical perspectives of myth making and collective memory to the study of Islam and globalization and to the study of the place of the mass media in the contemporary Islamic resurgence It explores the annulment of spatial and temporal distance by globalization and by the communications revolution underlying it and how this has affected the cherished myths and memories of the Muslim community It shows how contemporary Islamic thinkers and movements respond to the challenges of globalization by preserving reviving reshaping or transforming myths and memories

Middle Eastern Societies and the West Meir Litvak, 2006 For many Middle Eastern Muslims the West came to personify the ultimate other occupying a space that was simultaneously appealing intimidating and often abhorrent The multilayered ambivalent interaction between Middle Eastern societies and the West has been a major theme in the history of this region for the past two centuries The al Qa eda terrorist attack against the United States on September 11 2001 the 2003 U S invasion of Iraq and Israel s war against Hizbullah in the summer of 2006 have made the in depth study of this interaction more critically important than ever Taking the concepts of the Middle East and the West into account as useful analytical categories the various articles in this volume examine and analyze a broad spectrum of Middle Eastern encounters and attitudes toward the West This collection provides a fuller understanding of the complexities involved in both the historical and contemporary relationship between Middle Eastern societies and the West

Sufis and Salafis in the Contemporary Age Lloyd Ridgeon, 2015-04-23 Sufis and Salafis in the Contemporary Age explores the dynamics at play between what are usually understood as two very different forms of Islam namely Sufism and Salafism Sufism is commonly understood as the peaceful and mystical dimension of Islam whereas Salafism is perceived as strictly pietistic and moralist and for some it conjures up images of violent manifestations of Islam Of course these generalisations require more nuanced investigation and this book provides a number of case studies from

around the Islamic world to unpack the intricate relationship between the two The diversity of the case studies that focus on Islamic groups in India Iraq Egypt Morocco Turkey and South East Europe reflect the multiplicity of relationships that exist between the Salafis and Sufis The specific case studies are framed by an introduction that provides essential historical background and definitions of the terms and also by general studies of the Sufi Salafi relationship which enable the reader to focus on the large picture This will be the first book to investigate the relationship between Sufism and Salafism in such a wide fashion and includes chapters on traditional Sufis as well as from those who consider that Sufism and Salafism are not necessarily contradictory **The Oxford Handbook of the Jewish Diaspora** Hasia R. Diner, 2021-11-05 For as long as

historians have contemplated the Jewish past they have engaged with the idea of diaspora Dedicated to the study of transnational peoples and the linkages these people forged among themselves over the course of their wanderings and in the multiple places to which they went the term diaspora reflects the increasing interest in migrations trauma globalism and community formations The Oxford Handbook of the Jewish Diaspora acts as a comprehensive collection of scholarship that reflects the multifaceted nature of diaspora studies Persecuted and exiled throughout their history the Jewish people have also left familiar places to find better opportunities in new ones But their history has consistently been defined by their permanent lack of belonging This Oxford Handbook explores the complicated nature of diasporic Jewish life as something both destructive and generative Contributors explore subjects as diverse as biblical and medieval representations of diaspora the various diaspora communities that emerged across the globe the contradictory relationship the diaspora bears to Israel and how the diaspora is celebrated and debated within modern Jewish thought What these essays share is a commitment to untangling the legacy of the diaspora on Jewish life and culture This volume portrays the Jewish diaspora not as a simple unified front but as a population characterized by conflicting impulses and ideas The Oxford Handbook of the Jewish Diaspora captures the complexity of the Jewish diaspora by acknowledging the tensions inherent in a group of people defined by trauma and exile as well as by voluntary migrations to places with greater opportunity The Secrets of Freemasonry
